4.3.15 Special toll free Services

4.3.15.1 Homebound 800 Service

- .1 <u>Description</u> Homebound 800 is an inbound service available to Company residential customers only. This service enables the customer to receive "toll-free" service calls at their residence. The residential customer will be assigned an toll free telephone number to receive calls that are paid for by the customer rather than the calling party.
- .2 <u>Usage Charges</u> Usage Charges are determined by the time of day, rate periods and minutes of use within each rate period.
 - a. Rate Periods:

PEAK

All calls that occur between 8 A.M. and 4:59 P.M. Monday through Friday.

OFF PEAK

All calls that occur between 5 P.M. and 7:59 A.M. Monday through Thursday, and all calls between 5 P.M. Friday and 7:59 A.M. Monday.

b. Rate Schedule:

Per Minute of Use Charges

<u>Peak</u> <u>Off-Peak</u> \$0.2000 \$0.2000

- c. <u>Billing Increments</u> Usage is billed in one (1) minute increments.
- d. Monthly Recurring Charges Monthly Service Fee:** \$2.50

**Note: The monthly service fee will be waived for each month in which usage exceeds \$10.00. Also, the monthly service fee can be waived by Affinity groups and alumni programs.

4.4 OTHER SERVICE ARRANGEMENTS

4.4.1 ONLINE CARD SERVICE

- 4.4.1.1 OnLine calling card is available to residential and commercial Company Customers. Non-Company Customers may also subscribe to OnLine as a stand alone service. Customers may place domestic and international long distance calls using this service. Enhanced services such as voice mailbox and message delivery are available as an option of this service.
- 4.4.1.2 OnLine access can be from either a tone generating or rotary-dial telephone and is gained by dialing the Company toll free access number. Calls originating from rotary phones will be completed with the assistance of operators. Per minute usage rates apply. Total monthly usage contributes to the volume discount. The volume discount is applied retroactively to peak usage only.
- 4.4.1.3 As an introductory offer, new Customers of OnLine card service may redeem a coupon for credit off their first full month's invoice. Coupons have no cash value and cannot be rolled over to the next month. Coupons must be redeemed prior to its expiration date.
- 4.4.1.4 The time of day rate periods for OnLine Service will be Peak and Off-Peak. Peak rates apply to all calls that occur between 8AM and 5PM Monday through Friday, except on Company-recognized holidays. Off-Peak rates apply to all other calls.
 - .1 Residential OnLine Rate Schedule This calling card schedule applies to all Customers who subscribe to one of Company's residential long distance services.

4.4.2 HOME ADVANTAGE SERVICE (Cont'd)

4.4.2.3 Home Advantage Organizational Program - The Home Advantage program is a benefit package offered in conjunction with Home Advantage Service, which allows the individual users who are members or employees of the participating organizations to receive product discounts, if program parameters are met. These discounts will apply to interstate rates when both interstate and intrastate service is utilized. Members who elect to participate in the Home Advantage Organizational Program will receive Home Advantage products and the MCI TalkAround Calling Card. Home Advantage rates and MCI TalkAround Calling Card rates are found in this Section.

To qualify for the Home Advantage Organizational Program an organization generally must be a: (1) Trade Association representing businesses or individuals in an industry, profession or business classification; (2) Business with franchises, agents, distributors, or multiple representatives; (3) Non-profit organization; or, (4) Corporations. The qualifying organization agrees to meet the following set of criteria:

- Trade Associations must have 5,000 members or more and allow us to telemarket or direct mail their membership roster for promotional reasons.
- 2. Business with franchises, agents, distributors, or multiple representatives, Non-profit organizations and Corporations must have a minimum of 1,000 employees or members and allow us to direct mail their employees/members for promotional reasons.

4.4.2.4 Home Advantage Easy Plan

Home Advantage Easy Plan is a flat-rated service offering customers one simple rate for intrastate calls.

Rate Periods

All calls are billed at the same rate regardless of which rate period the call is completed.

2. Billing Increments

Home Advantage Easy Plan rates are billed in sixty (60) second initial increments and rounded to the next higher six (6) second increment. All fractional per call charges will be rounded to the nearest whole cent.

4.4.3 WORLDONE SERVICE

4.4.3.1 Description

WorldOne Service offers a unified service for single or multi-location customers using switched, dedicated, and OnLine calling card origination and switched or dedicated toll free (in Wats) termination. The WorldOne package includes the availability of outbound, inbound (toll free) and calling card services, and offering a discount on outbound and toll free service for customers willing to sign a term commitment and/or a willingness to commit to a specific dollar volume of monthly minimum usage.

There are seven (7) options of WorldOne available to customers, each of which has a unique set of rates for outbound and toll free service: Option A - Requires no monthly minimum billing commitment for month-to-month customers; \$250 monthly minimum billing commitment for ESP customers; Option B - Requires a monthly minimum billing commitment of \$1,000; Option C - Requires a monthly minimum billing commitment of \$5,000; Option D -Requires a monthly minimum billing commitment of \$7,500; Option E - Requires a monthly minimum billing commitment of \$15,000; Option F - Requires a monthly minimum billing commitment of \$25,000; Option G - Requires a monthly minimum billing commitment of \$50,000.

If the minimum is not reached for Option A ESP and Options B through G, the customer will be charged for the difference.

4. SERVICE DESCRIPTIONS AND CHARGES (Cont'd)

4.4 OTHER SERVICE ARRANGEMENTS (Cont'd)

WORLDONE SERVICE (Cont'd)

4.4.3.1 Description (Cont'd)

Multiple services and/or multiple locations using WorldOne service can contribute to the overall monthly minimum commitment; however, the customer must allocate the minimum by service and location. Domestic toll free, Domestic and International outbound calls contribute to determining monthly minimum usage. OnLine World Calling Card, Operator Services and Directory Assistance usage is not included in determining monthly minimum usage.

Customers must reach the minimum monthly usage requirement associated with their selected option by the fourth invoice period and monthly thereafter.

4.4.3.2 WorldOne Extended Service Plan ("ESP")

WorldOne is available to customers through a ESP option if the customer agrees to commit to such service for a term of twelve (12) or twenty-four (24) months. Customers who elect the ESP will receive a discount off their selected option's domestic interstate, and intrastate outbound and toll free rates. This discount will apply only to WorldOne's peak interstate rates and all time periods for intrastate rates. Customers who elect the ESP are subject to the following conditions:

- .1 Customers must indicate what WorldOne service or services are to be included in the ESP. The discounts provided under this option become effective with the first full month's usage.
- .2 Upon execution of this agreement, the customer has ninety (90) days from the date service is made available in which to notify Company in writing, either by certified or registered mail (return receipt requested), of the customer's desire to cancel this agreement without further obligation or penalty except for charges incurred up to the date of termination, in the event that quality deficiencies solely caused by MCI Technologies in the provision of telecommunications service hereunder are demonstrated by Customer to affect adversely and materially Customer's telecommunications applications (such a termination under this clause constituting a Termination for Cause). A Termination for Cause shall not be effective unless Customer has reported trouble on an ANI or circuitspecific basis to (and received a corresponding trouble ticket from) the appropriate MCI Support Center and a period of not less than thirty (30) days after receipt of Customer's written notice of termination has elapsed during which MCI Technologies fails to correct such quality deficiencies. Provided, nothing contained herein shall impose any liability on MCI Technologies and Customer's sole remedy shall be the termination of the affected service as described.

4.4 OTHER SERVICE ARRANGEMENTS (Cont'd)

4.4.3 WORLDONE SERVICE (Cont'd)

4.4.3.2 WorldOne Extended Service Plan ("ESP") (Cont'd)

- .3 Customers who terminate service prior to the end of the term of commitment in any manner other than stated in (.4) following, will be liable for a cancellation penalty equal to he monthly minimum billing commitment times the number of months remaining in the Customer commitment period through the expiration of the first year. If applicable, twenty-five percent of the balance remaining (monthly minimum billing commitment times the number of remaining months in the contract beyond the first year) will also be included (per service type). If the termination becomes effective after the completion of the first year, then the charge shall be equal to twenty-five percent of the balance remaining (monthly minimum billing commitment times the number of months remaining in the contract). The foregoing cancellation penalty will apply unless the Customer immediately converts to another Company service with equal or greater term and minimum usage requirement commitments, and Customer continues to use such Company Service for a period of months equal to or greater than the number of months remaining in the term during which the conversion takes place.
- .4 All customer requests to commence or terminate a WorldOne ESP must be made in writing, either by certified or registered ail (return receipt requested), to Company and received no later than thirty (30) days prior to the then existing term expiration date. If such notification is not received by company within this timeframe, the WorldOne ESP agreement will be automatically renewed for a new term of commitment.
- A Customer who cancels their agreement prior to the expiration of the term will be required to repay any promotional credits that were given in addition to other termination charges as noted above.
- OnLine World Calling Card usage is excluded from the WorldOne ESP discounts.

4.4.3.3 Usage Charges

.1 Rate Periods

<u>Peak</u> - All calls that occur between 7 A.M. through 7 P.M. Monday through Friday, except on Company-recognized holidays.

Off Peak - All calls that occur between 7:01 P.M. through 6:59 .M. Monday through Thursday, and all calls between 7:01 P.M. Friday and 6:59 A.M. Monday and Company-recognized holidays.

4.4.3 WORLDONE SERVICE (Cont'd)

4.4.3.8 WorldOne Association

The WorldOne Association program is a benefit package offered in conjunction with Basic WorldOne Service, which allows the individual users who are members or employees of the participating organization to receive additional product discounts. These discounts will apply to the interstate rates when both interstate and intrastate service is utilized. Members who elect to participate in the WorldOne Association program will receive Basic WorldOne products and OnLine World Calling Card Service.

To qualify for WorldOne Association an organization generally must be a (1) Trade association representing businesses or individuals in an industry, profession or business classification; (2) Business with franchises, agents distributors, or multiple representatives; (3) Non profit organization, or; (4) Buying group not organized merely to buy the Company's long distance for resale. The qualifying organization agrees to meet the following set of criteria within (6) months of undertaking to qualify and thereafter maintain them, and enters into a written agreement with the Company for the marketing of the Company's services. The group's members who have subscribed to the Company's services throughout the group must have aggregate billings, net of taxes; promotional credits and surcharges of at least \$5,000 per month.

The Company will render monthly statements to the individual members and the statement received will show all appropriate discounts. All sums due from members are the sole property of the Company, and the Company shall have the sole right to collect, enforce collection and settle such sums. The WorldOne Association member group shall receive a monthly report from the Company listing members of the group who subscribe to the Company service under this program.

Unless otherwise specified in this tariff, member's usage of Company service under this plan cannot be used to qualify for any other benefits under this tariff or under other arrangements between Company and third parties who undertake to market the Company's services. Discounts will apply to the interstate rates when both interstate and intrastate service is utilized.

4.4.4 PHONEPASS SERVICE

4.4.4.1 <u>Description</u> - PhonePass Service is a switched service that enables the end-user to place calls charged to prepaid phone cards issued by the Company. The end-user accesses the network by dialing the appropriate Company toll free number printed on the back of the card. Each toll free number accesses a custom greeting designated by the customer. Language menu selection is available if requested by the customer.

The PhonePass Card is available in five (5) or more unit denominations at a flat rate per unit. Cards and/or Codes are issued with an expiration date of six (6), twelve (12) or eighteen (18) months from the date of the code or six (6) or twelve (12) months from first usage. First use is anytime the toll free number and code are entered by the code holder. A terminating number is not necessary in starting the time period for reactivation on first use. The number of available Company PhonePass Cards is subject to technical limitation.

- SERVICE DESCRIPTIONS AND CHARGES (Cont'd)
 - 4.4 OTHER SERVICE ARRANGEMENTS (Cont'd)
 - 4.4.4 PHONEPASS SERVICE (Cont'd)
 - 4.4.4.1 Description (Cont'd)

The Company is not liable or responsible for theft, loss or unauthorized use of cards or card numbers. The Company will not refund or issue credit on unused units of the PhonePass Card. The customer(s) of PhonePass Service is solely responsible for the payment of all applicable federal, state or local use, excise, sales or privilege taxes, duties or any similar fees that may be assessed by any governmental body or regulatory authority in connection with the service.

4.4.4.2 <u>Availability</u> - PhonePass Service is available twenty-four (24) hours a day, seven (7) days a week. Card availability is limited and shall be handled on a first come, first served basis. PhonePass Service can be accessed through touchtone telephones only. 900 calls cannot be made on the PhonePass Card.

PhonePass Service may be made available from time to time with certain promotional offerings.

- 4.4.4.3 <u>Card Depletion/Renewal or Expiration</u> Each time the card is used, the end-user hears a message stating the amount of minutes remaining on the card. Sixty (60) seconds prior to the card being depleted, the user hears a warning announcing the time remaining on the card.
- 4.4.4.4 Description of Terms applying to PhonePass Service
 - .1 Unit A unit is equal to one (1) minute of domestic long distance time. The U.S. includes all fifty (50) contiguous states. Additional units per minute are charged for all other destination.
 - .2 Retailer Wholesale product customer.
 - .3 End User Wholesale customer's customer.

4.4.4 PHONEPASS SERVICE (Cont'd)

- 4.4.4.5 <u>Usage Charges</u> The applicable usage rate depends upon the Service Option selected by the customer. Two options listed below are available for the customer to choose. Calls are billed in one (1) minute increments and are debited against the PhonePass Service Card. Cards and/or Codes are valued based on a number of call Units. Rates for PhonePass Service may vary depending on the commitment term, total purchase commitment, card printing or packaging and collector purchase rights. All units purchased for the sole purpose of resale, must be purchased with a generic PhonePass Card. If a customer purchases units from the Company for promotion and not resale, the customer may be entitled to a custom PhonePass card printed by the Company. Cards being used for resale are available in 5, 10, 20, 30, 60 and 100 unit denominations. Cards purchased for promotional purposes can be set with the number units determined by the customer.
 - .1 Option A - Generic Wholesale Cards - The customer may obtain Generic PhonePass Cards as a one-time purchase with full payment due upon delivery or with a one (1) or two (2) year commitment with payment due prior to delivery of each order. Upon acceptance by Company, the Term Commitment discount will be applied to each partial order of PhonePass Cards and/or Codes. Installment (Partial Order) payment must be made fifteen (15) days prior to issuance of the Cards and/or Codes. At the end of the one (1) year or two (2) year commitment period or upon request for cancellation by the customer, the customer must pay the difference between the Term Commitment amount purchased and the initial Term Commitment amount, if the commitment has not been met. The Company may terminate a purchase commitment plan in order to allow the customer to agree to a higher "number of Units" Term Commitment. PhonePass Cards will be sold at prices rounded to the nearest cent. The rate per unit and purchase volumes are as follows:

a. One-Time Purchase

Purchase Volume	Rate per Unit
\$ 250 - 2,499	\$0.2700
2,500 - 4,999	0.2550

4.4.5 Agency Program A

Customers who subscribe to service through an agent of the Company with whom prior arrangements have been made will be charged the rates specified below for domestic service.

