### 2.3 Limitations of Service, (Cont’d.)

2.3.6 The Company reserves the right to discontinue service, limit service, or to impose requirements as required to meet changing regulatory or statutory rules and standards, or when such rules and standards have an adverse material affect on the business or economic feasibility of providing service, as determined by the Company in its reasonable judgment. In such circumstances, the Company's price list will be revised accordingly.
2.3.7 Service is offered subject to restrictions imposed upon the Company by any authority having jurisdiction over the Company's provision of service.

The Company's acceptance of an application or order for service by an applicant whose credit has not been duly established may be subject to the deposit, advance payment and/or refusal of service provisions described in this price list. All terms and conditions contained in this price list shall apply to all such permitted transferees or assignees, as well as all conditions of service.

### 2.5 Limitation of Liabilities

2.5.1 Except in cases of gross negligence or willful misconduct, the liability of the Company for damages of any nature arising from errors, mistakes, omissions, interruptions, or delays of the Company, its agents, servants, or employees, in the course of establishing, furnishing, rearranging, moving, terminating, or changing the service or facilities or equipment shall not exceed an amount equal to the charges applicable under this price list (calculated on a proportionate basis where appropriate) for the period during which such error, mistake, omission, interruption or delay occurs.
2.5.2 In no event shall the Company be liable for any incidental, indirect, special, or consequential damages (including, but not limited to, lost revenue or profits) of any kind whatsoever regardless of the cause or foreseeability thereof.
2.5.3 When the services or facilities of other common carriers or other service providers are used separately or in conjunction with the Company's services, facilities or equipment in establishing connection to points not reached by the Company's services, facilities or equipment, the Company shall not be liable for any act or omission of such other common carriers, or other service providers, or their respective agents, servants or employees.

2.5.8 The above price list language (and any and all language which appears in this price list addressing liability of Company or its Customers) does not constitute a determination by the Commission that a limitation of liability imposed by the Company should be upheld in a court of law. Acceptance for filing by the Commission recognizes that it is a court's responsibility to adjudicate negligence and any direct, indirect, and consequential damage claims. It is also the court's responsibility to determine the validity of the exculpatory clause(s).

## SECTION 2 - TERMS AND CONDITIONS, (Cont'd.)

### 2.6 Liabilities of the Customer

The Customer shall indemnify, defend and hold harmless the Company (including the costs of litigation and reasonable attorney's fees) against:

2.6.3 All other claims (including, without limitation, claims for damage to any business or property, or injury to, or death of, any person) arising out of any act or omission of the Customer, or the Customer's agents, servants, employees, or Customers, in connection with any service or facilities or equipment provided by the Company.

## SECTION 2 - TERMS AND CONDITIONS, (Cont'd.)

### 2.7 Taxes and Fees

2.7.1 All state and local taxes (e.g., gross receipts tax, sales tax, municipal utilities tax) are listed as a separate line item on the Customer's bill and are not included in the quoted rates and charges set forth in this price list.
2.7.2 To the extent that a municipality, other political subdivision or agency of government, or the Commission imposes upon and collects from the Company a gross receipts tax, occupation tax, license tax, permit fee, franchise fee, or regulatory fee, such taxes and fees shall, insofar as practicable and allowed by law, be billed pro rata to Customers receiving service from the Company within the territorial limits of such municipality, other political subdivision or agency of government.

### 2.7.3 Pay Telephone Surcharge

In order to recover the Company's expenses to comply with the FCC's pay telephone compensation plan effective on October 7, 1997 (FCC 97-371), an undiscountable per call charge is applicable to all interstate, intrastate and international calls that originate from any domestic pay telephone used to access the Company's services. The Pay Telephone Surcharge, which is in addition to standard price listed usage charges and any applicable service charges and surcharges associated with the Company's service, applies for the use of the instrument used to access the Company service and is unrelated to the Company's service accessed from the pay telephone.

