COMPETITIVE TELECOMMUNICATIONS SERVICE TARIFF

---

**TARIFF FORMAT**

**A. Sheet Numbering** - Sheet numbers appear in the upper right corner of the page. Sheets are numbered sequentially. However, new sheets are occasionally added to the tariff. When a new sheet is added between sheets already in effect, a decimal is added. For example, a new sheet added between sheets 14 and 15 would be 14.1.

**B. Sheet Revision Numbers** - Revision numbers also appear in the upper right corner of each page. These numbers are used to determine the most current sheet version on file with the Idaho Public Utilities Commission. For example, the 4th revised Sheet 14 cancels the 3rd revised Sheet 14. Because of various suspension periods, deferrals, etc. the Idaho Public Utilities Commission follows in its tariff approval process, the most current sheet number on file with the Commission is not always the tariff in effect. Consult the Check Sheet for the sheet currently in effect.

**C. Paragraph Numbering Sequence** - There are nine levels of paragraph coding. Each level of coding is subservient to its next higher level:

- 2.
- 2.1
- 2.1.1
- 2.1.1.A.
- 2.1.1.A.1.
- 2.1.1.A.1.(a)
- 2.1.1.A.1.(a).I.
- 2.1.1.A.1.(a).I.(i).
- 2.1.1.A.1.(a).I.(i).(1)

**D. Check Sheets** - When a tariff filing is made with the Idaho Public Utilities Commission, an updated Check Sheet accompanies the tariff filing. The Check Sheet lists the sheets contained in the tariff, with a cross reference to the current revision number. When new pages are added, the Check Sheet is changed to reflect the revision. All revisions made in a given filing are designated by an asterisk (\*). There will be no other symbols used on this page if these are the only changes made to it (i.e., the format, etc. remain the same, just revised revision levels on some pages.) The tariff user should refer to the latest Check Sheet to find out if a particular sheet is the most current on file with the Idaho Public Utilities Commission.

**SECTION 1 - TECHNICAL TERMS AND ABBREVIATIONS, CON'T.**

**Special Access Origination** - Where originating access between the customer and the interexchange carrier is provided on dedicated circuits. The cost of these dedicated circuits is billed by the access provider directly to the end user.

**Switched Access Origination** - Where originating access between the customer and the interexchange carrier is provided on local exchange company Feature Group circuits and the connection to the customer is a LEC-provided business or residential access line. The cost of switched Feature Group access is billed to the interexchange carrier.

**X2Comm, Inc.** - Used throughout this tariff to mean X2Comm, Inc., d/b/a DC Communications, unless clearly indicated otherwise by the text.

**Travel Card** - A proprietary calling card offered by the Company which enables the Customer to use the Company's service by dialing a Company-provided access number.

**V & H Coordinates** - Geographic points which define the originating and terminating points of a call in mathematical terms so that the airline mileage of the call may be determined. Call mileage is used for the purpose of rating calls.

**SECTION 2 - RULES AND REGULATIONS**

**2.1 Undertaking of X2Comm, Inc.**

X2Comm, Inc.'s services and facilities are furnished for communications originating at specified points within the State of Idaho under terms of this tariff.

X2Comm, Inc. undertakes to provide the services offered in this tariff in accordance with the terms and conditions set forth under this tariff. X2Comm, Inc. may act as the Customer's agent for ordering access connection facilities provided by other carriers or entities, when authorized by the Customer, to allow connection of a Customer's location to the X2Comm, Inc.. The Customer shall be responsible for all charges due for such service arrangement.

The Company's services and facilities are provided on a monthly basis unless otherwise provided, and are available twenty-four hours per day, seven days per week.

**2.2 Limitations**

**2.2.1** Service is offered subject to the availability of the necessary facilities and equipment, or both facilities and equipment, and subject to the provisions of this tariff.

**2.2.2** X2Comm, Inc. reserves the right to discontinue or limit service when necessitated by conditions beyond its control, or when the Customer is using service in violation of provisions of this tariff, or in violation of the law.

**SECTION 2 - RULES AND REGULATIONS, CON'T.**

**2.2 Limitations, con't.**

- 2.2.3** The Company does not undertake to transmit messages, but offers the use of its facilities when available, and will not be liable for errors in transmission or for failure to establish connections.
- 2.2.4** All facilities provided under this tariff are directly controlled by X2Comm, Inc. and the Customer may not transfer or assign the use of service or facilities without the express written consent of the Company. Such transfer or assignment shall only apply where there is no interruption of the use or location of the service or facilities.
- 2.2.5** Prior written permission from the Company is required before any assignment or transfer. All regulations and conditions contained in this tariff shall apply to all such permitted assignees or transferees, as well as all conditions of service.

