CASE NO. - AVU-E-19-04

Name of Utility Company: Avista
Contacted Utility: No

Complaint: I see that Avista is planning on raising it's rates again by 3.6% all the while keeping it's rates mostly unchanged on all other schedules. This is outrageous! I am retired and on a fixed income and have limited funds. If they need a rate increase average it out so that the schedules pay the same rates.
