COMES NOW, Avista Corporation (“Avista” or “Company”) and the Commission Staff, and hereby move the Commission for an Order accepting the Settlement Stipulation filed herewith. RP 56; 272; 274. This Motion is based on the following:

1. On June 1, 2015, Avista filed an Application with the Commission for authority to increase revenue effective January 1 2016 from electric and natural gas service in Idaho by 5.2% and 4.5%, respectively. If approved, the Company's 2016 revenues for electric base retail rates would have increased by \$13.2 million annually; Company revenues for natural gas service would have increased by \$3.2 million annually. Further, the Company requested an

increase to electric base retail revenue of \$13.7 million (5.1%) and an increase in natural gas base retail revenue of \$1.7 (2.2%) be effective January 1, 2017. By Order No. 33324, dated June 15, 2015, the Commission suspended the proposed schedules of rates and charges for electric and natural gas service.

2. Petitions to intervene in this proceeding were filed by Clearwater, Idaho Forest, CAPAI, ICL, and Snake River. By various orders, the Commission granted these interventions. *See*, IPUC Order Nos. 33331 and 33338.

3. Settlement conferences were noticed and held in the Commission offices on September 18, 2015, and were attended by signatories to this Stipulation;<sup>1</sup> further discussions ensued.

4. Based on settlement discussions, the Parties whose signatures appear on the Stipulation have agreed to resolve and settle all of the issues in the case (hereinafter “Parties”). A copy of the signed Stipulation evidencing that settlement is enclosed as Attachment 1.

5. The Parties recommend that the Commission grant this Motion and approve the Stipulation in its entirety, without material change or condition, pursuant to RP 274.

6. In light of the proposed settlement, the Parties ask that the Commission vacate the current case schedule. The Parties respectfully request that the Commission consider the Motion, the Stipulation, and the pre-filed testimony in support of the Stipulation at the time of the technical evidentiary hearings scheduled in this docket for November 23 and 24, 2015. A customer hearing could occur at a date and time to be set by the Commission. The Parties request an Order allowing for the implementation of new rates, as per the Stipulation, on

January 1, 2016. The testimony in support of the Stipulation will be filed on or before November 13, 2015.

7. As noted in the Stipulation, the Parties agree that the Stipulation is in the public interest and that all of its terms and conditions are fair, just and reasonable.

NOW, THEREFORE, the Parties respectfully request that the Commission issue orders in Case Nos. AVU-E-15-05 and AVU-G-15-01:

1. Granting this Motion and accepting the Stipulation (Attachment 1), in its entirety, without material change or condition; and

This Stipulation is entered into by and among Avista Corporation, doing business as Avista Utilities ("Avista" or "Company"), the Staff of the Idaho Public Utilities Commission ("Staff"), Clearwater Paper Corporation ("Clearwater"), Idaho Forest Group, LLC ("Idaho Forest"), the Community Action Partnership Association of Idaho ("CAPAI"), the Idaho Conservation League ("ICL"), and the Snake River Alliance ("Snake River"). These entities are collectively referred to as the "Parties," and represent all of the parties in the above-referenced cases. The Parties understand this Stipulation is subject to approval by the Idaho Public Utilities Commission ("IPUC" or the "Commission").

## **I. INTRODUCTION**

1. The terms and conditions of this Stipulation are set forth herein. The Parties agree that this Stipulation represents a fair, just and reasonable compromise of all the issues raised in the proceeding, is in the public interest and its acceptance by the Commission represents a reasonable resolution of the multiple issues identified in these cases. The Parties, therefore, recommend that the Commission, in accordance with RP 274, approve the Stipulation and all of its terms and conditions without material change or condition.

## **II. BACKGROUND**

2. On June 1, 2015, Avista filed an Application with the Commission for authority to increase revenue effective January 1, 2016 for electric and natural gas service in Idaho by 5.2% and 4.5%, respectively. If approved, the Company's 2016 revenues for electric base retail rates would have increased by \$13.2 million annually, and Company revenues for natural gas service would have increased by \$3.2 million annually. The Company also requested an increase to electric base retail revenue of \$13.7 million (5.1%), and an increase in natural gas base retail revenue of \$1.7 (2.2%), effective January 1, 2017. By Order No. 33324, dated June 15, 2015, the Commission suspended the proposed schedules of rates and charges for electric and natural gas service.