A) Description

Agency Program A offers 1+, dedicated outbound, inbound, and calling card service during all time of day rate periods. Customers must commit to a one-year term of service with a monthly minimum volume requirement (MVR) of either \$100 or \$1000. Customers who sign up with a \$1000 monthly minimum volume requirement must have at least one dedicated line used to access this service.

B) Term Plans

These charges will apply in addition to all incurred usage charges. Term plan customers are also subject to the following provisions:

<u>Underutilization:</u> For each monthly period of a customer's term of service in which a customer's Agency Program A usage charges (including intrastate usage, but not including any other applicable charges imposed by the Company or a third party) fail to equal or exceed the applicable monthly minimum volume requirement, the customer will be billed and required to pay an amount equal to the difference between the customer's actual usage and the applicable monthly minimum.

<u>Termination with Liability</u>: If a customer terminates service prior to the expiration of the customer's term of service under this plan, the customer will be billed and required to pay an amount equal to the applicable monthly minimum for each monthly remaining in the customer's term of service at the time of actual termination.

C) Billing Increments

1+, dedicated outbound, inbound and card calls will be subject to an 18-second minimum initial period and rounding to the next higher 6-second increments. If the computed charge for a call includes a fraction of a cent, the charge will be rounded to the nearest whole cent.

D) Rates:

1+, Dedicated Outbound and Inbound Service: Customers will be charged the following per minute rates for 1+, dedicated outbound, and inbound intrastate/intralata calls.

Outbound/Inbound

Switched

Dedicated

\$0.1331

\$0.0860

Calling Card: Customers will be charged \$0.069 per minute for calling card calls A per call surcharge of \$0.75 will apply to all card calls.

4.4.6 Business Unlimited Program

Eligibility: To be eligible for this plan, customers:

must designate a Company affiliate as its exchange service carrier and the Company both as its interexchange service carrier for interstate and intrastate calling and as its carrier for intraLATA toll calling;

must subscribe to the Business Unlimited Program as described in the Company's "Service Publication and Price Guide" (The Guide) located on the Company's website at www.verizonbusiness.com; ("Companion Interstate Service") and to certain exchange service as described in the appropriate Company-affiliate exchange service tariff ("Companion Local Service") concurrent with enrollment in this plan;

must subscribe to service under Special Customer Arrangement SCA Guide Types 6, 7, 8, 9, or 10 as described in The Guide.

Definitions:

For the purposes of this plan, the following definitions apply:

"Eligible Intrastate Service" is defined as MCI On-Net Service-Voice Outbound Service (excluding Card) usage that originates and terminates in one state.

"Eligible Interstate Usage" is defined as MCI On Net Services Option 1 Outbound Service (excluding Card) usage that originates in the U.S. Mainland and Hawaii and terminates in the U.S. Mainland, Alaska, Hawaii, Puerto Rico, the U.S. Virgin Islands, Guam, and CNMI.

"Existing customers" are customers who, at the time of subscription to the plan, are receiving service under this tariff and the document containing the Companion Interstate Service.

"New customers" are customers who, at the time of subscription to the plan, are not receiving service under this tariff and the document containing the Companion Interstate Service.

Monthly Recurring Charges:

A monthly recurring charge will apply for the Offering under this plan. This charge is identical to, and shall not be in addition to, any monthly recurring charge applicable to Companion Interstate Service or Companion Local Service.

Offering Unlimited

Monthly Recurring Charge (unlimited) \$ 60

4.4.7.4 TalkAround Calling Card Association - The TalkAround Calling Card Association program is a benefit package offered in conjunction with basic residential TalkAround Calling Card which allows the individual users who are members or employees of the participating organization to receive product discounts. These discounts will apply to the interstate rates when both interstate and intrastate service is utilized. Members who elect to participate in the TalkAround Association program will receive a flat rate for the service.

To qualify for this rate an organization generally must be a: (1) Trade Association representing businesses or individuals in an industry, profession or business classification; (2) Business with franchises, agents, distributors or multiple representatives; (3) Non-profit organization, or (4) Buying group not organized merely to buy the Company's long distance for resale.

The qualifying organization must meet the following criteria to receive the special discounted rate:

.1 <u>Associations</u> - Must have 5,000 or more professional members (e.g., Certified Public Accountants, American Medical Associations, State Bar Associations) and allow us to telemarket or direct mail their membership roster for promotional reasons.

4.4.8 <u>Intelenet</u>

4.4.8.1 <u>Description</u>: Intelenet offers a full service voice product for single or multilocation customers using switched or dedicated, and calling card origination and switched or dedicated toll-free termination. The Intelenet package includes a single flat rate for both peak and off-peak dedicated and switched usage and offers discounts for customers willing to sign a term commitment of month to month, twelve (12) or twenty-four (24) months and/or a willingness to commit to a specific dollar volume of monthly minimum usage.

The minimum monthly commitment will be based on net charges for service (after discounts have been applied) and must be reached by the fourth invoice period and monthly thereafter. Multiple services and/or multiple locations using Intelenet can contribute to the overall monthly commitment; however, the customer must allocate the minimum by service and location. All inbound and outbound domestic and international, calling card, intrastate service and internet access charges, including local services (if applicable) contribute to determining the monthly minimum usage with the exception of enhanced fax, conference calling and non-recurring charges.

Issued: August 22, 2008 Effective: September 1, 2008

4.4.8 Intelenet (Cont'd)

4.4.8.1 Description (Cont'd)

If a customer's monthly service usage charges for any month in the term are less than the monthly commitment agreed upon, the customer shall pay the company the difference between the monthly usage charges and the monthly commitment in addition to charges for service.

When the customer has completed the term commitment, service will automatically be renewed for additional term(s) of the agreement unless the Company has received the customer's written notice to terminate the service on not less than sixty (60) days prior to the then existing term expiration date. Customers who terminate service prior to the end of the term in any manner other than stated will be liable for a service termination charge of an amount equal to the greater of the following, unless customer converts to another Company service with equal or greater term and minimum usage commitment:

- .1 If the termination becomes effective prior to the completion of the first vear of the Customer Term, then the charge shall be an amount equal to the monthly billing commitment times the number of months remaining in Term through the expiration of the first year. If applicable, twenty-five percent (25%) of the balance remaining (monthly billing commitment times the number of remaining months in the Term beyond the first year) will also be included.
- .2 If the termination becomes effective after the completion of the first year, then the charge shall be an amount equal to twenty-five percent (25%) of the balance remaining (monthly billing commitment times the number of months remaining in the Term).

In addition, the customer will be required to repay any promotional credits that were applied, and any charges reimbursed or waived.

Upon execution of the Intelenet Service Agreement, the customer has ninety (90) days from the date service is made available in which to notify the Company in writing, either by certified or registered mail (return receipt requested), of customer's desire to cancel the Service Agreement without penalty or further obligation, except for charges incurred up to the date of termination, in the event that quality deficiencies solely caused by the Company in the provision of telecommunications service hereunder are demonstrated by customer to affect adversely and materially customer's telecommunications applications (such a termination under this clause constituting a Termination for Cause). A Termination for Cause shall not be effective unless customer has reported trouble on an ANI or circuit-specific basis to (and received corresponding trouble ticket from) the appropriate Company Support Center and a period of not less than thirty (30) days after receipt of customer's written notice of termination has elapsed during which the Company fails to correct such quality deficiencies. Provided, nothing contained herein shall impose any liability on Company and customer's sole remedy shall be termination of the affected service as described.

4.4.8 Intelenet (Cont'd)

4.4.8.1 Description (Cont'd)

Customer's Intelenet Service Agreement is subject to the general terms, and conditions and rates of this Tariff and/or Service or Credit Application forms executed in connection with the services provided herein.

4.4.8.2 Rate Periods

<u>Peak</u> - All calls that occur between 7:00 A.M. through 7:00 P.M. Monday through Friday, except on Company recognized holidays.

Off Peak - All calls that occur between 7:01 P.M. through 6:59 A.M. Monday through Thursday, and all calls between 7:01 P.M. Friday and 6:59 A.M. Monday and Company-recognized holidays.

4.4.8.3 Billing Increments

Intelenet is billed in eighteen (18) second initial increments and is rounded to the next higher six (6) second increment with the exception of calling card which is billed in sixty (60) second initial increments and rounded to the next higher six (6) second increment. All fractional per call charges will be rounded to the nearest whole cent.

4.4.8.8 Intelenet Association

The Intelenet Association program is a benefit package offered in conjunction with Intelenet, which allows the individual users who are members or employees of the participating organization to receive additional product discounts off of domestic interstate usage. Members who elect to participate in the Intelenet Association will receive Intelenet products and Calling card service at the rates listed above in 4.4.8.4 and 4.4.8.6.

To qualify for Intelenet association an organization generally must be a: (1) Trade association representing businesses or individuals in an industry, profession or business classification; (2) Business with franchises, agents, distributors, or multiple representatives; (3) Non profit organization; or, (4) Buying group not organized merely to buy the Company's long distance for resale. The qualifying organization agrees to meet the following criteria within six (6) months of undertaking to qualify and thereafter maintain, and enters into a written agreement with the Company for marketing of the Company's services. The group's members who have subscribed to the Company's services throughout the group must have aggregate billings, net of taxes; promotional credits and surcharges of at least \$5,000 per month.

The Company will render monthly statements to the individual members and the statement received will show all appropriate discounts. All sums due from members are the sole property of the Company, and the Company shall have sole right to collect, enforce collection and settle such sums. The Intelenet member group shall receive a monthly report from the Company listing members of the group who subscribe to the Company service under this program.

Unless otherwise specified in this tariff, member's usage of Company service under this plan cannot be used to qualify for any other benefits under this tariff or under other arrangements between the Company and third parties who undertake to market the Company's services. All other conditions of Intelenet will apply to Intelenet Association.

4.4.9 MFS InteleplanK Service

4.4.9.1 Description

MFS InteleplanK Service is a communications service that is available for use by residential customers twenty-four (24) hours a day. MFS InteleplanK Service is offered in exchanges whereby the Customer's local telephone lines are presubscribed by the local exchange company (LEC) to the Company's MFS InteleplanK Service, such that "1+ the 10-digit number" calls are automatically routed to the Company's network. Customers may originate MFS InteleplanK Service from locations served by the Company, and may terminate in all locations within the State of Idaho.

MFS InteleplanK Service is a flat-rated calling plan that is non-distance sensitive for direct-dialed long distance calling. Charges are based on the time period (Peak/Off-peak) when the call is placed. Calls are billed in one-minute increments, with an initial billing period of one minute. A monthly recurring charge will apply to Customer accounts with usage (including Directory Assistance) of less than \$25.00. Customer accounts with usage in excess of \$500.00 per month will be assessed a surcharge as specified following. The entire month's charges will be recalculated at the new rate level.

Directory Assistance and Operator Services are available to MFS InteleplanK Service subscribers.

4.4.9.2 Rate Periods

Peak and Off-Peak rate periods are as follows:

Non-Holiday		To But Not	
Rate Periods	<u>From</u>	Including	<u>Days</u>
Peak	7:00 a.m.	7:00 p.m.	Mon-Fri
Off-Peak	7:00 p.m.	7:00 a.m.	Mon-Fri
All Hours	·		Sat-Sun
All Hours			Holidays

<u>Holidays</u>: On Christmas Day (Dec. 25), New Years Day (Jan. 1), Memorial Day, Independence Day (July 4), Labor Day (first Monday in Sept.) and Thanksgiving Day (fourth Thursday in Nov.) the Off-Peak Period rate applies unless a lower rate would normally apply.

4.4.10 Total Solution GoldK Service

4.4.10.1

<u>Description</u>

Total Solution Goldk Service is an offering which allows customers to select shared and dedicated outbound and inbound service arrangements, and obtain Term Plan discounts. Total Solution Goldk calls are eligible for volume discounts based on total cross-contribution usage from all interstate and intrastate shared and dedicated outbound and inbound usage products (directory assistance and operator assistance are not contributory). Discounted rates apply retroactively, such that once the next dollar threshold is reached, the lower rate applies back to the first minute of usage for that billing period. Charges such as taxes, late payment fees or other service non-recurring and monthly recurring charges will not be included in the volume discount cross-contribution calculation. These discounts apply when used in conjunction with the interstate Total Solution Gold Service.

The Outbound Calling Service arrangement is a long distance switched access service, which is available on either a shared or dedicated basis. The usage is billed on a flat rated basis. Outbound Calling Service calls are billed in 6 second increments, with an initial billing period of 18 seconds per call. Rates for Operator-assisted calls are set forth in Section 4.2. The Inbound Calling Service arrangement is a toll free switched access service, which permits calls to be completed at the Customer's location without charge to the calling party. This service is available on either a shared or dedicated basis. Access to the service is gained by a end user dialing a 10 digit telephone number (e.g., 800/888+NXX-XXXX) which will terminate at the Customer's location. The usage is billed on a flat rated basis. Toll Free Service calls are billed in 6 second increments, with an initial billing period of 18 seconds per call. In addition, there is a non-recurring and monthly recurring Toll Free Service number charge, which will be applied either on a "per Toll Free Service number" basis for shared access or on a "per routing arrangement" basis for dedicated access.

