Comment\_description: We do not need another rate increase. We have paid 4 previous increases since they bought out Washington Water Power. Please stop this nonsense. Thank you We are on a fixed social security income and our usage is very little more than it was in 1999 but our rate is about 45% more. enough is enough. Jim Grueter

Comment\_description: They have had to many raises. On a fixed income, We can bearly make it. I can't see why Washington Water Power could opeate and not raise it 49% in three years.  
Something has to be done.

Comment\_description: I believe the Commission did the correct thing in the first case with Avista. I am asking The Commission to deny the petition, I do not feel we should pay for Avista's mis-management.
