Things To Do:

Another raise.
How about people
on SS. What will
that do to make their
checks STRETCH
further!!!
How about people
on minimum
wage. How about

Helping them
STRETCH their
checks!!! cut
down on the
big salaries and
pass it on to us
POOR people.

I am writting to you without hope
that it will make any difference.

I Don't know what your expenses are
but I do know that every few years the
price for gas & electricity goes up.

I work for the State of Wa. & have
not recieved a cost of living raise or
work raise for aproximately 7 years.

Meanwhile my property taxes, water,
sewer, food etc. has all gone up.

If the cost of eggs goes up - I can
look for sales & check with several
different grocery stores to get the best
buy. With gas & electric - I Don't
have that advantage. It looks to me
like by 2017 my costs will be up
a whopping 23% for gas & electric.

Please moderate your spending &
your proposed spending as I have done
personally.

Sincerely,
Joyce Wood