3. Petitions to intervene in this proceeding were filed by Clearwater, Idaho Forest, CAPAI, ICL, and Snake River. The Commission granted these interventions through IPUC Order Nos. 33331 and 33338.

4. A settlement conference was noticed and held in the Commission offices on September 18, 2015, and was attended by signatories to this Stipulation.<sup>1</sup> Based upon the discussions among the Parties, as a compromise of positions in this case, and for other consideration as set forth below, the Parties agree to the following terms:

### III. TERMS OF THE STIPULATION AND SETTLEMENT

5. Overview of Settlement and Revenue Requirement. The Parties agree that Avista should be allowed to implement revised tariff schedules designed to recover \$1.7 million in additional annual electric revenue, and \$2.5 million in additional annual natural gas revenue, which represent a 0.69% and 3.49% increase in electric and natural gas annual base tariff revenues, respectively. New electric and natural gas rates would become effective January 1, 2016.

6. Cost of Capital. The Settling Parties agree to a 9.5 percent return on equity, with a 50.0 percent common equity ratio. The capital structure and resulting rate of return is as set forth below:

<b>Component</b>	<b>Capital Structure</b>	<b>Cost</b>	<b>Weighted Cost</b>
Debt	50%	5.34%	2.67%
Common Equity	50%	9.50%	4.75%
<b>Total</b>	<b>100%</b>		<b>7.42%</b>

<sup>1</sup> ICL was unable to attend the Settlement Conference; however, they did provide a “Position Statement” on September 17, 2015 providing their views on issues related to the proposed Fixed Cost Adjustment mechanisms and rate design.

This adjustment decreases the overall revenue requirement by \$580,000.

8. Palouse Wind. The Parties agree that, for purposes of this case, the recovery of costs related to the Palouse Wind Power Purchase Agreement (“PPA”) will continue to be included in the PCA, subject to the current sharing (90% customer, 10% Company).

## **B. NATURAL GAS**

9. Overview of Natural Gas Revenue Requirement. Below is a summary table and descriptions of the Natural Gas revenue requirement components agreed to by the Parties:

### C. OTHER SETTLEMENT COMPONENTS

- 12. PCA Authorized Level of Expense. The new level of power supply revenues, expenses, retail load and Load Change Adjustment Rate resulting from the January 1, 2016

settlement revenue requirement for purposes of the monthly PCA mechanism calculations are detailed in Appendix A.

13. Fixed Cost Adjustment Mechanism. The Parties agree that Avista will implement electric and natural gas Fixed Cost Adjustment mechanisms (“FCA”). The electric and natural gas FCAs are illustrated in Appendices B and C and will commence concurrently with the natural gas and electric rate changes January 1, 2016. Below are the key components of the mechanisms:

A. FCA Mechanisms Term. The Parties agree to an initial FCA term of 3 years, with a review of how the mechanisms have functioned conducted by Avista, Staff, and other interested parties following the end of the second full-year. Avista may seek to extend the term of the mechanism prior to its expiration.

B. Rate Groups. There will be two rate groups established for both the electric FCA and natural gas FCA:

Electric Customer Rate Groups:

1. Residential – Schedule 1
2. Commercial – Schedules 11, 12, 21, 22, 31, 32

Natural Gas Rate Groups:

1. Residential – Schedule 101
2. Commercial – Schedules 111 and 112

C. Existing Customers and New Customers. The Parties have agreed that revenue related to certain items discussed below would not be included in the FCA for new customers. The result is that the Fixed Cost Adjustment Revenue-Per-Customer for new customers will be less than the Fixed Cost Adjustment Revenue-Per-Customer for existing customers. For new electric customers added after the test period, recovery of

incremental revenue related to fixed production and transmission costs would be excluded from the electric FCA. For new natural gas customers added after the test period, recovery of incremental revenue related to fixed production and underground storage facility costs would be excluded. These modifications are included in Appendices B and C to the Stipulation.

D. Quarterly Reporting. Avista will file, within 45 days of the end of each quarter, a report detailing the FCA activity by month. The reporting will also include information related to the deferrals by rate group, what the deferrals would have been if tracked by rate schedule, use and revenue-per-customer for existing and new customers, and other summary financial information. Avista will provide such other information as may be reasonably requested, from time to time, in the future quarterly reports.