4.4.10 Total Solution GoldK Service (Cont'd)

4.4.10.2 <u>Term Plans</u>

Total Solution GoldK Service is available at 1 or 2 year Term Plan rates. Term Plans are subject to a minimum monthly usage level of \$500 for shared access or \$2,500 for dedicated access after 90 days of initial service. Should the Customer's actual usage fall below the monthly minimum usage commitment, the Customer is required to pay the Company a fee equal to the difference between the Customer's actual usage and the Customer's minimum monthly commitment. Term Plan threshold calculations will include usage charges from all intrastate and interstate switched outbound and inbound usage products (directory assistance and operator assistance are not contributory). Charges such as taxes, late payment fees and other service non-recurring and monthly recurring charges will not be included in the Term Plan usage threshold calculation. A Customer who terminates a Term Plan prior to the term's expiration will be required to pay in one lump sum an amount equaling the monthly minimum service usage charge times the number of months remaining in the term.

A Customer may terminate their Term Plan without liability under the following conditions:

- a. The customer requests, and remains on, a new Term Plan for a term equal to or greater than the time remaining on their current Company Term Plan.
- b. The Customer provides written notification to cancel the Term Plan to the Company postmarked within 90 days of the commencement of the Term Plan. The Customer is responsible for payment of services used during this period.

Term Plans will be automatically renewed unless the Customer notifies the Company in writing to cancel the renewal within 30 days prior to expiration of the current Term Plan.

4.4.10.3 Rate Periods

Peak and Off-Peak rate periods are as follows:

4.4.11 Total Solution Series 100sm Service

4.4.11.1 <u>Description</u>

Total Solution Series 100sm Service is an offering that allows Customers to select a commitment level and shared and dedicated outbound and inbound service arrangements, obtain term plan discounts, and receive Peak and Off-Peak pricing (Off-Peak pricing only applies to intraLATA outbound service where available). Total Solution Series 100sm calls are flat rated, with discounts (located in 4.4.11.3) off the base rates available according to the commitment level and term plan selected by the Customer.

The Outbound Calling Service arrangement is a long distance switch-based service, which is available on either a shared or dedicated access basis. The usage is billed on a flat rated basis. Outbound Calling Service calls are billed in 6 second increments, with an initial billing period of 18 seconds per call. Rates for Operator-assisted calls are set forth in Section 4.2.

The Inbound Calling Service arrangement is an toll free switched access service, which permits calls to be completed at the Customer's location without charge to the calling party. This service is available on either a shared or dedicated basis. Access to the service is gained by an end user dialing a 10 digit telephone number (eg.800/888+NXX-XXXX) which will terminate at the Customer's location. The usage is billed on a flat rated basis. Toll Free Service calls are billed in 6 second increments, with an initial billing period of 18 seconds per call. In addition, there is a non-recurring and monthly recurring toll free service number charge, which will be applied either on a "per toll free number" basis for shared access or on a "per routing arrangement" basis for dedicated access.

4.4.11 Total Solution Series 100K Service (Cont'd)

4.4.11.2 Commitment Levels and Term Plans

> Total Solution Series 100K Service is available on a month to month basis or on an optional 1 or 2 year Term Plan. Discounts off the base rates are available to the Customer according to the commitment level and Term Plan selected by the Customer.

Total Solution Series 100K Service is subject to a minimum monthly usage commitment (after the third full month following the initial installation of service for new Customers) based on the Customer's selected commitment level. The commitment level is calculated from the monthly total of usage generated from the following Company products: shared and dedicated domestic interstate and intrastate outbound and inbound service, international outbound, intraLATA, local service, and calling card. Charges such as taxes, late payment fees or other service non-recurring and monthly recurring charges will not be included in the total usage amount calculation, as well as usage charges from Directory Assistance, Operator Service, voice mail and conference calling.

Should the Customer's actual usage fall below the monthly minimum usage commitment, the Customer is required to pay the Company a fee equal to the difference between the Customer's actual usage and the Customer's minimum monthly commitment. A Customer who terminates a Term Plan prior to the term's expiration will be required to pay in one lump sum an amount equaling the selected monthly commitment level times the number of months remaining in the term, plus an amount equal to any promotional credit, or discount, or waiver, if applicable, that was provided to the Customer.

A Customer may terminate their Term Plan without liability under the following conditions:

- The Customer requests, and remains on, a new Term Plan for a a. term and commitment level equal to or greater than their current Company Term Plan and commitment level.
- A new Customer (who was not receiving services through the b. Company prior to execution of the Term Plan) provides written notification to cancel the Term Plan to the Company postmarked within 90 days of the commencement of the Term Plan. The Customer is responsible for payment of services used during this period.

Term Plans will be automatically renewed unless the Customer notifies the Company in writing to cancel the renewal within 30 days prior to expiration of the current Term Plan.

4.4.11.3 Discounts

The following discounts on per minute base rates for qualifying usage are based on the monthly commitment level and Term Plan selected by the Customer. Customers committing to Term Plans will receive a discount off the applicable Commitment Level discounted rate for qualifying interstate usage. To qualify for Term Plan Discounts, shared access Customers must select a minimum commitment level of at least \$250.00 per month, and dedicated access Customers must select a minimum commitment level of at least \$1,000.00 per month.

4.4.12 Bottom Line Business

Issued: August 22, 2008

Bottom Line Business offers Customers, either month-to-month or Term, a discounted flat rate schedule that will apply to both outbound and inbound intrastate calls. Calls will be billed in thirty (30) second initial increments and rounded to the next higher six (6) second increment. Customers can receive this discounted rate month-to-month or sign a Term Agreement of one (1) year.

The Term shall be extended automatically for an additional term of one (1) year, unless the Company receives the Customer's written notice to terminate this Agreement on not less than thirty (30) days prior to the then existing Term expiration date. Customers who terminate service prior to the end of the term in any manner will be liable for a termination charge of an amount equal to the monthly minimum billing commitment (\$100.00) times the number of months remaining in the Customer's Term, unless the Customer converts to another Company service with equal or greater term and minimum usage commitment.

4.4.13 Bottom Line Business II

4.4.13.1 <u>Description</u>

Bottom Line Business II offers Customers a flat rate schedule that will apply to both outbound and inbound intrastate calls. Customer's must sign a Term Agreement of one (1) year and meet a monthly minimum commitment of \$50.00 for Customers of only one service (i.e. only outbound) or \$100.00 per month if the Customer has both outbound and inbound services. Calling Card usage will not contribute to the monthly minimum commitment and Association discounts will not apply. Calls will be billed in thirty (30) second initial increments and rounded to the next higher six (6) second increment.

The Term shall be extended automatically for an additional term of one (1) year, unless the Company receives the Customer's written notice to terminate this Agreement on not less than thirty (30) days prior to the then existing Term expiration date. Customers who terminate service prior to the end of the term in any manner will be liable for a termination charge of an amount equal to the monthly minimum billing commitment times the number of months remaining in the Customer's Term, unless the Customer converts to another Company service with equal or greater term and minimum usage commitment.

4.4.14 MCI On-Net Service - Voice

4.4.14.1 Description

MCI On-Net is an outbound, customized telecommunications service that may include an inbound service option using Business Line/WATS or Dedicated Access Line terminations and/or a virtual private network. It provides a service for single or multi-location companies using switched, dedicated and card origination, and switched termination. MCI On-Net is suitable for calling between company locations.

Except as otherwise specified, all calls are subject to an 18-second minimum initial period and rounding to the next higher 6-second increment, except for Operator Assisted calls, which are subject to a 60-second initial period and rounding to the next 60-second increment. If the computed charge includes a fraction of a cent, the fraction is rounded to the nearest whole cent.

The rules and regulations governing the provision of service for toll free (inbound) service are identical to those for Toll-Free Service as filed in this Tariff, except where otherwise specified.

At the Customer's request and where feasible, the Company may permit the Customer to obtain other forms of access to the Customer's inbound service terminating location, or the Company may procure other forms of access to such location. All applicable recurring and non-recurring charges for such service will be calculated on an individual case basis, in accordance with the charges assessed by the Local Exchange Carrier or other access provider. The installation and monthly charges for any interface equipment associated with such access that is provided by the Company shall be calculated on an individual case basis. If the Company procures access for the Customer from the Local Exchange Carrier, the Customer's use of such access shall be in conformity with the regulations and other terms and conditions under which the Local Exchange Carrier provides such access.

This tariff is being offered to Idaho customers that originate and terminate calls within the State. Intrastate service is provided in conjunction with interstate MCI On-Net service.

4.4.14.5 MCI On-Net Term Plan

The MCI On-Net Term Plan is a term plan, in lieu of all other tariffed term plans. Customers who subscribe to MCI On-Net through the MCI On-Net Term Plan are subject to the terms and conditions following:

- .1 Eligible Intrastate charges is the customer's total intrastate usage of the following, after the application of promotional and other discounts: intrastate inbound and outbound usage. Charges for the following are not included as eligible intrastate charges and will not receive Term plan Discounts: Directory Assistance usage and surcharges and Operator Assisted usage and surcharges.
- .2 Term Commitment and Renewal Options: A customer must commit to service for a term of service of either one, two, three, four, or five years. The term of service will commence no earlier than the fifteenth of the billing month in which the customer subscribes to the plan. A plan will automatically renew for an equivalent term and volume commitment upon expiration of its term unless the customer provides written notification to cancel the Term Plan, which must be received by MCI no more than 30 days after expiration of the existing term. If the customer cancels the existing term plan within 30 days after expiration of the existing term, the customer will receive the discounts for which the customer qualifies during the 30-day period following the expiration of the existing term of service.

.3 Early Termination Charges:

a. Cancellation or Discontinuance Without Liability: If: (i) the customer's use of MCI service under an MCI On-Net Term Plan equals or exceeds the Customer's equivalent annualized minimum volume commitment and (ii) at the time of termination the customer is enrolled in a new MCI On-Net Term Plan with a volume commitment which equals or exceeds the Customer's existing volume commitment, the customer may terminate service under the Term Plan without liability as follows: (i) the customer may terminate service at any time during the last three months of the term of service if the customer's new Term Plan's term commitment is one year; or (ii) the customer may terminate service at any time during the last six months of the term of service if the customer's new Term Plan's term commitment is equal to or greater than two years.

4.4.18 Verizon Loyalty Plus I Plan¹

Offer: Existing Company customers who simultaneously order a new eligible MCI Legacy Company service "unit" (see table below), excluding upgrades and conversions on existing service and enroll that unit in this plan will receive the following benefit: a one-time credit in the amount indicated in the table below, applied to the monthly recurring charges for the new MCI Legacy Company service unit. The credit will be applied to the second full-month's invoice following activation of the new service unit. Customer may designate that the credit be applied either as an invoice credit or a deposit in Customer's Fund account Customer Type of Service. To receive the benefits of this plan, each eligible service unit must be active, with no pending cancellation request, at the time the credit is applied. Except for this one-time credit, this plan does not change the terms and conditions that apply to the new service unit.

Customers will also receive a waiver of the non-recurring Company-billed installation charges for installation following plan enrollment of all eligible service units identified below. Usage charges, monthly recurring charges, expedite charges, change charges, surcharges, any charges imposed by third parties (including access, egress, jack, or wiring charges), taxes or tax-like surcharges, or other Governmental Charges will not be waived. This plan applies only with respect to new eligible MCI Legacy Company provided service units ordered for installation within 30 days of order (or by Company's quoted installation date if later), by a Customer with at least one MCI Legacy Company service which has been actively billing for at least 90 days prior to enrollment in this plan.

Customer may enroll any eligible service unit, but any individual unit may be enrolled only once. Customer may not receive: (i) any discounts, (ii) the benefits of: any Special Customer Arrangement (SCA) or Product Package, other than Special Customer Arrangements (SCA) Guide Types 2, 3, 4, 5, 6, 7, 8 or 9 or Produce Package SCA Guide Types 13, 14, 15, 16, 18, 19, 20 and 21, or (iii) the benefits of Verizon Business Services I Flexible T1 Promotion, Regional Plus Frame Relay Promotion and Competitive Voice 2 Promotion as described in the Company's "Service Publication and Price Guide" (The Guide) located on the Company's website at www.verizonbusiness.com on any enrolled unit.

4.4.19 Verizon Loyalty Plus II Plan¹

Offer: Existing Company customers who simultaneously order a new eligible MCI Legacy Company service "unit" (see table below), excluding upgrades and conversions on existing service and enroll that unit in this plan will receive the following benefit: two credits in the amount indicated in the table below, applied to the monthly recurring charges for the new MCI Legacy Company service unit. The credits will be applied to the second full-month's and the sixth full-month's invoice following activation of the new service unit. Customer may designate that the credit be applied either as an invoice credit or a deposit in Customer's Fund account. To receive the benefits of this plan, each eligible service unit must be active, with no pending cancellation request, at the time the credits are applied. Except for these two credits, this plan does not change the terms and conditions that apply to the new service unit.

Customers will also receive a waiver of the non-recurring Company-billed installation charges for installation following plan enrollment of all eligible service units identified below. Usage charges, monthly recurring charges, expedite charges, change charges, surcharges, any charges imposed by third parties (including access, egress, jack, or wiring charges), taxes or tax-like surcharges, or other Governmental Charges will not be waived.

This plan applies only with respect to new eligible MCI Legacy Company provided service units ordered for installation within 30 days of order (or by Company's quoted installation date if later), by a Customer with at least one MCI Legacy Company service which has been actively billing for at least 90 days prior to enrollment in this plan.

Customer may enroll any eligible service unit, but any individual unit may be enrolled only once. Customer may not receive: (i) any discounts, (ii) the benefits of: any Special Customer Arrangement (SCA) or Product Package, other than Special Customer Arrangements (SCA) Guide Types 2, 3, 4, 5, 6, 7, 8 or 9 or Produce Package SCA Guide Types 13, 14, 15, 16, 8, 19, 20 and 21, or (iii) the benefits of Verizon Business Services I Flexible T1 Promotion, T Regional Plus Frame Relay Promotion and Competitive Voice 2 Promotion as described in the Company's "Service Publication and Price Guide" (The Guide) located on the Company's website at www.verizonbusiness.com on any enrolled unit.