Pay telephones include coin-operated and coinless phones owned by local telephone companies, independent companies and other interexchange carriers. The Pay Telephone Surcharge applies to the initial completed call and any reoriginated call (i.e., using the "\#" symbol).

Whenever possible, the Pay Telephone Surcharge will appear on the same invoice containing the usage charges for the surcharged call. In cases where proper pay telephone coding digits are not transmitted to the Company prior to completion of a call, the Public Pay Telephone Surcharge may be billed on a subsequent invoice after the Company has obtained information that the originating station is an eligible pay telephone.

### 2.8 Terminal Equipment

The Company's facilities and service may be used with or terminated in Customer-provided terminal equipment or Customer-provided communications systems, such as a telephone set, PBX or key system. Such terminal equipment shall be furnished and maintained at the expense of the Customer, except as otherwise provided in this price list or separately agreed upon by the Customer and the Company. The Customer is responsible for all costs at his or her premises, including, but not limited to, personnel, wiring, electrical power, and the like, incurred in the use of the Company's service. When such terminal equipment is used, the equipment shall comply with applicable rules and regulations of the Federal Communications Commission, including, but not limited to, Part 68. In addition, equipment must comply with generally accepted minimum protective criteria standards and engineering requirements of the telecommunications industry which are not barred by the Federal Communications Commission.

### 2.9 Installation

No installation of the Company's services at the Customer's premises is required to use the Company's service. Service is initiated by request of the Customer. The Company may refuse to provision service when the Company cannot verify that the party requesting the Company's service is authorized to request or to change service.

## SECTION 2 - TERMS AND CONDITIONS, (Cont'd.)

### 2.10 Payment for Service

2.10.1 Service is provided and billed on a monthly basis. Bills are due and payable upon receipt. Late Payment Charge for Customers who have their charges billed by an affiliated local exchange company will be the late payment charge applied by the affiliated local exchange company to overdue charges. Customers that are not billed by an affiliated local exchange company may be charged a late payment charge of $1.5 \%$ or $\$ 9.00$ (whichever is greater) per month, or the maximum amount allowed by law, whichever is lower. The late payment charge will apply to any overdue charges and will begin to accrue no sooner than the $25^{\text {th }}$ day after the billing date or as allowed by law.

Collection fees on overdue charges apply in addition to all applicable late payment charges and shall begin to accrue when the Account is assigned to an outside collection agency.
2.10.2 The Customer is responsible for payment of all charges for service furnished to or used by the Customer, or the Customer's agents, servants, employees or Customers. The Customer is also responsible for payment of charges for all other third persons' use of service to which the Customer subscribes. All charges due from the Customer are payable to the Company or to the Company's authorized billing agent in immediately available U.S. dollars. Any objections to billed charges must be reported to the Company or its billing agent within six months after receipt of bill. Adjustments to the Customer's bill shall be made to the extent that circumstances exist which reasonably indicate that such changes are appropriate.

Advice No. 78

## SECTION 2 - TERMS AND CONDITIONS, (Cont'd.)

### 2.10 Payment for Service, (Cont'd.)

2.10.4 The Company reserves the right to assess a charge of $\$ 20.00$, or the maximum amount allowed by law (whichever is less), whenever a check or draft presented for payment of service is not accepted by the institution upon which it is written.
2.10.5 The Customer shall be responsible for payment of rates and charges for all calls placed by or through Customer's equipment by any person. In particular and without limitation of the foregoing, the Customer is responsible for payment of rates and charges for any calls placed by or through the Customer's equipment via any remote access features.
2.10.6 The Company reserves the right to examine the credit record or other available external sources of credit of an applicant or the Customer. The Customer whose service has been disconnected for nonpayment of bills shall be required to pay any unpaid balance due to the Company before service is restored, and a deposit may be required.
2.10.7 The Company shall make no refund of overpayment by the Customer unless the claim for such overpayment, together with proper evidence, is submitted within two years of the date of alleged overpayment. In calculating refunds, any applicable discounts shall be adjusted based upon the actual monthly usage after all credits and adjustments have been applied.
2.10.8 In the case of a dispute between the Customer and the Company for service furnished to the Customer, which cannot be settled to the mutual satisfaction of the Customer and the Company, the Customer may file an appropriate complaint with:

