---

**BACKGROUND**

On December 2, 2022 Greylock Energy Holdings was ORDERED that no later than August 1, 2023, the parties shall submit updated and complete legal descriptions of the land swap described in Section 6.4 of the PSA, indicating clear ownership of the land in question, and clearly delineating Greylock's access to all equipment and land necessary for the continued operation of Atlanta Power. – Order No. 35649

Greylock Energy Holdings is unable to meet the deadline of August 1, 2023 and would like to request an extension for the following reasons

- After assessing the system, Atlanta Power District decided to focus on reliability and safety.
- With funds being limited and the remote location of Atlanta, Idaho it has been a challenge finding a surveyor who will not only come but willing to quote a reasonable price.

**REQUEST FOR RELIEF**

For the above reasons we request that the Commission extend the date for filing the compliance filing ordered in Order No. 35649 to May 1<sup>st</sup>, 2024
