McLeodUSA Telecommunications Services, Inc. d/b/a PAETEC Business Services

3.0 Description of Services Offered (cont'd)

3.10 Private Switch Automatic Location Identification (PS/ALI)

This service is offered subject to the availability of appropriate facilities. It enables the customer to interface with the E911 database to provide address and location information for the stations that operate behind their switch. This information includes the PBX customers' names, addresses, and other location information which are associated with specific PBX station telephone numbers. The PS/ALI customer may be a municipality or other state or local governmental unit, or an authorized agent of one or more municipalities or other state or local governmental units to whom authority has been lawfully delegated, or a PBX owner/operator who has been required or who desires to provide PBX station specific location information to the E911 system. The PS/ALI customer must be authorized by the 911 jurisdiction to subscribe to PS/ALI service, and obtaining such authorization is the responsibility of the customer.

This service is offered as either Standard or Advanced. For Standard PS/ ALI, information is loaded and managed via McLeodUSA's existing interface to the database provider. For Advanced PS/ALI, the customer manages 911 information via a direct PC interface to the database provider.

3.11 Group Billing

This service is a unique invoice option for business customers with multiple locations. Group Billing allows customers to establish a tier system in which a main or "parent" account can have multiple sub or "child" accounts and pay the "child" invoices for all locations, some locations or no locations. Summary information is available to the "parent" for all "child" accounts and "child" accounts can receive individual invoice detail regardless of who is remitting payment. Group Billing can be used in partnership with McLeodUSA's Toll Free application.

At service set-up, customer must determine the locations responsible for payment remittance. Although "child" accounts may be responsible for payment, "parent" accounts are ultimately responsible for past due balances on "child" accounts. If a "child" account disconnects service, any past due balance will be transferred to the "parent" account. Payment disputes between "parent" and "child" accounts are not the responsibility of McLeodUSA.

3.12 Remote Call Forwarding

Remote Call Forwarding (RCF) is a local exchange telecommunications service feature whereby all calls dialed to a telephone number equipped for RCF are automatically forwarded to another dialable exchange or 8XX Service telephone number. The calling party pays only the applicable charges to call the number equipped with an RCF feature, while the RCF Customer pays the applicable charges for the forwarded portion of the call. Remote Call Forwarding service is offered subject to availability of suitable facilities. Remote Call Forwarding service is not offered where the terminating station is a coin telephone. McLeodUSA will not provide identification of the originating telephone number to the RCF Customer.

4.0 Rates and Charges4.1 Nonrecurring Charges4.1.1 Early Termination Charges

If a Customer terminates service prior to the expiration of the term of the contract (see Section 2.5) without cause, the Customer will be required to pay an early termination charge as set forth in the contract for service.

4.1.2 Third Party Vendor Charges

Customers may also be charged for certain charges incurred by McLeodUSA (at the Customer's instruction) in obtaining services from third party vendors. At the earliest opportunity, the Customer will be advised of the nature of the charges and the estimated amount of the charges.

4.1.3 Reconnection Fee

Business: \$52.00/line

Residential: \$20.00/line

This charge applies to reconnect service after service has been suspended and is due at the time services are restored.

(T)

(T)

4.1.4 Nonsufficient Funds Charge (NSF Checks)

The NSF check charge shall be \$25.00, or the highest amount permitted by law.

This charge applies when a check has been returned by the bank for non-payment.

4.1.5 PIC/LPIC Change Charge

Initial PIC/LPIC selections will be processed at a \$5.00 charge per line, which may be waived if the Customer chooses McLeodUSA as their long distance provider. A non-recurring \$5.00 charge shall be applicable to all subsequent PIC/LPIC changes. If a PIC/LPIC change is initiated by an IXC on behalf of the Customer, and the Customer denies having made a change, and the IXC is unable to produce documentation of the change with a letter of agency signed by the Customer; then the Customer will be reassigned to its previously selected PIC/LPIC and the charge will be assessed to the IXC.

4.3.3 Rate Table 3: Optional Services (cont'd)

4.3.3.K Rate Table 3.11: Emergency Call Forwarding

At the Customer’s request, the Company may assist in activating or updating their Call Forwarding (or Call Forwarding on their DTO). The Company will provide this assistance at no cost to the Customer if the request is due to a problem with the PAETEC network. If it is not a PAETEC network problem, then the Customer will be billed a non-recurring charge per line.

	<u>Non-Recurring Charge</u>
Emergency Call Forwarding	\$99.00 per line

4.3.3.L Direct Inward Dialing (DID) Numbers

	<u>Monthly Recurring Charge</u>
Per Block of 20	\$6.72 (I)
