Re: Delay filing of Rocky Mountain Power's Annual Earnings Report

Dear Ms. Jewell:

The Company respectfully requests that this letter serve as notice to the Commission of the Company's intent to delay filing of its Annual Earnings Report one to two months. Pursuant to Commission Order 29708 the Company is required to file an annual earnings report. However the order does not specify a due date of the report, Company practice has been to file this report by April 30 each year.

On March 1, 2013 the Company filed a Notice of Intent to file a general rate case on or after May 31, 2013, pursuant to terms in Commission Order 32432, Case PAC-E-11-12. Historically when the Company has filed a general rate case the Results of Operations from that case has met the Annual Earnings Report requirement.

For any questions, please contact Ted Weston, Manager, Idaho Regulatory Affairs, at (801) 220-2963.

Sincerely,

Jeffrey K. Larsen
Vice President, Regulation and Governmental Affairs
