PETITION FOR RECONSIDERATION

RECEIVED

IDAHO PUBLIC
UTILITIES COMMISSION

I respectfully request the Idaho Public Utilities Commission to reconsider Order No. 34296.

I met with Commission staff today, 4/24/19, provided updated contact information, paid the annual assessments that were past due, and will provide verified returns for calendar years 2016 and 2017.

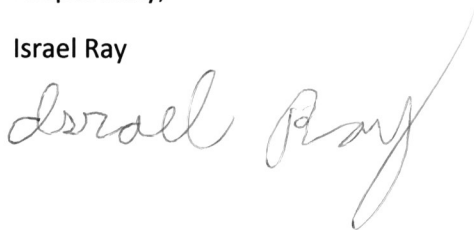

Until now, the Commission had an old address, causing mail to be forwarded to an address to which forwarding had expired. Therefore, we did not receive the Notice of Investigation (Order No. 33988) or Notice of Hearing (Order No. 34209) in 2018. As a result, I was unaware of the show-cause hearing on Feb. 19, 2019.

The \$12,000 fine would create a financial hardship; the money could be used to improve the system or as a reserve account for the new owners. I am attempting to sell the electrical system to the community of Atlanta.

I am attempting to comply with all previous Commission order and am working with Commission staff to accomplish this.

Respectfully,

Israel Ray
