Avista Rate Case # AVU-E-19-04

To WHom it may concern,

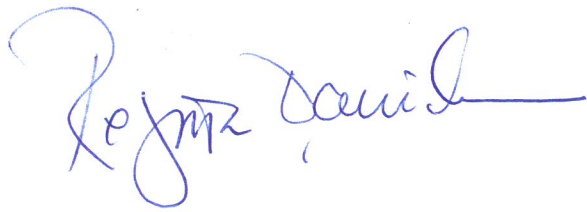

I am very frustrated regarding Avista's requested 5.3 million dollars to their Idaho customers.

It does not seem fair that Avista is not offer opt-out choice for their Idaho customers, since

their Washington customers get that choice.

I would like to have opt-out choice and to know why Washington gets to choose and we do not.

Sincerely,  
Regina Danielsson