> Idaho Public Utilities Commission
> 472 W. Washington
> Statehouse
> Boise, Idaho 83720-0074
> Telephone: (800) 432-0369
> Facsimile: (208) 334-3762

### 2.10.9 Duplicate Bill Charge

A Residential Customer who requests a reprint of their monthly long distance bill that is older than six months and whose long distance charges are billed by an affiliated local exchange company will be assessed the charge applied by the affiliated local exchange company.

Advice No. 4

## SECTION 2 - TERMS AND CONDITIONS, (Cont'd.)

### 2.11 Deposits

2.11.1 Each applicant for service may be required to establish credit. Any applicant whose credit has not been duly established may be required to make a deposit at the time of application to be held as a guarantee of payment of charges. In addition, an existing Customer may be required to make a deposit or increase a deposit currently held. The Company shall pay interest on deposits pursuant to applicable rules and regulations.
2.11.2 A deposit shall not exceed the estimated charges for two months service, plus installation, and shall be returned: 1) when an application for service has been canceled prior to the establishment of service; or 2 ) at the end of twelve (12) consecutive months of a satisfactory credit history; or 3) upon discontinuation of service. The Company shall apply the deposit against any outstanding balances due. If a credit balance exists after such application, the Company shall refund the balance to the Customer.
2.11.3 The fact that a security deposit has been made in no way relieves the Customer from the prompt payment of bills upon presentation.

## SECTION 2 - TERMS AND CONDITIONS, (Cont'd.)

### 2.12 Interruption of Service

2.12.1 Credit allowances for interruptions of service which are not due to the Company's testing or adjusting, to the negligence or other wrongful act or omission of the Customer, or to the failure of services, channels, equipment and/or communications systems provided by the Customer or the Customer's agents, servants, employees, or Customers, are subject to the general liability provisions set forth in this price list. It shall be the obligation of the Customer to notify the Company immediately of any interruption in service for which a credit allowance is desired by the Customer. Before giving such notice, the Customer shall ascertain that the trouble is not within his or her control, or is not in wiring or equipment, if any, furnished by the Customer. Interruptions caused by Customer-provided, or Companyprovided, automatic dialing equipment are not deemed an interruption of service as defined herein since the Customer has the option of using the long distance network via dial access code.
2.12.2 For purposes of credit computation, every month shall be considered to have 30 days and every day 24 hours. For all Company services no credit shall be allowed for an interruption of continuous duration of less than twenty-four hours. For services billed on a usage basis, credits will be limited to, at maximum, the price of the call that was in progress at the time of the service interruption.

Credit is computed by multiplying the monthly recurring rate by the ratio that the number of hours in the period of interruption bears to 720 hours ( 30 days times 24 hours). The credit shall be based upon the non-usage charges for the month during which the interruption occurred, excluding equipment and access line charges.
2.12.3 An interruption is measured from the time the Customer notifies the Company of the interruption until the trouble is cleared. Each interruption is considered separately for the purposes of establishing credit allowance. Unless otherwise specified in this price list, the credit for a billing period shall not exceed the monthly rate.

## SECTION 2 - TERMS AND CONDITIONS, (Cont'd.)

### 2.13 Cancellation, Suspension and Restoration of Service

Service continues to be provided until canceled by the Customer or until canceled by the Company as set forth below. The Company may render bills subsequent to the cancellation of service for charges incurred before cancellation. The Customer shall pay such bills in full in accordance with the payment terms of this price list.