4. SERVICE DESCRIPTION AND CHARGES (Cont'd)

4.5.2 Public Payphone Surcharge

A Public Payphone Surcharge will apply to all completed calls originating from pay telephones including:

- 1) calls billed to a Company-issued access code (e.g., MCI Calling Card, MCI PhonPass prepaid card);
- 2) "0+" and other calls billed collect, to a third number, to a commercial credit card, or to a calling card issued by a local exchange carrier; and
- 3) calls placed via Company 800 or 888 numbers to any Customer.

No discounts shall apply to Public Payphone Surcharges. Pay telephones include coin-operated and coinless phones owned by local telephone companies, independent companies and other interexchange carriers. The Public Payphone Surcharge applies to the initial completed call and any reoriginated call (e.e., using the "#" symbol) completed and billed as described above.

Whenever possible, the Public Payphone Surcharge will appear on the same invoice containing the usage charges for the surchared call. In cases where proper payphone coding digits are not transmitted to the Company prior to completion of a call, the Public Payphone Surcharge may be billed on a subsequent invoice after the Company has obtained information from a local exchange carrier which confirms that the originating station is an eligible payphone.

5. GRANDFATHERED SERVICES

<u>Description</u> - Services listed in this section are available to previously existing Customers only.

5.1 PERFORMANCE SERVICES

5.1.1 Performance 2000 Services

.1 <u>Description</u> - This service offering allows the Customer to select outward,inward and/or travel service arrangements as provided below and to obtain Performance 2000 Term Plan discounts. The Performance 2000 services consist of three levels: Level I - no per invoice billing commitment; Level II - \$1,500 per invoice billing commitment or the Customer is charged the difference; and Level III -\$4,500 per invoice billing commitment or the Customer is charged the difference. Level I service is limited to the OnePlus, toll free and Calling Card service arrangements. Calls may be originated and/or terminated via Company switched facilities. Outbound calls may be terminated to any point within the United States. Inbound calls may originate from any point within the contiguous United States and Canada.

.2 Service Arrangements

- a. <u>Performance 2000 One Plus</u> This service option is an outward calling switched access service arrangement available to Customers who presubscribe to the Company's service. Usage rates are time-of-day sensitive. Calls are billed in six second increments.
- b. <u>Performance 2000 Toll Free</u> This service option is an inward calling termination arrangement available via switched and dedicated access facilities. Usage rates are time-of-day sensitive. Calls are billed in six second increments. A minimum average time requirement (MATR) of thirty seconds per call applies during a billing period. Toll free Service number charges apply as described in the same section.
- c. <u>Performance 2000 Calling Card</u> This service option is an outward calling switched access arrangement which allows a Customer to originate calls through use of a Company calling card via an toll free Universal Access Number. Usage rates are time-of-day sensitive. Calls are billed in one minute increments.

5.1.2 Performance 4000 Services

- .1 <u>Description</u> Performance 4000 Service offers a unified service for single or multi-location customers using both switched and dedicated inbound and outbound service, a calling card and international service. Performance 4000 has been designed especially for the larger customer billing over \$7,500 a month, with the availability of peak and off-peak rates, calling card services and offering a discount for customers willing to sign a term commitment of either twelve (12), twenty-four (24) or thirty-six (36) months and/or a willingness to commit to a specific dollar volume of monthly minimum usage. There are five (5) levels of Performance 4000 which are described as follows:
 - Level I Requires a monthly minimum billing commitment of \$7,500; if the minimum is not reached the customer is charged the difference.
 - Level II Requires a monthly minimum billing commitment of \$15,000; if the minimum is not reached the customer is charged the difference.

This Service is no longer available to new Customers as of June 1, 1997.

^{*} A \$0.25 surcharge applies to each call.

^{.4 &}lt;u>Rate Periods</u> - Peak rates apply weekdays between 7:00 a.m. to 7:00 p.m. Off-peak rates apply to all other times and on holidays.

Subsection A – Materials previously in Company Tariff No. 1 (Cont'd)

5. GRANDFATHERED SERVICES (Cont'd)

5.1 PERFORMANCE SERVICES (Cont'd)

5.1.2 Performance 4000 Services (Cont'd)

.1 Description (Cont'd)

- Level III Requires a monthly minimum billing commitment of \$25,000; if the minimum is not reached the customer is charged the difference.
- Level IV -Requires a monthly minimum billing commitment of \$50,000; if the minimum is not reached the customer is charged the difference.
- Level V Requires a monthly minimum billing commitment of \$75,000; if the minimum is not reached the customer is charged the difference.

Multiple services and/or multiple locations using Performance 4000's services can contribute to the overall monthly minimum commitment. Domestic toll free, Domestic and International outbound calls contribute to determining monthly minimum usage. Operator Services usage is not included in determining monthly minimum usage.

Customers must reach the minimum monthly usage requirement associated with their selected Performance 4000 Level by the fourth invoice period and monthly thereafter.

Peak and off peak rates, rate periods and billing increments can be found in Section 5.2.2 following. Performance 4000 Services for intrastate use are sold as an add-on service to the Company's interstate Performance 4000 Services. Recurring and non-recurring charges are found below.

5.1 PERFORMANCE SERVICES (Cont'd)

- 5.1.2 Performance 4000 Services (Cont'd)
 - .2 Performance 4000 Term Plan Performance 4000 Services are available to customers through a Term Plan option if the customer agrees to commit to such service for a term of twelve (12), twenty-four (24) or thirty-six (36) months. Customers who elect the Term Plan Option will receive a discount off their selected option's domestic rates. These discounts will apply to the interstate rates when both interstate and intrastate service is utilized. Customers who elect the Performance 4000 Term Plan option are subject to the following:
 - a. Customers must indicate what Performance 4000 Level is to be included in the term plan. The rates provided under this option become effective with the first full month's usage.
 - b. Customers who fall below the monthly minimum usage requirement for the plan selected will be billed the difference between actual usage and the monthly minimum required.
 - c. Customers who terminate service prior to the end of the term of commitment will be billed a termination liability consisting of the monthly minimum of the selected plan option multiplied by the number of months remaining in the commitment, due and payable upon termination in a lump sum. This charge will not apply to customers who convert from a Performance 4000 service to another Company service with equal or greater term and minimum usage requirement commitments.
 - d. All customer requests to commence or terminate a Performance 4000 Term Plan must be made in writing to Company and received no later than thirty (30) days prior to the then existing term expiration date. If such notification is not received by Company within this timeframe, the Performance Term Plan agreement will be automatically renewed for a new term of commitment. The customer has ninety (90) days from the date service is made available in which to notify Company in writing of the customer's desire to cancel this agreement without further obligation.
 - e. Performance 4000 Term Plan is not available with Operator Services, Ultimate Call Manager, other Fixed Period Discount Plans or any promotions not associated with this plan.

5.2 EASYANSWER SERVICES

5.2.1 Basic EasyAnswer Service

.1 <u>Description</u> - Basic EasyAnswer Service offers a unified service for single or multi-location Customers using switched, dedicated, and OnLine calling card origination and switched or dedicated toll free (in WATS) termination. The Basic EasyAnswer package includes the availability of outbound, inbound (toll free) and calling card services, and offering a discount on outbound and toll free service for Customers willing to sign a term commitment and/or a willingness to commit to a specific dollar volume of monthly minimum usage. These discounts will apply to the interstate rates when both interstate and intrastate service is utilized. Rates, rate periods and billing increments can be found in this section.

There are three (3) Options of Basic EasyAnswer available to Customers, each of which are described below:

- Option 1 Requires no monthly minimum billing commitment.
- Option 2 Requires a monthly minimum billing commitment of \$1,000; if the minimum is not reached, the Customer is charged for the difference.
- Option 3 Requires a monthly minimum billing commitment of \$5,000; if the minimum is not reached, the Customer is charged for the difference.

Multiple services and/or multiple locations using Basic EasyAnswer's services can contribute to the overall monthly minimum commitment; however, the Customer must allocate the minimum by service and location. Domestic toll free, Domestic and International outbound calls contribute to determining monthly minimum usage. Easy OnLine Calling Card, Easy Calling Card Option A, Operator Services and Directory Assistance usage is not included in determining monthly minimum usage.

Customers must reach the minimum monthly usage requirement associated with their selected Basic EasyAnswer Option by the fourth invoice period and monthly thereafter.

GRANDFATHERED SERVICES (Cont'd)

5.2EASYANSWER SERVICES (Cont'd)

5.2.1 Basic EasyAnswer Service (Cont'd)

.7 Basic EasyAnswer Term Plan

Basic EasyAnswer Services are available to Customers through a Term Plan option if the Customer agrees to commit to such service for a term of twelve (12), twenty-four (24) or thirty-six (36) months. Customers who elect the Term Plan option will receive a discount off their selected Option's domestic interstate, and intrastate outbound and toll free rates. This discount will apply to Basic EasyAnswer's peak interstate rates and all time periods for intrastate rates. Customers who elect the Basic EasyAnswer Term Plan option are subject to the following:

- a. Customers must indicate what Basic EasyAnswer service or services are to be included in the term plan. The interstate discounts provided under this option become effective with the first full month's usage.
- b. Customers who terminate service prior to the end of the term of commitment in any manner other than stated in d. following, will be liable for a cancellation penalty equal to the number of months remaining in the term then in effect multiplied by: (1) \$200 per month for switched services; or (2) \$500 per month for dedicated services (per service type). The foregoing cancellation penalty will apply unless the Customer immediately converts to another Company service with equal or greater term and minimum usage requirement commitments, and the Customer continues to use such Company Service for a period of months equal to or greater than the number of months remaining in the term during which the conversion takes place.
- c. All Customer requests to commence or terminate a Basic EasyAnswer Term Plan must be made in writing, either by certified or registered mail (<u>return receipt requested</u>), to Company and received no later than thirty (30) days prior to the then existing term expiration date. If such notification is not received by Company within this timeframe, the Basic EasyAnswer Term Plan agreement will be automatically renewed for a new term of commitment. The Customer has ninety (90) days from the date service is made available in which to notify Company in writing, either by certified or registered mail (<u>return receipt requested</u>), of the Customer's desire to cancel this agreement without further obligation.

5.2.2 EasyAnswer Association

Issued: August 22, 2008

The EasyAnswer Association program is a benefit package which allows the individual users who are members or employees of the participating organization to receive additional product imterstate discounts. Members who elect to participate in the EasyAnswer Association program will receive Basic EasyAnswer products, and Easy OnLine Calling Card Service or Easy Calling Card Option A Service.

To qualify for EasyAnswer Association an organization generally must be a: (1) Trade association representing businesses or individuals in an industry, profession or business classification; (2) Business with franchises, agents, distributors, or multiple representatives; (3) Non profit organization, or; (4) Buying group not organized merely to buy Company long distance for resale. The qualifying organization agrees to meet the following set of criteria within (6) months of undertaking to qualify and thereafter maintain them, and enters into a written agreement with Company for the marketing of Company's services. The group's members who have subscribed to Company's services throughout the group must have aggregate billings, net of taxes; promotional credits and surcharges of at least \$5,000 per month.

Company will render monthly statements to the individual members and the statement received will show all appropriate interstate discounts. All sums due from members are the sole property of Company, and Company shall have the sole right to collect, enforce collection and settle such sums. The EasyAnswer Association member group shall receive a monthly report from Company listing members of the group who subscribe to Company service under this program.

This Service is no longer available to new Customers as of June 1, 1995.

5.2.2 EasyAnswer Association (Cont'd)

Unless otherwise specified in this tariff, member's usage of Company service under this plan cannot be used to qualify for any other benefits under this tariff or under other arrangements between Company and third parties who undertake to market Company's services. Association interstate discounts for Basic EasyAnswer are outlined in this section.

EasyAnswer Association members will receive a 5% discount on interstate and intrastate usage, peak and off-peak time periods for monthly and one (1) year term plan Customers. Association members who sign up for a two (2) year term plan will receive the same discounts as non-Association Customers.

5.2.3 ASSOCIATION SAVER

- 5.2.3.1 The Association Saver Program is a benefit package which allows the individual users who are members or employees of the participating organization to receive additional product discounts. These discounts apply to the interstate discounts when both interstate and intrastate service is utilized. Members who elect to participate in the Association Saver program will receive Answer Products and OnLine Calling Service.
- 5.2.3.2 To qualify for association saver an organization generally must be a: (1) Trade association representing businesses or individuals in an industry, profession or business classification; (2) Business with franchises, agents, distributors, or multiple representatives; (3) Non profit organization, or: (4) Buying group not organized merely to buy Company long distance for resale. The qualifying organization agrees to meet the following set of criteria within six (6) months of undertaking to qualify and thereafter maintain them, and enters into a written agreement with Company for the marketing of Company's services. The group's members who have subscribed to Company's services throughout the group must have aggregate billings, net of taxes; promotional credits and surcharges of at least \$5,000 per month.

5.3 THE ANSWER FAMILY OF SERVICES

5.3.1 <u>Description</u> - "The Answer" is a family of service offerings that offers a unified service for single or multi-location Customers using switched, dedicated, and OnLINE card origination and switched or dedicated toll free (in WATS) termination. "The Answer" package includes the availability of switched and dedicated access termination with peak and off peak rates, volume discounts, accounting codes, call detail, and a consolidated invoice for all locations. Peak and off peak rates and volume discounts can be found below. Optional features are described in the Company's Domestic tariff. All fractional per call charges will be rounded to the nearest whole cent.

"The Answer" I is available as an outgoing switched product with origination via FGD, equal access lines. "The Answer" II is available as an outgoing dedicated product via Customer-provided dedicated access line (DAL) or T-1 access. "The Answer" III is an toll free product via regular business lines. "The Answer" IV is an toll free product via Customer-provided dedicated access line (DAL) or T-1 service. "The Answer" V OnLine World Calling Card is available as a calling card service.

- 5.3.6 "The Answer" Extended Service Plan ("ESP") "The Answer" services are available to Customers through an Extended Service Plan ("ESP") option if the Customer agrees to commit to such service for a term of twelve (12), twenty-four (24), or thirty-six (36) months and to generate a minimum monthly gross usage as outlined in Section 4.5.5.6.6. Customers who elect the Answer ESP option are subject to the following:
 - .1 Customers must indicate what Answer service or services are to be included in the ESP. The discounts provided under this option become effective with the first full month's usage.
 - .2 Customers must reach the minimum usage requirement associated with each Answer ESP option by the fourth invoice period and monthly thereafter.
 - .3 Customers who do not generate the monthly minimum required in a given month will be billed the monthly minimum in lieu of the actual usage for that month. No discounts will be applied if usage does not reach required ESP option monthly minimum.
 - .4 Customers who terminate service prior to the end of the term of commitment will be billed the minimum usage requirement times the number of full or partial months remaining in the term in one lump sum. This charge will not apply to Company Answer Customers who convert from an Answer service to another Company service with equal or greater term and minimum requirement commitments.

