Comment\_description: I am appalled to think you would raise utilities again,,how are single women and people on fixed incomes supposed to pay this???? this is coming down to greed and close to an enron situation...only you are doing it to the ones who need it most....shame on you....hopefully we will get some oil from payback on Iraq.....

we need another utility company here so there is not a monopoly...this is like the cable company,,,you have raised your costs how much the last 2 yrs??????

Comment\_description: I am asking that you do NOT approve of the Avista rate hike. So many people simply can not afford to heat their homes with the constant raising of these rates. Idaho's economics, especially north Idaho, does not support these rate hikes, people just simply can not make their dollar stretch any more.

I am asking that you support the people of Idaho and do not approve of this rate increase.

Thank you

Comment\_description: Rates at the present are bearable...but yet another increase will put them "over the top", please reconsider any future increases till the economy in this area improves..thank you
