)

BACKGROUND

On December 2, 2022, Greylock Energy Holdings was ORDERED that no later than August 1, 2023, the parties shall submit updated and complete legal descriptions of the land swap described in Section 6.4 of the PSA, indicating clear ownership of the land in question, and clearly delineating Greylock’s access to all equipment and land necessary for the continued operation of Atlanta Power. – Order No. 35649

On August 9, 2023, Greylock Energy Holdings was granted an extension up to May 1, 2024, to submit an updated and complete legal description of the land swap. Greylock Energy Holdings is unable to meet the deadline of May 1, 2024, and would like to request an extension for the following reasons:

- Current snow levels make it difficult to complete any type of surveying work.
- Greylock Energy Holdings and Israel Ray are renegotiating section 6.4 of the purchase agreement.

REQUEST FOR RELIEF

For the above reasons we request that the Commission extend the date for filing the compliance filing ordered in Order No. 35649 to August 1st, 2024