E. Annual Filings. On or before July 1, the Company will file a proposed rate adjustment surcharge or rebate based on the amount of deferred revenue recorded for the prior January through December time period. The rate adjustment would be calculated separately for each Rate Group, with the applicable surcharge or rebate recovered from each group on a uniform cents per kWh or per therm basis. The proposed tariff (Schedule 75 for electric, Schedule 175 for natural gas) included with that filing would include a rate adjustment that recovers/rebates the appropriate deferred revenue amount over a twelve-month period effective on October 1 for electric (to match with Power Cost Adjustment and Residential Exchange annual rate adjustments time period) and November 1<sup>st</sup> for natural gas (to match with the annual Purchased Gas Cost Adjustment rate adjustment time period). The deferred revenue amount approved for recovery or rebate would be transferred to a balancing account and the revenue surcharged or rebated during the period would reduce the deferred revenue in the balancing account. After

determining the amount of deferred revenue that can be recovered through a surcharge (or refunded through a rebate) by Rate Group, the proposed rates under Schedules 75 and 175 would be determined by dividing the deferred revenue to be recovered by Rate Group by the estimated kWh sales (Electric FCA) or therm sales (Natural Gas FCA) for each Rate Group during the twelve-month recovery period. Any deferred revenue remaining in the balancing account at the end of the amortization period would be added to the new revenue deferrals to determine the amount of the proposed surcharge/rebate for the following year.

F. Interest. Interest will be accrued on the unamortized balance in the FCA balancing accounts at the Customer Deposit Rate.<sup>4</sup>

G. Accounting. Avista will record the deferral in account 186 – Miscellaneous Deferred Debits. The amount approved for recovery or rebate would then be transferred into a Regulatory Asset or Regulatory Liability account for amortization. On the income statement, the Company would record both the deferred revenue and the amortization of the deferred revenue through Account 456 (Other Electric Revenue), or Account 495 (Other Gas Revenue), in separate sub-accounts. The Company would file quarterly reports with the Commission showing pertinent information regarding the status of the current deferral. This report would include a spreadsheet showing the monthly revenue deferral calculation for each month of the deferral period (January - December), as well as the current and historical monthly balance in the deferral account.

---

<sup>4</sup> Based on Order No. 33187 in Case No. GNR-U-14-12, the deposit rate for 2015 is 1.0%. The rate is updated annually.

H. 3% Rate Increase Cap. An FCA surcharge, by rate group, cannot exceed a 3% annual rate adjustment, and any unrecovered balances will be carried forward to future years for recovery. There is no limit to the level of the FCA rebate.

**D. COST OF SERVICE/RATE SPREAD/RATE DESIGN**

14. Cost of Service. For electric operations, the Company prepared an analysis using a system load factor peak credit method of classifying production costs, allocating 100% of transmission costs to demand, and allocating transmission costs on a twelve-month basis. For settlement purposes, the Parties agreed to use a pro-rata allocation based on the Company's proposed 25% move towards unity for purposes of spreading the revised electric revenue requirement, while not agreeing on any particular cost of service methodology.

For natural gas operations, the Company proposed that all rate schedules be moved approximately 33% towards unity. For settlement purposes, the Parties agreed to use a pro-rata allocation of the Company's natural gas rate spread percentages from its original filing for purposes of spreading the revised revenue requirement.

15. Rate Spread/Rate Design (Base Rate Changes).

(a) As indicated above, the Parties agreed that the increase in base revenues would be spread to all electric and natural gas rate schedules on a pro-rata allocation of the Company's rate spread percentages from its original filing.

(b) Electric Rate Design. The Parties agree that the revenue requirement for each electric service schedule will be applied as a uniform percentage increase to each volumetric energy rate as shown in Appendix D. Fixed monthly charges and fixed and variable demand charges will remain unchanged. The electric Residential Basic Charge

(Schedule 1) will remain at \$5.25 per month. Finally, the street and area light codes and calculation methodology described in Mr. Ehrbar's direct testimony will be adopted.

(c) Natural Gas Rate Design. The Parties agree that the Basic Charge for Schedule 101 will increase by \$1.00 per month, from \$4.25 to \$5.25. The revenue requirement for all other natural gas service schedules will be applied as a uniform percentage increase to each volumetric energy rate as shown in Appendix D.

(d) Appendix D provides a summary of the current and revised rates and charges (as per the Settlement) for electric and natural gas service.