5.4MFS Intelenet Calling Card Service

5.4.1 Description

MFS Intelenet Calling Card Service is provided to Customers for use when away from their established service location. New customers of the Company's interexchange services will automatically be issued two calling cards. These cards will initially be subject to a \$25.00 per month usage limit. Upon notification to the Company by the Customer, the monthly usage limit may be increased. Access to the service is gained by dialing a Company-designated toll free access number (eg. 800/888-NXX-XXXX), plus the Customer's/ User's MFS Intelenet Calling Card authorization number and the called telephone number. The service includes a Customer-programmable speed dialing capability for up to eight telephone numbers, and a capability whereby a Customer may establish 2-to-6 digit, verified or unverified accounting codes for use with the MFS Intelenet Calling Card, at no additional charge. The MFS Intelenet Calling Card can also be used to place an operator-assisted and directory assistance calls, subject to the application of additional charges.

Beyond these standard features, the MFS Intelenet Calling Card includes the following enhanced features: conference calling, MFS Intelenet Voice Mail access, voice messaging, and news and information access. Use of these enhanced features is subject to separate charges. MFS Intelenet Calling Card calls are billed in six second increments, with a one minute minimum. This service is offered with Peak and Off-Peak pricing. A description of the additional features are as follows.

5.4.2 Operator-Assisted Calls

The MFS Intelenet Calling Card can be used to place MFS Intelenet operator-assisted calls. The surcharges are applied per call, in addition to the standard usage charges.

5.4.3 <u>Directory Assistance Calls</u>

The MFS Intelenet Calling Card can be used to place calls for Directory Assistance. A flat charge will apply per requested number (Requested Number Charge). At the Customer's option, the Company will automatically place a call to the requested number. For calls completed in this manner, a Call Completion Charge and the Standard Usage Charges will apply in addition to the Requested Number Charge.

5.4.4 Enhanced Features Charges

Enhanced features are available for use as described below. Enhanced features charges apply in lieu of standard usage charges. Usage charges are billed in six second increments with a one minute minimum.

5.4.4.1 Conference Calling

Allows a User to establish a conference call by accessing the conference operator. Charges apply per established line and per minute of usage.

5.4.4.2 Voice Mail Access

Allows a User to access MFS Intelenet Voice Mail and to place return calls without having to hang-up and initiate a new calling card call.

5.4.4.3 Voice Messaging

Allows the User to leave up to a three minute voice recorded message that is stored for future delivery when the called number is busy or no answer.

5.4.4.4 News and Information

Provides access to news, weather, sports, financial information and other features.

5.4.5 Rate Periods

Peak and Off-Peak rate periods are as follows:

Non-Holiday		To But Not	
Rate Periods	<u>From</u>	Including	<u>Days</u>
Peak	8:00 a.m.	.5:00 p.m.	Mon-Fri
Off-Peak	5:00 p.m.	.8:00 a.m.	Mon-Fri
	8:00 a.m.	.8:00 a.m.	Sat-Sun
	8:00 a.m.	. 8:00 a.m.	Holidavs

<u>Holidays</u>: On Christmas Day (Dec. 25), New Years Day (Jan. 1), Memorial Day, Independence Day (July 4), Labor Day (first Monday in Sept.) and Thanksgiving Day (fourth Thursday in Nov.) the Off-Peak Period rate applies unless a lower rate would normally apply.

5.5WORLDMARK SERVICE

5.5.1 Description

Issued: August 22, 2008

WorldMark Service offers a unified service for single or multi-location customers using switched, dedicated, and WorldMark calling card origination and switched or dedicated toll free termination. The WorldMark package includes the availability of outbound, inbound (toll free) products with peak and off peak rates and a non time-of-day sensitive, calling card product, as well as, offering the most comprehensive performance guarantees available.

WorldMark Service offers cross-contributory product volume discounts on switched and dedicated, outbound and inbound(toll free) products based on combined usage of multiple WorldMark Service products, including domestic switched and dedicated, outbound and inbound (toll free) product usage, calling card and switched and dedicated WorldMark data product usage.

WorldMark Service offers a discount on switched and dedicated outbound and toll free products for customers that are willing to sign a term commitment. Peak and off peak rates, rate periods, billing increments, Optional features and discount schedules can be found following.

5.5.3 WorldMark Service Guarantees

The following is a list of guarantees for each product offered under this service that will automatically compensate the customer when stated product performance levels are not met. The customer's right to receive the WorldMark Guarantees as set forth will depend upon the Company's receipt of customer's full payment of each months' invoice. In the event the customer's account becomes past due, the Company reserves the right to void all rights to WorldMark's Service Satisfaction Guarantees and Service Restoration Guarantees as defined herein.

WorldMark Service is no longer available to new Customers as of April 10, 1998.

Issued: August 22, 2008

5. GRANDFATHERED SERVICES (Cont'd)

- 5.5 WORLDMARK SERVICE (Cont'd)
 - 5.5.3 WorldMark Service Guarantees (Cont'd)
 - .1 WorldMark 1+ Switched/ Dedicated Service
 - a. <u>Installation Interval Guarantee</u> WorldMark customers of switched outbound service will be installed within five (5) full business days from the date the customer signed the service order. WorldMark customers of dedicated outbound service (limited to MCI Tier One cities) will be installed within eighteen (18) full business days from the date the customer signed the service order.
 - i. <u>Customer Compensation</u> For each day the WorldMark switched or dedicated outbound installation interval is exceeded, a credit for each day's usage for the affected service will be issued. The average daily usage amount is calculated from the first complete billing period. In addition, customers will receive credit for their installation and first month's access line charges.
 - b. <u>Service Satisfaction Guarantee</u> Company will pay the local access and interexchange carrier service installation charges to return the customer to their previous carrier and circuit configuration if they are not satisfied after one hundred twenty (120) days with our service. Reimbursement will be limited to the levels of service in the previous configuration.
 - c. <u>Service Restoration Guarantee</u> Company guarantees that it will restore outbound service interruptions within thirty (30) minutes from the time the customer initiates the trouble call.
 - Customer Compensation If the restoration interval is exceeded, Company will
 automatically issue a credit equal to one (1) day's average usage charges. The average
 daily usage amount is calculated from the first complete billing period. Limited to one (1)
 credit per day, not to exceed thirty (30) credits in one (1) month.

 - .2 WorldMark Toll-Free Service
 - a. <u>Installation Interval Guarantee</u> WorldMark customers of switched inbound service will be installed within five (5) full business days from the date the customer signed the service order. WorldMark customers of dedicated inbound service (limited to MCI Tier One cities) will be installed within eighteen (18) full business days from the date the customer signed the service order.
 - i. <u>Customer Compensation</u> For each day the WorldMark switched or dedicated inbound installation interval is exceeded, a credit for each day's usage for the affected service will be issued. The average daily usage amount is calculated from the first complete billing period. Limited to one (1) credit per day, not to exceed thirty (30) credits in one (1) month. In addition, the monthly WorldMark toll-free service fee will be credited and dedicated customers will receive credit for their installation and first month's access line charges.
 - b. Additional Number Installation Guarantee Additional toll-free numbers will be added to existing WorldMark switched or dedicated inbound service within one (1) full business day. This guarantee is not applicable if the additional number requires the installation of additional dedicated access lines or if the FCC-imposed restrictions on the availability of toll-free numbers necessitates a delay beyond Company's control. In addition, Company makes no warranty on our ability to overcome delays caused by competitors when porting existing numbers.
 - Customer Compensation For each day the additional number installation interval is exceeded, a credit for each day's usage will be issued for the affected service. In addition, the monthly WorldMark toll-free service fee will be credited for the affected service.

5.5.4 WorldMark Service Liability

- .1 With thirty (30) days prior written notice, the Company reserves the right to discontinue providing WorldMark Service to a customer if the Company issues five (5) or more restoration credits in a thirty (30) calendar period.
 - a. In the event the Company cancels WorldMark Service in accordance with Section 4.4.5.3 above, the Company will reimburse the customer the charges directly related to the switch back (the "Qualifying Charges") based on the customer's prior network configuration, not to exceed the amount paid for installation of WorldMark Service.
 - b. Any WorldMark Switched Back Reimbursement due hereunder as described above, shall be due and payable to customer on or before sixty (60) calendar days from the time the Company notifies the customer of the cancellation of WorldMark Services.
 - c. Payment of the WorldMark Switch back Reimbursement may at the customer's option, be made by either (i) a credit against the customer's then-current charges for services provided by the Company, if any; or, (ii) a check drawn on a United States bank and payable in United States dollars. Said payment may be withheld if customer is in past due status with the Company.
- .2 In addition to the liability provisions specifically provided in this section, all other Rules and Regulations for liability as filed in Section 3 - General Rules and Regulations will also apply to WorldMark Services.

5.5.8 Term Commitment Liability

Customers who terminate service prior to the end of the term of commitment in any manner will be liable for a cancellation penalty equal to the monthly minimum billing commitment times the number of months remaining in the customer commitment period through the expiration of the first year. If applicable, 25% of the balance remaining (monthly minimum billing commitment times the number of remaining months in the contract beyond the first year) will also be included (per service type). If the termination becomes effective after the completion of the first year, than the charge shall be equal to 25% of the balance remaining (monthly minimum billing commitment times the number of months remaining in the contract). The following cancellation penalty will apply unless the customer immediately converts to another Company service with equal or greater term and minimum usage requirement commitments, and Customer continues to use such Company service for a period of months equal to or greater than the number of months remaining in the term during which the conversion takes place.

5.6MCI Advantage Plus I

MCI Advantage Plus I is a flat-rated service offering customers who signed a 1-year or 2-year term commitment and met certain monthly minimum usage requirements a single flat rate for both peak and off-peak dedicated and switched services. The customer must have signed an Extended Service Plan (ESP) agreement under which the discounts will apply to both peak and off-peak domestic usage for the term of the agreement. Customers will be billed at the stated minimums agreed upon if the monthly minimum is not met. Billing increments applying to both outbound and "toll-free" calls will be an initial minimum increment of 18 seconds and additional increments of 6 seconds for switched services and an initial minimum increment of 12 seconds and additional increments of 6 seconds for dedicated services. All fractional per-call charges will be rounded to the nearest whole cent.

5.6.3 Terms and Conditions

Additional Terms When the Customer has completed the term commitment, service will automatically be renewed for additional term(s) of the agreement unless MCI has received the Customer's written notice to terminate the agreement not less than thirty (30) days prior to the then existing term expiration date. Customer's who terminate service prior to the end of the Term in any manner other than stated will be liable for an ESP termination charge of an amount equal to the greater of the following, unless Customer converts to another MCI service with equal or greater term and minimum usage commitment:

- 1. If the termination becomes effective prior to the completion of the first year of the Customer Term, then the charge shall be an amount equal to the monthly minimum billing commitment times the number of months remaining in Term through the expiration of the first year. If applicable, twenty-five percent (25%) of the balance remaining (monthly minimum billing commitment times the number of remaining months in the Term beyond the first year) will also be included.
- 2. If the termination becomes effective after the completion of the first year, then the charge shall be an amount equal to twenty-five percent (25%) of the balance remaining (monthly minimum billing commitment times the number of months remaining in the Term).

SECTION C - SERVICE DESCRIPTIONS AND RATES (Cont'd)

2. DEDICATED LEASED LINE SERVICE

Dedicated Leased Line Service is offered in the form of discrete intrastate communications facilities which are dedicated to the use of a specific customer and are billed at pre-determined fixed monthly rates. The customer may elect to have MCI provide local facilities, may provide his own, or may arrange for any combination thereof. Dedicated Leased Line Service is offered in the following transmission modes:

.011 Analog Service:

- .0111 Voice Grade Service is offered in increments of one or more voice grade channels, each with nominal bandwidth of 4 kHz. Such voice grade channels of voice grade channels or combinations of voice grade channels may be utilized, on a permissive basis, for voice service, data service, facsimile service or combinations thereof, and may be interconnected with the facilities of other communications carriers and users for a customer's communications needs. MCI will provide, if required, a handset at each circuit end as part of this service. This service is available as point-to-point and multipoint, where capabilities permit.
- .0112 Analog Data Service is offered at approximate date speeds of 0-300, 1200, 2400, 4800, 7200, or 9600 bits per second (b.p.s.).
- .0113 <u>Alternate Voice/Data Service</u> is offered with the capacity of voice grade communications and data communications on an alternate use basis. If required, MCI will provide a handset at each circuit end as part of this service.

.012 Digital Service:

- .0122 <u>Digital Service (DS1)</u> is a point-to-point dedicated circuit used for simultaneous two-way transmission of serial bipolar, isochronous digital signals at a transmission speed of 1.544 mbps.
- .0123 <u>Digital Service (DS3)</u> is a point-to-point dedicated circuit between customer premises that is used for simultaneous two-way transmission of serial bipolar, isochronous digital signals at a transmission speed of 44.736 Mbps. One DS3 channel provides the equivalent information handling capacity of 28 DS1 channels or 672 voice equivalent circuits. DS3 may be used for any combination of voice and data communications.

SECTION C - SERVICE DESCRIPTIONS AND RATES (Cont'd)

2. DEDICATED LEASED LINE SERVICE (Cont'd)

.01 General Description (Cont'd)

.013 Notification Required From Customers:

All customer requests to commence, change, or terminate a Fixed Term or Network Pricing Plan must be made in writing and received by MCI no later that the 15th day of the month preceding the month in which the desired action is to take effect. All rate plan changes for existing circuits take effect on the first day of a calendar month.

A customer may cancel any order for an optional Fixed Term or Network Pricing Plan provided that a written request to do so is received by MCI before the plan commences. A request to cancel an optional rate plan shall not be deemed to be a request to cancel any associated circuits, unless otherwise indicated in the written notification.