**2.3 Use**

Services provided under this tariff may be used for any lawful purpose for which the service is technically suited.

**SECTION 2 - RULES AND REGULATIONS, CON'T.**

**2.4 Liabilities of the Company**

- 2.4.1** X2Comm, Inc.'s liability for damages arising out of mistakes, interruptions, omissions, delays, errors, or defects in transmission which occur in the course of furnishing service or facilities, in no event shall exceed an amount equivalent to the proportionate charge to the Customer for the period during which the faults in transmission occur.
- 2.4.2** The Company shall not be liable for claim or loss, expense or damage (including indirect, special or consequential damage), for any interruption, delay, error, omission, or defect in any service, facility or transmission provided under this tariff, if caused by any person or entity other than the Company, by any malfunction of any service or facility provided by any other carrier, by an act of God, fire, war, civil disturbance, or act of government, or by any other cause beyond the Company's direct control.
- 2.4.3** The Company shall not be liable for, and shall be fully indemnified and held harmless by Customer against any claim or loss, expense, or damage (including indirect, special or consequential damage) for defamation, libel, slander, invasion, infringement of copy-right or patent, unauthorized use of any trademark, tradename, or service mark, unfair competition, interference with or misappropriation or violation of any contract, proprietary or creative right, or any other injury to any person, property or entity arising out of the material, data, information, or other content revealed to, transmitted, or used by the Company under this tariff; or for any act or omission of the Customer; or for any personal injury or death of any person caused directly or indirectly by the installation, maintenance, location, condition, operation, failure, presence, use or removal of equipment or wiring provided by the Company, if not directly caused by negligence of the Company.

**A. Public Pay Telephone Surcharge**

In order to recover the Company's expenses to comply with the FCC's pay telephone compensation plan Effective: December 15, 2002 on October 7, 1997 (FCC 97-371), an undiscountable per call charge is applicable to all interstate, intrastate and international calls that originate from any domestic pay telephone used to access the Company's services. The Public Pay Telephone Surcharge, which is in addition to standard tariffed usage charges and any applicable service charges and surcharges associated with the Company's service, applies for the use of the instrument used to access the Company service and is unrelated to the Company's service accessed from the pay telephone.

Pay telephones include coin-operated and coinless phones owned by local telephone companies, independent companies and other interexchange carriers. The Public Pay Telephone Surcharge applies to the initial completed call and any reoriginated call (i.e., using the "#" symbol).

The Pay Telephone Surcharge does not apply to operator-assisted calls. Whenever possible, the Public Pay Telephone Surcharge will appear on the same invoice containing the usage charges for the surcharged call. In cases where proper pay telephone coding digits are not transmitted to the Company prior to completion of a call, the Public Pay Telephone Surcharge may be billed on a subsequent invoice after the Company has obtained information from a carrier that the originating station is an eligible pay telephone.

The Public Pay Telephone Surcharge does not apply to calls placed from pay telephones at which the Customer pays for service by inserting coins during the progress of the call.

Rate per Call, maximum \$0.35

**B. Universal Service Fund**

A monthly Universal Service Fund charge will be added to each bill based upon the total intrastate per minute usage. This charge shall in no event exceed the amount of the Idaho Public Utilities Commission assessment levied upon the Company.

**2.8 Terminal Equipment**

The Company's facilities and service may be used with or terminated in Customer-provided terminal equipment or Customer-provided communications systems, such as a PBX, key system, or Pay Telephone. Such terminal equipment shall be furnished and maintained at the expense of the Customer, except as otherwise provided. The Customer is responsible for all costs at his or her premises, including personnel, wiring, electrical power, and the like, incurred in the use of the Company's service. When such terminal equipment is used, the equipment shall comply with the generally accepted minimum protective criteria standards of the telecommunications industry as endorsed by the Federal Communications Commission.

**2.9 Installation**

Service is installed upon mutual agreement between the Customer and the Company.

**2.10 Payment for Service**

The Customer is responsible for payment of all charges for services and equipment furnished to the Customer or to an Authorized User of the Customer by X2Comm, Inc.. All charges due by the Customer are payable to the Company or to the Company's authorized billing agent. Terms of payment shall be according to the rules and regulations of the billing agent and subject to the rules of regulatory agencies, such as the Idaho Public Utilities Commission. Any objections to billed charges must be reported to the Company or its billing agent. Adjustments to Customer's bills shall be made to the extent that circumstances exist which reasonably indicate that such changes are appropriate.