16. Electric Rebate Extension. Through rate Schedule 97, customers are receiving a rebate of \$0.00091 per kWh for 2015 (approximately \$2.8 million). This rebate rate was first approved in the Company's 2012 general rate case, Case No. AVU-E-12-08. As a part of the settlement stipulation approved by the Commission in Case No. AVU-E-14-05, the rebate rate was extended through December 31, 2015 using the 2013 electric earnings sharing deferral. For 2014, Avista deferred approximately \$5.6 million under the electric earnings sharing. The Parties agree to use the \$5.6 million deferral balance from 2014 and extend the Schedule 97 rebate rate for 2016 and 2017<sup>5</sup>. This information is shown on Appendix E.

17. Natural Gas Rebate Extension. Through rate Schedule 197, customers are receiving a rebate of \$0.01489 per therm through December 31, 2015 (approximately \$1.2 million). This rebate rate was first approved in the Company's 2012 general rate case, Case No. AVU-G-12-07. As a part of the settlement stipulation approved by the Commission in Case No. AVU-G-14-01, the rebate rate was extended for 2015 using the 2013 natural gas earnings sharing deferral, as well as the Schedule 191 Natural Gas Energy Efficiency funding balance. For 2014, Avista deferred approximately \$0.2 million under the natural gas earnings sharing. The Company is

---

<sup>5</sup> The electric and natural gas earnings sharing is in place for the 2013-2015 rate plan.

proposing to use the \$0.2 million natural gas deferral balance from 2014 to partially offset the expiration of the \$1.2 million rebate that will occur on January 1, 2016. This information is shown on Appendix E.

18. Resulting Percentage Increase by Electric Service Schedule. The following tables reflect the agreed-upon percentage increase by schedule for electric service:

Residential Schedule 1	0.9%	0.9%

#### **IV. OTHER GENERAL PROVISIONS**

21. The Parties agree that this Stipulation represents a compromise of the positions of the Parties in this case. As provided in RP 272, other than any testimony filed in support of the approval of this Stipulation, and except to the extent necessary for a Party to explain before the Commission its own statements and positions with respect to the Stipulation, all statements made and positions taken in negotiations relating to this Stipulation shall be confidential and will not be admissible in evidence in this or any other proceeding.

22. The Parties submit this Stipulation to the Commission and recommend approval in its entirety pursuant to RP 274. Parties shall support this Stipulation before the Commission, and no Party shall appeal a Commission Order approving the Stipulation or an issue resolved by the Stipulation. If this Stipulation is challenged by any person not a party to the Stipulation, the Parties to this Stipulation reserve the right to file testimony, cross-examine witnesses and put on such case as they deem appropriate to respond fully to the issues presented, including the right to raise issues that are incorporated in the settlement terms embodied in this Stipulation.

Notwithstanding this reservation of rights, the Parties to this Stipulation agree that they will continue to support the Commission's adoption of the terms of this Stipulation.

23. If the Commission rejects any part or all of this Stipulation or imposes any additional material conditions on approval of this Stipulation, each Party reserves the right, upon written notice to the Commission and the other Parties to this proceeding, within 14 days of the date of such action by the Commission, to withdraw from this Stipulation. In such case, the Parties immediately will request the prompt reconvening of a prehearing conference for purposes of establishing a procedural schedule for the completion of the case. The Parties agree to cooperate in development of a schedule that concludes the proceeding on the earliest possible date, taking into account the needs of the Parties in participating in hearings and preparing testimony and briefs.

24. The Parties agree that this Stipulation is in the public interest and that all of its terms and conditions are fair, just and reasonable.

25. No Party shall be bound, benefited or prejudiced by any position asserted in the negotiation of this Stipulation, except to the extent expressly stated herein, nor shall this Stipulation be construed as a waiver of the rights of any Party unless such rights are expressly waived herein. Execution of this Stipulation shall not be deemed to constitute an acknowledgment by any Party of the validity or invalidity of any particular method, theory or principle of regulation or cost recovery. No Party shall be deemed to have agreed that any method, theory or principle of regulation or cost recovery employed in arriving at this Stipulation is appropriate for resolving any issues in any other proceeding in the future. No findings of fact

or conclusions of law other than those stated herein shall be deemed to be implicit in this Stipulation.

26. The obligations of the Parties under this Stipulation are subject to the Commission's approval of this Stipulation in accordance with its terms and conditions and upon such approval being upheld on appeal, if any, by a court of competent jurisdiction.