A customer must provide MCI with one month written notice to disconnect a circuit. All charges for dedicated leased line services and service components ordered under this tariff and provided by MCI, or by MCI as agent when acting in the customer's behalf, will apply for one month from the time notice is received, or until the requested disconnection date, whichever is later. The charges will apply whether or not the customer uses the circuit.

A circuit may only be enrolled in one rate plan at a time. The Monthly Plan will be the applicable rate plan pursuant to which a circuit will be billed when no other plan has been selected by the customer, or when the selected Plan has not commenced, been canceled, or has expired. The Monthly Plan may also apply if the customer fails to comply with the requirements for notification as set forth above.

¹For clear channel 64 kbps circuits, the customer must provide B8ZS or clear channel compatible customer terminal equipment.

²2DS0 Access is a digital local access arrangement which is provided by the Local Exchange Carrier, where available, to connect customer's premises to MCI terminals to provide synchronous digital transmission at data speeds of 2.4, 4.8, 9.6, 56 or 64 kbps.

Monthly

\$ 21.00

Installation

\$215.00

.024 Inter-Office Channel (IOC)

.0241 Mileage Measurements (per IOC)

Point-to-Point: The rate mileage for the IOC on a point to point private line service is the airline distance measured between two MCI Points of Presence. See Section C-5 for method of calculation of airline mileage.

Multipoint: The rate mileage for the Inter-Office Channel(s) on a private line service with three or more Points of Presence is the sum of the individual airline mileage measured between each pair of MCI Points of Presence which results in the lowest total mileage charge when all of the MCI Points of Presence are connected together. The charge for the airline mileage between each pair of MCI Points of Presence is calculated separately and then summed. (Note: The actual MCI routing of the private line service may vary from the priced configuration. This method of calculation applies except in those cases when the customer specifies the sequence in which the Inter-Office Channels are connected).

.0241 Monthly Plan: Under this plan, IOC charges are determined according to Mileage, using the applicable fixed and per mile monthly plan rates for the individual IOCs.

<u>Mileage</u>	<u>Fixed</u>	Per Mile
1-50	\$78.75	\$3.13
51-100	\$162.50	\$1.45
101+	\$272.50	\$0.35

.0242 Network Connection Charge (NCC)

The monthly recurring and non-recurring charges will apply, per connection, only for circuits installed on or after October 1, 1998, if access is customer-provided. Applicable rates are located in MCI FCC Tariff #8, Section C.0225.

.035 Network Connection Charge (NCC)

The monthly recurring and non-recurring charges will apply, per connection, only for circuits installed on or after October 1, 1998, if access is customer-provided. Applicable rates are located in MCI FCC Tariff #8, Section C.0225.

.05DS3

.051 DS3 Local Access

.0511 Service Description

DS3 Digital Access is a high capacity digital local access arrangement which relies on DS3 transmission technology used by the Local Exchange Carrier, or other access provider, and which will be used to connect customer's premises to MCI terminals to provide customer access to MCI services.

.0512 Rate Components

.05121 Local Access Channel Monthly Recurring Channel Charges:

The monthly recurring local loop charges are found in the relevant Local Exchange Carrier tariffs.

Charges for special arrangements, including engineering, construction, labor, facility costs and other costs associated with making the interconnection compatible between the customer's and MCI's equipment and/or facilities are additional and at the expense of the customer and shall be charged under Section B-17.01 of MCI Tariff FCC No. 1.

There will be no allowance for service deferral on the Local Access Channel. All charges for access begin on the original service request date, or the telco delivery date, whichever is later.

Idaho Public Utilities Commission Office of the Secretary **ACCEPTED FOR FILING**

SEP 1 - 2008

Boise, Idaho

SECTION C - SERVICE DESCRIPTIONS AND RATES (Cont'd)

2. DEDICATED LEASED LINE SERVICE (Cont'd)

.07Fixed Term Plans:1

Applies to 64 kbps and below. Under these plans, a customer may order individual circuits for fixed terms ———— of 1, 2, 3, 4 or 5 years. The monthly recurring IOC charges under a particular plan are determined by deducting the applicable discount from the monthly charges calculated using the per circuit and per mile rates of the Monthly Plan.

A customer may terminate a Fixed Term Plan or Plans before the end of the committed term or terms without liability, if:

- a revision in this Tariff results in a higher IOC rate for the Plan to which the customer has committed, and to which higher IOC rate the customer has not given written consent.
- For TDS 1.5 the customer enrolls the DS1 IOC in a new Fixed Term Plan which expires on or after the expiration date of the existing Plan:
- the customer replaces the existing Fixed Term Plan or Plans with a Network Pricing Plan for which the minimum committed revenue over time, calculated by multiplying the number of months in the term of the plan by the minimum monthly IOC revenue commitment amount, is equal to or exceeds the amount determined by summing the IOC charges, calculated using the Monthly Plan rates, of the circuits in the Fixed Term Plan or Plans to be terminated, multiplied by the number of months remaining in the respective committed term of each plan.
- For DS1 the customer commits to a replacement DS3 Service between the same city pairs at which a circuit is enrolled in a Fixed Term Plan or Plans, which commitment to DS3 Service expires on or after the expiration date of all existing Fixed Term Plans to be terminated. For purposes of applying this provision, a DS3 Service circuit shall be the equivalent of 28 DS1 circuits.

Except as otherwise specified immediately above, if a customer terminates a Fixed Term Plan prior to its expiration, the customer shall pay termination charges for any unexpired portions of the term remaining after the notice period for disconnecting a circuit (See Section C-2.0123 entitled "Notification Required" From Customer"). The customer is liable for termination charges equal to 100 percent of the applicable monthly recurring IOC charges for any remaining portions of the first year of the term, and 50 percent of the charges for the remainder of any subsequent years.

Fixed Term Plans are available only for circuits installed prior to November 1, 1998.

Subsection B - Material previously in Company Price List No. 1

SECTION C - SERVICE DESCRIPTIONS AND RATES (Cont'd)

2. DEDICATED LEASED LINE SERVICE (Cont'd)

.08Network Pricing Plans (NPPs)1

Under these plans a customer commits to a minimum monthly revenue level of combined usage over a selected term, and receives the corresponding NPP discounts for DS1, DS3 and Digital Private Line Service (DPLS) IOC's under the committed plan. Network Pricing Plans are available at minimum monthly IOC revenue levels of \$1,000, \$2,000, \$5,000, \$10,000, \$25,000, \$50,000, \$75,000, \$100,000, \$200,000, \$350,000, \$750,000 and \$1,000,000 over terms of 1, 2, 3, 4 or 5 years. The \$1,000 Plan level offers no NPP specific discounts, but will enable customers to qualify for programs and promotional offerings requiring term and IOC revenue volume commitments.

Customers who subscribe to service as part of the Commercial Affinity Program Plus (CAP Plus) or the Qualified Industry Affinity Program (INAP), as defined in MCI's FCC Tariff No. 1, are eligible to receive the NPP discounts associated with the 4 year, \$2,000 minimum monthly IOC revenue level. The NPP discounts apply only to MCI-provided DS0, Fractional DS1, Voice Grade Data, Voice Grade Private Line and and DS1 IOC's, and customers receiving these discounts cannot receive discounts provided under any NPP Data Promotion. Customers who subscribe to service as part of the Commercial Affinity Program are not eligible for these discounts. All other applicable terms and conditions for NPP's described in Section C-2 will apply.

Idaho Public Utilities Commission
Office of the Secretary

SEP 1 - 2008

Boise, Idaho

Issued: August 22, 2008 Effective: September 1, 2008

¹Network Pricing Plans with minimum monthly IOC revenue of \$75,000 or greater are available only for circuits installed prior to November 1, 1998.

Subsection B - Material previously in Company Price List No. 1

SECTION C - SERVICE DESCRIPTIONS AND RATES (Cont'd)

2. DEDICATED LEASED LINE SERVICE (Cont'd)

.08Network Pricing Plans (NPPs)(Cont'd)

The monthly recurring IOC charges under a particular plan are determined by deducting the respective NPP discounts from the monthly charges calculated for each service using the applicable Monthly Plan rates. DS1, DS3, Analog and DPLS IOC revenues, calculated using the applicable Monthly Plan rates for each service plus any applicable interstate and international revenues as explained below, are totaled and compared to the minimum monthly commitment amount. Except as explained below under, "Commencing An NPP", if the aggregate revenue applicable towards the minimum monthly revenue commitment is less than the committed amount, a charge equal to the difference is also applied.

Revenues from the MCI-provided portion of international dedicated leased line circuits that are enrolled in a selected MCI International NPP, which revenues are calculated at the undiscounted monthly or base international rates, will be counted toward a selected domestic NPP IOC minimum. The customer may choose the NPP to be associated with these international revenues, subject to the terms of Notification Required from Customers.

Interstate DS1, DS3, Analog and DPLS IOC revenue, at the applicable interstate rates, may also be counted towards a selected NPP IOC minimum.

Except as noted below, relative to commencing a plan, the commitment to a Network Pricing Plan is independent of the circuits in the plan. Circuits may be added or deleted from a NPP subject to the terms for "Notification Required From Customers". Other circuit specific regulations, including minimum service interval and notice of discontinuance, are defined elsewhere in this tariff.

Customers who enroll in a NPP shall not be entitled to any other discount or promotion offered by the company on IOC charges arising from services furnished under the NPP.

.081 Commencing An NPP

Subject to the terms for "Notification Required From Customers", the customer must select: the desired NPP term and month in which the plan is to commence; the monthly minimum IOC revenue commitment; and the circuits, which will initially be part of the plan, including ordered circuits which are due for installation within the first three months of the desired plan commencement.

The NPP commences the first day of a calendar month selected by the customer, or the first day of a subsequent month in which the first circuit can be billed under the plan.

During the first three months of the plan, the customer is not charged for the difference if the aggregate revenue applicable towards the minimum monthly revenue commitment is less than the committed amount. The obligation to the minimum actually commences in the fourth month of the plan, unless a circuit due within the first three months of the plan has not been made available by MCI to the customer. In that case, the minimum will not apply until the circuit is made available.

SECTION C - SERVICE DESCRIPTIONS AND RATES (Cont'd)

2. DEDICATED LEASED LINE SERVICE (Cont'd)

.08Network Pricing Plans (NPPs)(Cont'd)

.082 Terminating a Network Pricing Plan

A customer may terminate a Network Pricing Plan before the end of its committed term without liability, if:

- a revision in this tariff results in higher Plan charges for the Plan to which the customer has committed, and to which higher charges the customer has not given written consent.
- the customer replaces the existing Network Pricing Plan or Plans with a Network Pricing Plan having a minimum monthly IOC revenue commitment that is equal to or greater than the total monthly IOC minimum revenue commitment of the existing plan or plans, and which expires on or after the expiration date of the plan or plans being replaced.
- the customer falls below the minimum because a service or services under the NPP are replaced with a service of equal or greater transmission speed, between the same cities, and the customer replaces the existing plan by committing to a new plan having the next lower NPP minimum monthly IOC revenue level which expires on or after the date of the plan being replaced.
- a revision in this tariff results in lower plan charges for the plan to which the customer has committed such that the customer is caused to fall below the committed minimum monthly IOC revenue level, and the customer replaces the existing plan by committing to a new plan having the next lower NPP minimum monthly IOC revenue level and which expires on or after the date of the plan being replaced. For purposes of applying this provision the customer will not be penalized for falling below the minimum under the existing plan and can receive the new plan charges from the date the tariff revision takes effect if the customer enters into the new plan within three months of the tariff effective date.
- a revision in this tariff results in lower charges for the plan to which the customer has committed such that the customer is caused to fall below the lowest NPP minimum monthly IOC revenue level. The customer must terminate the plan within three months of the tariff effective date to exercise this provision. A customer will not be penalized for falling below the minimum for three months from the date that the tariff takes effect.

Except as explained above for terminating a NPP prior to its committed term without liability, the customer will pay a termination charge equal to 100 percent of the monthly minimum IOC revenue commitment amount for any unexpired portion of the first year of the term and 50 percent of the monthly minimum IOC revenue commitment amount for the unexpired portion of any subsequent years remaining in the plan's term.

Idaho Public Utilities Commission
Office of the Secretary

Roise, Idaho

Subsection B - Material previously in Company Price List No. 1

SECTION C - SERVICE DESCRIPTIONS AND RATES (Cont'd)

2. DEDICATED LEASED LINE SERVICE (Cont'd)

.09Credit Allowance for Interruption of Service

Credit will be allowed for interrupted service as follows:

<u>Analog</u>

A credit allowance will be given for Channels/COC/IOC('s) that are interrupted for 30 minutes or more.

DS₁

A credit allowance will be given for Channels/COC/IOC('s) that have a loss of continuity, or there have been 300 or more seconds of transmission containing errors in a 15 minute period.

DS₃

A credit allowance will be given for Channels/COC/IOC('s) that have a loss of continuity, or there have been 300 or more seconds of transmission containing errors in a 15 minute period.

DPLS

A credit allowance will be given for Channels/COC/IOC('s) that are interrupted for 30 minutes or more.

- .091 The credit allowance is determined in the following manner:
 - .0911 Calculate the Average Channel/COC/IOC Value by determining the total monthly charges for the applicable component. That sum is then divided by the total number of channel /COC/IOC'(s) on the service to obtain the Average Channel/COC/IOC Value.
 - .0912 Calculate the Average Channel/COC/IOC Value for one full day by dividing the Average Channel/COC/IOC Value for one month by 30 days: (result of .0911 divided by 30).
 - .0913 Multiply the Average Channel/COC/IOC Value for one day by the interruption period to be credited (see Calculation Table following) in order to determine the credit for one channel/COC/IOC: (result of .0912 multiplied by interruption period).
 - .0914 Multiply the credit for one channel/COC/IOC by the number of channel/COC/IOC'(s) affected to determine the credit allowance for the service: (result of .0913 multiplied by the number of channel/COC/IOC'(s) affected).

.05Option D (MCI 800 Service)1

Issued: August 22, 2008

MCI 800 Service is an inward WATS service which permits interstate and intrastate calls to a customer's station in one location from stations in diverse geographical service areas, and in which the MCI 800 customer is billed for the calls rather than the call originators. All domestic Option D calls will be subject to an 18 second minimum initial period and additional 6 second increments. If the computed charge includes a fraction of a cent, the fraction is rounded to the nearest whole cent.