**2.11 Cancellation by Customer**

Customer may cancel service by providing 30 days written noticed to the Company.

**2.12 Interconnection**

Service furnished by X2Comm, Inc. may be connected with the services or facilities of other carriers. Such service or facilities, if used, are provided under the terms, rates, and conditions of the other carrier. The Customer is responsible for all charges billed by other carriers for use in connection with X2Comm, Inc.'s service. Any special interface equipment or facilities necessary to achieve compatibility between carriers is the responsibility of the Customer.

- (a) For non-compliance with or violation of any State, municipal, or Federal law, ordinance, or regulation pertaining to telephone service.
- (b) For the use of telephone service for any other property or purpose other than that described in the application.
- (c) For neglect or refusal to provide reasonable access to the X2Comm, Inc. or its agents for the purpose of inspection and maintenance of equipment owned by X2Comm, Inc. or its agents.
- (d) For noncompliance with or violation of Commission regulations or X2Comm, Inc.'s rules and regulations on file with the Commission, provided seven (7) days' written notice is given before termination.
- (e) For nonpayment of bills, provided that suspension or termination of service shall not be made without seven (7) days written notice to the Customer, except in extreme cases.
- (f) Without notice in the event of Customer or Authorized User use of equipment in such a manner as to adversely affect X2Comm, Inc.'s equipment or service to others.

**2.14 Interruption of Service**

Credit allowances for interruptions of service which are not due to the Carrier's testing or adjusting, to the negligence of the Customer, or to the failure of channels, equipment or communications systems provided by the Customer, are subject to the general liability provisions set forth in Section 2.4 herein. It shall be the obligation of the Customer to notify carrier immediately of any interruption in service for which a credit allowance is desired by Customer. Before giving such notice, Customer shall ascertain that the trouble is not within his or her control, or is not in wiring or equipment, if any, furnished by Customer and connected to Carrier's terminal. Interruptions caused by Customer-provided or Carrier-provided automatic dialing equipment are not deemed an interruption of service as defined herein since the customer has the option of using the long distance network via local exchange company access.

Upon reasonable notice, the facilities provided by the Carrier shall be made available to the Carrier for tests and adjustments as may be deemed necessary by the Carrier for maintenance. No interruption allowance will be granted for the time during which such tests and adjustments are made.

**2.15 Tests, Pilots, Promotional Campaigns and Contests**

The Carrier may conduct special tests or pilot programs and promotions at its discretion to demonstrate the ease of use, quality of service and to promote the sale of its services. The Carrier may also waive a portion of all processing fees or installation fees for winner of contests and other occasional promotional events sponsored or endorsed by the Carrier. From time to time the Company may waive all processing fees for a Customer. A copy of all promotion offered by the Company will be provided to the Commission.

**SECTION 3 - DESCRIPTION OF SERVICE**

**3.1 Timing of Calls**

**3.1.1** Long distance usage charges are based on the actual usage of X2Comm, Inc.'s network. Chargeable time begins when a connection is established between the calling station and the called station. Chargeable time ends when either party "hangs up" thereby releasing the network connection.

**3.1.2** Minimum call duration is specified for each product in Section 4 of this tariff.

**3.1.3** Unless otherwise specified in this tariff, after the initial minimum period usage is beyond the minimum call duration is measured and rounded to the next higher six second increment for billing purposes. The initial minimum period for each product is specified in Section 4 of this tariff.

**3.2 Calculation of Distance**

Usage charges for all mileage sensitive products are based on the airline distance between the serving wire center locations associated with the originating and terminating points of the call.

SECTION 3 - DESCRIPTION OF SERVICE, CON'T.

3.2 Calculation of Distance, con't.

The distance between the originating and terminating points is calculated by using the "V" and "H" coordinates of the serving wire centers as defined by BellCore (Bell Communications Research), in the following manner:

Step 1 - Obtain the "V" and "H" coordinates for the serving wire center of the Customer's switch and the destination point.

Step 2 - Obtain the difference between the "V" coordinates of each of the serving wire centers. Obtain the difference between the "H" coordinates.

Step 3 Square the differences obtained in Step 2.

Step 4 Add the squares of the "V" difference and "H" difference obtained in Step 3.

Step 5 - Divide the sum of the square obtained in Step 4 by ten (10) . Round to the next higher whole number if any fraction results from the division.

Step 6 - Obtain the square root of the whole number obtained in Step 5. Round to the next higher whole number if any fraction is obtained. This is the distance between the originating and terminating serving wire centers of the call.

Formula:

$$\text{The square root of: } \frac{(V1-V2)^2 + (H1-H2)^2}{10}$$
