AGREEMENT WITH CLARK CANYON)	
HYDRO, LLC, FOR THE SALE AND)	
PURCHASE OF ELECTRIC ENERGY)	ORDER NO. 33800
FROM THE CLARK CANYON PROJECT)	

Before the Commission is Clark Canyon Hydro, LLC’s Unopposed Motion to Suspend the procedural schedule issued in Order No. 33782. The Commission grants the Motion as follows.

BACKGROUND

In June 2014, Idaho Power Company filed an Application for the Commission to approve or reject its Energy Sales Agreement – for the sale and purchase of energy under the Public Utility Regulatory Policies Act (PURPA) – with Clark Canyon Hydro, LLC (Clark Canyon). The Commission issued a Notice of Application and Notice of Modified Procedure, Order No. 33064, then suspended the procedural schedule, Order No. 33088, after Staff discovered discrepancies between the Agreement and Clark Canyon’s Federal Energy Regulatory Commission (FERC) license.

On March 31, 2017, Clark Canyon received a renewed FERC license. Clark Canyon and Idaho Power met with Staff on May 11, 2017, then jointly asked the Commission to lift the suspension and adopt an agreed procedural schedule, which the Commission granted. Order No. 33782. Clark Canyon subsequently retained counsel, with whom Staff and Idaho Power agreed to meet on July 6, 2017, prior to filing comments.

COMMISSION DECISION

Having reviewed the agreed Motion and being familiar with the record, the Commission finds the request is reasonable and appropriate.

ORDER

IT IS HEREBY ORDERED that the procedural schedule issued in Order No. 33782 is suspended.

DONE by Order of the Idaho Public Utilities Commission at Boise, Idaho this 28th
day of June 2017.
