I. P. U. C. IDAHO PUBLIC UTILITIES COMMISSION

To The request for raises in Gas and electric in the next 2 years. How in good judgement can you approve 6.9 percent when many folks are on fixed incomes plus 6.5 percent on Gas Rate. Fixed income folks received a whopping 1.7 percent on their Social Security monthly benefit.

It doesn't take a Rocket Scientist to add this one up. I implore you to give this Request your utmost consideration.

Thank you