Minimum Charge: The Company does not invoice charges in fractions of a cent; the minimum charge for any charge element is \$.01.

.051 Monthly Recurring Charges

.0511 Terminating Access Line Charges: An MCI 800 customer must choose between Switched WATS Access, Dedicated Access, and Business line Access for all lines at each 800 service terminating location.

.05111 <u>Switched WATS Termination</u>

per line Monthly Non-Recurring \$ 35.00 \$ 150.00

.05112 Dedicated Termination(Analog or T-1 Digital Access Lines): Monthly and installation rates will be calculated on an individual case basis, in accordance with the charges set forth in the relevant Local Exchange Carrier's tariff. The total of the local charges imposed on MCI will be passed on to the customer.

.051121 Access Charges: See Section C-2.02 for other access charges applicable to this service depending on the type of access selected.

.051122 Access Coordination (per each Local Access Channel):
Charges apply if MCI orders the Local Access Channel or if the customer requests MCI coordination.

.051123 <u>Central Office Connection (per connection)</u>

Analog \$20.00 \$176.00 T-1 \$100.00 \$279.00

¹Unless otherwise indicated herein, the terms "MCI 800 Service", "888 Service", and/or "Toll Free Service"; and the terms "800 number", "888 number", and or "Toll Free Number", can be used interchangeable when used throughout this tariff.

²Customers who use this service for both interstate and intrastate calling pay only one Local Access charge per month.

.0522 Volume Discounts¹

Incremental Volume Discounts are available to those MCI 800 Service customers who have established accounts with MCI and whose total monthly charge equals or exceeds certain levels for a particular terminating location (MCI terminal). The discounts will be applied to the customer's monthly invoice and will be based on the total monthly usage of MCI 800 Service. The discounts, when earned, will be calculated using the total usage in all three rate periods and for all service groups of the same termination type served off a particular MCI terminal. The discount is then applied to each of the terminating service groups based on their percentage of the total usage.

.0523 MCI 800 Multi-Option Discount

MCI 800 Service customers with multiple business locations may receive an additional 5% discount on all of their combined monthly MCI 800 revenue (usage, features and monthly recurring charges, excluding all access line charges) in excess of \$50,000.00 a month for a one-time charge of \$1,500.00. A single Sponsor assumes financial responsibility for all accounts enrolled in the program. The invoice of each participating account (including the Sponsor's) is used in the calculation of the discount. However, the total amount of the discount is applied as a credit directly to the Sponsor's invoice only.

 - .054 Feature Charges

.0541 Dialed Number Identification Service (DNIS)

This feature permits a customer with multiple 800 Service telephone numbers in the same terminating location to identify the specific 800 Service telephone number which was dialed by the calling party. DNIS is only available with Dedicated Access Line terminations equipped for this feature. Charges apply per terminating location. The Change Charge will apply to any reconfiguration of outpulsed digits, to the cancellation of this feature, or to the cancellation of the 800 Service number with which the feature has been associated.

Non-Recurring -

Monthly

Installation \$500.00

Change \$50.00

.0542 <u>Tailored Call Coverage</u>
Allows the 800 Service customer to block calls from one or more specific originating areas at the NPA level. Blockage from multiple originating areas is available at no additional charge. The Change Charge will apply only when the customer changes the group of originating areas to be blocked, but not when this option is removed from an 800 number or when service is cancelled for that 800 number. Charges apply per 800 number.

Non-Recurring -

Monthly N/A

Installation \$150.00

Change \$110.00

.0543 Point of Call Routing

Allows the customer to define two or more routing groups and to arrange those calls to a single 800 service telephone number placed from different routing groups will terminate at different locations. The point at which calls from a particular routing group are to terminate need not be located in that routing group. The monthly charge applies to any change in the number or make-up of routing groups, to cancellation of this feature, or to cancellation of the 800 service telephone number with which the feature has been associated.

Non-Recurring (per 800 number) -

Monthly \$100.00/orig. routing group

<u>Installation</u> \$110.00

Change \$110.00

.0544 Day of Week Routing

Allows the customer to arrange for calls to a single 800 Service telephone number to be routed to different locations based on the particular day of the week. The customer can establish a different routing arrangement for each day of the week, with a maximum of seven day types. The day types an consist of one day or set of days (e.g., Sunday - Sunday; Monday - Friday). The customer must have at least two locations for this routing feature to be applicable. The monthly charge applies to each day type, per originating routing group for each 800 Service number. The Change Charge will apply to any change in the number or make-up of the feature, or to cancellation of this feature, or to the cancellation of the 800 Service number with which the feature has been associated.

SECTION C - SERVICE DESCRIPTIONS AND RATES (Cont'd)

- METERED USE SERVICE (Cont'd)
 - .05 Option D (MCI 800 Service) (Cont'd)
 - .054 Feature Charges (Cont'd)

Allows the customer to arrange for calls to a single 800 Service telephone number to be routed to different locations based on a customer-specified holiday. The customer can establish a different routing arrangement for up to fifteen (15) single-day holidays and three ranges (composed of up to ten (10) consecutive days) for a total of forty-five (45) days in a one year period. The customer must have at least two different locations for this routing feature to be applicable. The customer must service to Day of Week Routing in order to subscribe to this routing feature. The Change Charge will apply to any change in the number or make-up of holidays or ranges, or to cancellation of the feature, or to cancellation of the 800 Service number with which the feature has been associated.

Non-Recurring - Monthly Installation Chang \$110.00 \$110.0

Allows the customer to arrange for calls to a single 800 Service telephone number to be routed to different locations based on the time of day. The customer can establish a different routing arrangement for up to forty-eight (48) time slots in a twenty-four (24) hour day period. The time slots must be defined in five minute increments or multiples thereof. The customer must have at least two different locations for this routing feature to be applicable. The monthly charge applies to each time slot per day type per originating routing group for each 800 Service telephone number. The Change Charge will apply to any change in the number or make-up of day types, to cancellation of this feature, or to cancellation of the 800 Service number with which the feature has been associated.

Non-Recurring - Monthly Installation Change \$100.00/time slot, per day type, per originating routing group.

Allows the customer to route calls for each originating routing group, per 800 Service number to two or more answering locations based upon a customer-designated percentage distribution. The customer must establish a call allocation pattern where each percentage is a whole number (divisible by five) and the total allocation equals 100 percent. The customer must have at least two different locations for this routing feature to be applicable. The monthly charge applies to each allocation per time slot, per day type, per originating routing group for each 800 Service number. The Change Charge will apply to any change in the number or make-up of allocations, to cancellation of this feature or to cancellation of 800 Service number with which the feature has been associated.

Non-Recurring - Monthly \$100.00/allocation time slot, per day type, per originating routing group \$110.00 \$110.00

.06Option E (MCI Prism I)

Option E is a one-way, multipoint service requiring the customer to originate calls via dedicated facilities between the customer's premises and MCI's terminal location and allowing the termination of calls via a combination of MCI-provided intercity facilities and local business telephone lines or other exchange access facilities. Prism I has pricing ranges from each originating area code, with total coverage on every line. These ranges, as determined for each originating and terminating area code, are shown in Section C-6, Table V. All Option E calls are subject to an 18 second minimum duration and are rounded to the next higher 6-second increment. If the computed charge includes a fraction of a cent, the fraction if rounded to the nearest whole cent.

MCI Prism I intrastate service is an add-on to MCI's interstate Prism I Service and all terms and conditions, features, functions, discounts, installation, and monthly charges, and any other charges except intrastate usage will apply pursuant to MCI's FCC Tariff No. 1.

Minimum Charge: The Company does not invoice charges in fractions of a cent; the minimum charge for any charge element is \$.01.

.061 <u>Usage Charges</u>

Usage charges are based on time of day and distance- sensitive ranges associated with the area code of the MCI terminal location to which the customer is connected and each terminating area code.

Option I (VNET)

.10

Description .101

VNET Service is a customized virtual network telecommunications service. It provides a unified service for multi-location companies, providing both communications and management features. VNET is suitable for long distance calls between company locations. If the computed charge includes a fraction of a cent, the fraction is rounded to the nearest whole sent. Subscribers to VNET take a Basic Feature Package which includes the availability of Dedicated and Shared Access and Termination; Usage Rates with associated Volume Discounts; Directory Assistance; 10-digit Exclusion, 10-digit Private Dialing Plan, Accounting Codes, a 7-digit customer defined private dialing plan, and a consolidated invoice for all VNET calls from all locations. They may also subscribe to optional features, including Configuration Management Access, Direct Termination Overflow, ID Codes, Call Detail Tapes, Customized Range Privileges, and Network information Management System (NIMS) Access. In order to qualify for VNET service:

- .1011 A VNET customer must place an order for multiple business locations that the customer owns, franchises, or manages.
- .1012 A VNET card customer must incur at least \$25,000 per month in total VNET charges excluding VNET card usage and VNET card surcharge; and must have a minimum of 5% of its traffic terminating over dedicated access/termination lines each month.
- :1013 For each month that the conditions listed in #2 above are not satisfied, the VNET card per call surcharge will be \$.75 instead of \$.40. There is no grace period for these conditions.

.102 Access/Termination Methods

- .1021 Dedicated Access/Termination: For analog and dedicated access see the rates and charges for dedicated leased line service contained in Section C-2 herein.
 - .10211 Other Forms of Dedicated Access/Termination: At the customer's request and where feasible, MCI may permit the customer to obtain other forms of access to the customer's VNET service; or MCI may procure other forms of access to such service. All applicable recurring and non-recurring charges for such service will be calculated on an individual case basis, in accordance with the charges assessed by the Local Exchange Carrier or other access provider. The installation and monthly charges for any interface equipment associated with such access that is provided by MCI shall be calculated on an individual case basis. If MCI procures access for the customer from the Local Exchange Carrier, the customer's use of such access shall be in conformity with the regulations and other terms and conditions under which the Local Exchange Carrier provides such access. In addition to such individual case basis charges, MCI shall assess charges contained in Section C-2.02 for the following:

3. METERED USE SERVICE (Cont'd)

.10 Option I (VNET) (Cont'd)

.105 Basic Feature Package Charge

Boise, Idaho

The Basic Feature Package, to which all VNET customer subscribe, includes the availability of Dedicated and Shared Access and Termination; Usage rates with associated Volume Discounts; Directory Assistance; plus the following:

- A. 7-digit customer-defined private dialing plan, used for:
 - 1. direct termination of calls dialed as 7-digit number to customer locations.
 - optionally, for convenience in dialing locations reached via 10-digits or international numbers. VNET converts the 7- digit number to the appropriate 10digit number.
- B. Consolidated Invoice. A single consolidated billing statement for all calls placed via MCI's VNET service from all locations. The invoice includes call detail on paper at the customer's option.
- 10-Digit Private Dialing Plan is used for direct termination of calls dialed as 10 digits to customer locations.
- D. 10-Digit Exclusion allows the customer to specify individual 10-digit phone numbers to be blocked.
- E. Universal Range Privilege. The customer can specify the type of VNET calls allowable for users on each Dedicated Access Line group, for each VNET Card authorization code and for each Dial "1" originating telephone number and for each ID or authorization code. The range privileges are defined as follows:
 - 0 = no call allowed
 - 1 = On-VNET number (7 and 10 digit private dialing plan numbers)
 - 2 = Range 1 plus 10 digit off-VNET numbers
 - 3 = Range 2
- F. Accounting Codes. A customer can specify that Accounting Codes are to be dialed from specific dedicated access line groups, from Dial "1" telephone numbers (ANIs) or 800 Remote Access Numbers. For Dial "1" access, the code may be up to a total of seven digits in length. If the ANI is equipped for the codes, the code will be dialed on all VNET call originated at the ANI. For Dedicated Access, the code may be dialed in combination with an ID Code and both the ID and Accounting Code may be of customer-specific length so long as the total number of digits of both does not exceed seven. If the dedicated access line group is equipped for the code(s), the customer can select, on that line group, that either all origination must dial the code(s), or that only 10-digit origination must dial the code(s). Accounting codes are non-verified codes.

- METERED USE SERVICE (Cont'd)
 - .10 Option I (VNET) (Cont'd)
 - .106 Optional Features (Cont'd)
 - 1014 Switched 56 kbps Service Switched 56 kbps Service offers dial-up service for transmitting data at a speed of 56 kbps. This service will require that a separate account number be established for each 56 kbps line. Customer access is available using either T-1 Digital or DDS local loops at Switched 56 service locations. VNET customers who subscribe to this service are subject to a minimum monthly usage charge of \$50 per 56 kbps line. For those customers who exceed this minimum, the charge will not apply.
 - .107 Network Savings Plan (NSP) The Network Savings Plan offers discounts to customers based on Shared Transport volume (minutes) and on whether customers commit to taking one, three or four years of service, or make no such commitment. The percentage discount under each option is determined based on the entire VNET customer's Shared Transport volume during the month in the case of NSP Options 1-4, and during the year in the case of NSP Option 5. The discounts are applied against the usage and domestic DTO charges. The resultant amount is subtracted, before taxes, from the tariff charges. Customers selecting these plans commit to the minimums specified below. Customers may convert to another MCI service or NSP Option without penalty if the plan is of equal or greater term.

The NSP commences either in the month the order is received, if the order is placed on the first day of the month, or, if the order is placed after the first day of the month, the month immediately following the order.

Option 5 customers must meet an annual domestic volume commitment of 15 million minutes. This minimum will be measured based on the anniversary date of service commencement (e.g., if service begins on August 1, 1990, the customer must generate 15 million domestic minutes between August 1, 1990 and July 31, 1991). Customers not meeting this minimum will be assessed a short fall charge equal to \$0.03 per domestic minute necessary to fulfill the minimum volume commitment for the year. This charge will be applied in one lump sum in the invoice immediately following the customers anniversary date.

Option 5 customers who discontinue service during the first four years of selecting Option 5 will be assessed an early termination charge of \$0.03 per minute times the remaining volume commitment for the balance of the term commitment (the remaining years or fraction of years in the commitment times the 15 million minute annual commitment).