### 2.13.1 Cancellation by the Customer

The Customer may have service canceled upon written or verbal notice to the Company. The Customer shall pay the Company for service furnished until the cancellation date specified by the Customer or until the date that the written cancellation notice is received, whichever is later. Cancellation of service is subject to early termination liability obligations as set forth in the price list.

## SECTION 2 - TERMS AND CONDITIONS, (Cont'd.)

### 2.13 Cancellation and Restoration of Service, (Cont'd.)

### 2.13.2 Refusal, Suspension or Cancellation of Service Without Prior Notice

A. Service may be suspended by the Company, without prior notice to the Customer, by blocking traffic and all services to certain cities, countries, NPA-NXX exchanges, or individual telephone numbers when the Company deems it necessary to take such action to prevent unlawful or fraudulent use of its service. The Company will restore services as soon as it can be provided without undue risk.
B. ## SECTION 3 - DESCRIPTION OF SERVICE AND RATES

### 3.1 General

Presubscribed service is offered from locations served with equal access end offices.
The Company's service is available twenty-four hours per day, seven days a week except as otherwise provided in the Company's price list.

All usage rates are expressed as rate per minute, unless otherwise clearly indicated.

## SECTION 3 - DESCRIPTION OF SERVICE AND RATES, (Cont'd.)

### 3.2 Calculation of Distance

Usage charges for all mileage sensitive services are based on the airline distance between the rate center locations associated with the originating and terminating points of the call.

The distance between the originating and terminating points is calculated by using the " V " and " H " coordinates of the applicable rate centers as defined by Telecordia formerly Bellcore and on file with the FCC in AT\&T Tariff FCC No. 10, in the following manner:

Step 1 - Obtain the "V" and "H" coordinates for the rate center of the originating and the destination points.

Step 2 - Obtain the difference between the "V" coordinates of each of the rate centers. Obtain the difference between the " H " coordinates.

Step 3 - Square the differences obtained in Step 2.
Step 4 - Add the squares of the "V" difference and " H " difference obtained in Step 3.
Step 5 - Divide the sum of the square obtained in Step 4 by ten (10). Round to the next higher whole number if any fraction results from the division.

Step 6 - Obtain the square root of the whole number obtained in Step 5. Round to the next higher whole number if any fraction is obtained. This is the distance between the originating and terminating rate centers of the call.

Formula: $\quad \sqrt{\frac{\left(v_{1}-v_{1}\right)^{2}+\left(h_{1}-h_{2}\right)^{2}}{10}}$

## SECTION 3 - DESCRIPTION OF SERVICE AND RATES, (Cont'd.)

### 3.3 Timing of Calls

Billing for calls placed over the network is based in part on the duration of the call.
3.3.1 Timing for all calls begins when the called party answers the call (i.e. when two way communications are established). Answer detection is based on standard industry answer detection methods, including hardware and software answer detection.
3.3.2 Chargeable time for all station-to-station calls begins when connection is established between calling party and the called party and ends when the calling party hangs up thereby releasing the network connection. If the called party hangs up but the calling station does not, chargeable time ends when the network connection is released either by automatic timing equipment in the network, or by an operator.
3.3.3 Minimum call duration for billing purposes is one minute unless otherwise specified in the individual rate schedules of this price list.
3.3.4 Calls are measured and billed in one minute increments on a per call basis, unless otherwise indicated in this price list. Fractional billing increments are rounded to the full billing increment as stated in the product description.
3.3.5 No charges apply to incomplete calls. An incomplete call is a station call in which the called station does not answer, or a person to person call in which the station does not answer or the requested person is unavailable, or a collect call for which the called party refuses to accept the charges.
3.3.6 Usage charges are computed on a per call basis. When computation of call charges result in fractional cents, the resulting charge is rounded up to the nearest penny.
3.3.7 The Company will not knowingly bill for unanswered calls. When a Customer indicates that he/she was billed for an incomplete call, the Company will reasonably issue credit for the call.
