**RE: IN THE MATTER OF AVISTA CORPORATION'S FILING TO PROPOSE  
MODIFICATIONS TO TARIFF SCHEDULE NO. 95;  
CASE NO. AVU-E-20-14**

### BACKGROUND

On December 4, 2020, Avista Corporation dba Avista Utilities ("Company") submitted a Tariff Advice requesting to modify Electric Service Schedule No. 95—My Clean Energy Program ("Schedule No. 95"). The Company requested an effective date of February 15, 2021.

At the Commission's January 26, 2021 decision meeting, Commission Staff recommended suspension of the proposed effective date and to process the Tariff Advice as a formal case because the Tariff Advice would make programmatic changes that warrant public comment.

On January 29, 2021, the Commission issued a Notice of Modified Procedure and suspended the proposed February 15, 2021 effective date. Order No. 34905.

On February 18, 2021, Commission Staff filed comments recommending the proposed program modification.

On March 16, 2021, the Commission issued a final order approving Avista's proposed modifications to Tariff Schedule No. 95. Order No. 34963. On March 17, 2020, the Company made a compliance filing to update Tariff Schedule No. 95 pursuant to Order No. 34963.

**STAFF RECOMMENDATION**

Staff reviewed the proposed Tariff and it complies with Commission Order No. 34963. Staff recommends the Commission approve Tariff Schedule No. 95 as filed, with an effective date of March 16, 2021.

**COMMISSION DECISION**

Does the Commission wish to approve Tariff Schedule No. 95 as filed in the Company's compliance filing, with an effective date of March 16, 2021?