.109 Market Area Calling¹

Vnet Market Area Calling: Offers intraLATA, outbound, voice only calling within the customer's Market Area for calls using dedicated access-switched termination and dedicated access-dedicated termination This call type is not available to customer locations that fall within the local service area as defined in MCImetro Local Exchange Tariffs.

The rates specified in C-3.104 intraLATA toll dedicated origination-switched termination and dedicated origination-dedicated termination for peak and off-peak will apply to all Market Area calls originating and terminatingwithin the Customer's Market Area. A customers Market Area is defined as the dominant Local Exchange Carrier's (LEC) local calling area specified in the LEC's Local Exchange Tariff for the customer's exchange area for the specific location implementing Market Area Calling.

In addition, Vnet discounts will apply. If a customer subscribes to a Special Customer Arrangement with intrastate discounts or rates then those rates and discounts will apply to Market Area Calling. SCA Types 1 and 4 are not eligible for Market Area Calling.

Customers must have Branch Exchange (PBX) or Hybrid Key System and originate Market Area Calling traffic via dedicated access facilities to use this feature.

The Market Area Calling feature cannot be used to originate 911, Directory Assistance, operator services calls, toll free or to terminate inbound local calls. Customers must maintain LEC-provided lines or trunks to originate and terminate these call types. This feature is subject to the Company's existing capacity and network availability.

.13 Option L (MCI Vision)¹

Issued: August 22, 2008

Option L is an outbound, customized telecommunications service which may include an inbound service option using Business Line, WATS Access Line, or Dedicated Access Line Termination. It provides a unified service for single or multi-location companies using switched, dedicated, and card origination, and switched and dedicated termination. Option L is suitable for long distance calls between company locations, as well as all long distance calls to the entire United States and to international locations. All Option L calls, intrastate, are subject to an 18-second minimum initial period and are rounded to the next higher 6-second increment. If the computed charge includes a fraction of a cent, the fraction is rounded to the nearest whole cent.

Subscribers to Vision take the Vision Service Package which includes the availability of Dedicated, Switched, and Card Access and Dedicated, Switched, and WATS Access Line Termination, with Volume Discounts, Time of Day Discounts, MCI Vision 800, Long Distance Directory Assistance, Accounting Codes, Universal Range Privileges, Call Detail, and a either a consolidated invoice or location level invoices for all MCI Vision calls from all locations.

The rules and regulations governing the provision of service for inbound 800 calls are identical to those for Option D (MCI 800 Service), except where otherwise noted.

.131 Access/Termination Methods and Charges

SECTION C - SERVICE DESCRIPTIONS AND RATES (Cont'd)

- 3. METERED USE SERVICE (Cont'd)
 - .13 Option L (MCI Vision) (Cont'd)
 - .133 Discounts

Issued: August 22, 2008

- .1331 Time of Day Discounts: A 20 percent discount will apply, on a call-by-call basis, to all inbound and outbound domestic traffic occurring during the Evening and Night/Weekend rate periods (i.e., anytime except 8am-5pm weekdays). When a Vision call is established in one rate period and ends in the other, the rate in effect in each rate period applies to the portion of the call occurring during that rate period. The rate for inbound calls is the rate for the time of day at the terminating location.
- .1332 Volume Discounts: Volume Discounts, as set forth below, are available to those Vision customers whose total monthly combined domestic (intrastate and interstate) and international, inbound 800 and outbound usage and surcharges (not including the service fee or optional feature charges) equals or exceeds \$1,000.00 per invoice. The discounts shown apply on an effective basis. Once the customer reaches the usage threshold, the discount is applied to all usage.

If the domestic portion of the discount (amount calculated based in interstate and intrastate usage) is greater than the interstate usage, the difference will not be credited or brought forward. [1][2]

Total Monthly Usage	Volume Discount	
\$ 0-\$ 999.99	0%	
\$ 1,000.00 - \$ 4,999.99	5%	
\$ 5,000.00 - \$ 9,999.99	8%	
\$10,000.00 - \$19,999.99	11%	
\$20,000.00 +	14%

.133 Discounts (Cont.)

- .1333 <u>Dedicated Termination Discount</u>: All Vision Switched, Dedicated, and Card Access outbound traffic, which is transmitted between customer designated locations of a Corporate Enterprise and which is terminated by means of dedicated termination facilities will receive a discount of \$0.02 per minute. This discount will be applied before any other discounts.
- .1334 <u>Domestic Optimizer Discount</u>: A discount of 10 percent will be applied to all domestic outbound Vision calls which are made to the single domestic area code with the highest total usage (in dollars) in the period for which a bill is being calculated. This discount is calculated and applied at the location level. Directory Assistance calls are excluded from this discount. This discount is calculated on usage to that area code before all other discounts than the Time of Day and Dedicated Termination Discounts are applied.
- .1335 MCI Power Rate Card¹: Available from any touch-tone phone via an "800" number. Calls can be made to anywhere within the state. Refer to MCI FCC Tariff No. 1 for the per minute usage charge.

.134 Vision Service Package Fee

The Vision Service Package, to which all Vision customers subscribe, includes the availability of Dedicated and/or Switched Access with Volume Discounts, inbound 800, Time of Day Discounts, access to international locations, Long Distance Directory Assistance.

The monthly MCI Vision Service Package Fee is \$50 per customer per month for those customers whose monthly usage is \$450 or less. The MCI Vision Service Package Fee for customers whose monthly usage exceeds \$450, but is less than \$500 will be charged the difference between the customers' actual usage in that month and \$500. Customers billing whose monthly usage exceeds \$500 will not be charged a monthly MCI Vision Service Package Fee.

The MCI Vision Service Package Fee entitles the customer to the following:

For Inbound 800 and Outbound Service

Call Detail on Paper and/or Magnetic Tape or Cartridge - Call detail records, including the prediscounted price for each call. One type of Call Detail medium is included in this Package Fee, however, the customer may receive both Paper and Magnetic Tape or Cartridge at these additional costs; \$25 one-time set-up fee \$25 per month.

Invoicing Options - A customer must choose between two invoicing options. With Consolidated Invoicing, a single monthly invoice will be rendered for all locations of a Corporate Enterprise.

¹This program will be available after April 25, 1996.

SECTION C - SERVICE DESCRIPTIONS AND RATES (Cont'd)

METERED USE SERVICE (Cont'd)

Issued: August 22, 2008

Option O (University WATS)¹
University WATS, a variation of Option N (Hotel WATS), is available to customers whose distribution of total monthly traffic for a service group is such that not more than 55% of the traffic occurs within the Business Day rate period. With Option O, calls may terminate in any service area and are rated according to the service area in which the call terminates. If the percent for the Business Day rate period exceeds 55%, usage charges are calculated using the rates associated with Hotel WATS Service Area 5 and a special service charge of \$100 per access line will be applied. MCI will waive this special service charge if the subscriber fails to meet the off-peak traffic requirement (at least 45%) during the months of June, July and/or August.

University WATS is a one-way, multipoint service requiring the customer to originate calls via dedicated facilities between his premises and MCl's terminal location and allowing the terminating of calls via a combination of MCl-provided intercity facilities and local business telephone lines, and the resold facilities of other carriers. All calls are subject to a one minute average connect time (i.e. total monthly minutes of use divided by total monthly calls must equal at least one minute). All calls, are rounded to the next higher 6-second increment.

.161 <u>Rates and Charges</u>: Intercity facilities usage charges, optional features, non-recurring charges for Option O are as shown in Sections C-3.04.

.22 Option U (MCI MASTERS)

MCI MASTERS is a one-way dial in-dial out multipoint service. All Option U calls are rounded to the next higher full minute. If the computed charge includes a fraction of a cent, the fraction is rounded down to the next whole cent for all domestic calls. MCI MASTERS is:

(1) available to students, faculty, and administrators of educational institutions;

(2) students, faculty, and administrators involved in a business relationship with other entities; and, (3) to employees of governmental agencies provided that said institutions, entities, and agencies have agreed to act as MCI's agent in connection with the provision of service.

Option U customers can place on-site or off-site calls. On-site calling, which requires no special access dialing sequences, originates from telecommunications equipment enrolled in MCI MASTERS which is located within the campus of a participating educational institution, or agency location, or is routed through the participating educational institution or agency location's switching equipment. Off-site calling requires the caller to access the service by dialing an MCI-provided 800 number. Off-site calls can originate from telecommunications equipment located anywhere within the State of Idaho.

MCI MASTERS intrastate service is an add-on to MCI's interstate MASTERS Service and all terms and conditions, features, functions, discounts, installation, monthly, and any other charges except intrastate usage will apply pursuant to MCI's FCC Tariff No. 1.

Minimum Charge: The Company does not invoice charges in fractions of a cent; the minimum charge for any charge element is \$.01.

.24Option W (hospitalityMCI)1

Intrastate Option W (hospitalityMCI) is an add-on to MCI's interstate offering of hospitalityMCI. All terms and conditions, optional features, fees, discounts, Directory Assistance charges and service charges will apply pursuant to MCI's F.C.C. Tariff No. 1. Option AA is an outbound customized telecommunications service which mayinclude an inbound services option using a Business Line, WATS Access Line, or Dedicated Access Line Termination. Outbound calls dialed with the assistance of an MCI operator will be priced according to Section C-3.11, at one minute increments. Option W provides service for single and multi-location customers using switched and/or dedicated access origination and switched and/or dedicated termination. Option W may be used for long distance calls between customer locations and to other locations within the state. All intrastate Option W calls are subject to an 18-second minimum initial period and are rounded to the nearest whole cent. When an Option W call is established in one rate period and ends in another, the rate in effect for each rate period applies to the portion of the call occurring during that rate period. The rate for inbound calls is the rate for the time of day at the terminating location. To be eligible for service, a customer must subscribe to outbound service at all of its locations. The rules and regulations governing the provision of service for inbound calls as described in Section C-3.07 will apply except where otherwise noted.

Minimum Charge: The Company does not invoice charges in fractions of a cent; the minimum charge for any charge element is \$.01.

.343 Option AG Term Plan

The Option AG Term Plan is a term plan, in lieu of all other tariffed term plans. Customers who subscribe to Option AG through the Option AG Term Plan are subject to the following conditions:

.3431 Definition of Terms

Qualifying Volume is the customer's total usage of the following, after the application of promotional and other discounts: domestic and international inbound (including Dynamic Routing); outbound; Option AG Card (including usage billed to the customer's authorized users under the Option AG Directed Billing); Option AG Toll Free Remote Access usage (including surcharges); and recurring charges for Dedicated Leased Line Service enrolled under the Option AG Term Plan; and Tariffed Services for which a tariff is not required and has not been filed. Charges for the following are not included as Qualifying Volume and are not calculated in satisfaction of the Option AG Term Plan commitment: Directory Assistance usage and surcharges: Optional Features; recurring and non-recurring charges; Operator Assisted usage and surcharges; monthly recurring and non-recurring charges; and, taxes.

4. CCSA SERVICE

Issued: August 22, 2008

- .01 General Description
 - .011 CCSA Service does not involve the provision of intrastate communications channels, but rather is offered as a switching service interconnecting network trunks, including circuits and services provided either by MCI or by other Participating Carriers.1/ Use of MCI's common control switching machines in connection with this offering may be shared with other customers or other offerings.
 - .012 Two customer options are available under this service: A full service version, Option A (Telemanagement) and a limited service version, Option B (Least Cost Routing). Outlined below are the features available, at the customer's option, which are included under the basic monthly recurring charges, along with the limitations associated with each option:

	Feature Limitations			
Basic Features	Option A	Option B		
Least-Cost-First-Routing An arrangement to provide automatic selection of the least expensive facility available for each inter- city call on an on-line basis.	Route choices limited to total switch capacity	Limited to three route choices		

Idaho Public Utilities Commission
Office of the Secretary
ACCEPTED FOR FILING

SEP 1 - 2008

¹Customers who elect to gain access to MCl's Metered Use Service Option C (MCl WATS) in connection with CCSA Service will be billed for monthly usage on the basis of the Tier 1, Service Area 5, hourly rates specified in Table IV, Part C. However, for such CCSA-related Metered Use Service Option C usage, the average monthly minutes of use for each rate period per access line will be calculated based upon the average monthly minutes of total traffic for each rate period per CCSA Dedicated Access Arrangement. The resulting effective per minute rate will then be applied to the customer's Metered Use Service Option C tier 1 usage. The effective per minute rate for Tier 2 usage will remain unaffected by the above.

Subsection B - Material previously in Company Price List No. 1

SECTION C - SERVICE DESCRIPTIONS AND RATES (Cont'd)

4. CCSA SERVICE (Cont'd)

.01 General Description (Cont'd)

Basic Features	Option A	Option B		
Authorization/Accounting Codes Dialed prefix codes to identify the calling party or division for authorization or accounting accounting purposes. The customer may select either authorization or accounting codes as part of the basic service.	Limited to 999 codes per dedicated arrangement	Authorization codes are not available. Two digit accounting codes are available as a separate option under Section C-40212.		
Abbreviated Dialing Codes (Speed Numbers) Dialed codes to place calls to frequently dialed numbers for the purpose of convenience.	Limited to two codes per dedicated access arrangement	Not Available		
Priority Level Routing Arrangement An arrangement to apply routing restrictions to certain trunk groups based upon individual authorization codes. The customer shall designate priority level assignments for its personnel by authorization code.	Limited to 3 priority levels. Feature is available only if the authorization code feature is also selected.	Not Available

5. RATE & MILEAGE TABLES

.01 Method of Calculation

The airline mileage between two cities can be calculated using the Vertical (V) and Horizontal (H) Coordinates as obtained by reference to AT&T's Tariff FCC No. 10 according to the following

formula:

$$\sqrt{((V_1-V_2)^2+(H_1-H_2)^2)/10}$$

where V1 and H1 correspond to the V & H coordinates of City 1 and V2 and H2 correspond to the V & H coordinates of City 2.

Example:

V H

City 1 - Boise

7096 7869

City 2 - Pocatello

7146 7250

V1 V2 H1 H2
$$\sqrt{(7096 - 7146)^2 + (7869 - 7250)^2}$$

Airline Mileage = 197 miles 38566

38566 = 196.383 miles1/
