RE: IN THE MATTER OF AVISTA UTILITIES' APPLICATION FOR PROPOSED CHANGES TO SCHEDULE 95 "MY CLEAN ENERGY PROGRAM"; CASE NO. AVU-E-21-15.

On December 30, 2021, the Commission issued Order No. 35282 approving changes to Avista Utilities' ("Company") Schedule 95 – My Clean Energy Program ("Program") effective January 1, 2022. The Program is a way for customers to voluntarily support the development of renewable energy by purchasing electricity with Renewable Energy Credits (RECs).

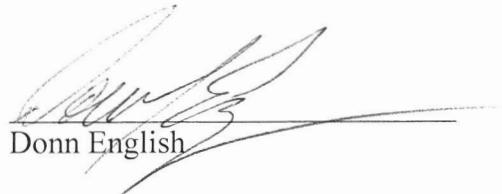

On January 3, 2022, the Company filed a conforming Tariff Schedule 95 compliant with the Commission's Order, however page 3 inadvertently stated an effective date of March 16, 2021. On January 4, 2022, the Company filed a replacement to its conforming Tariff Schedule 95 reflecting the proper effective date of January 1, 2022. Staff reviewed the conforming Tariff Schedule 95 and believes it complies with the Commission Order No. 35282.

STAFF RECOMMENDATION

Staff recommends the Commission approve the Tariff Schedule 95 submitted by the Company on January 4, 2022, with an effective date of January 1, 2022, consistent with Order No. 35282.

COMMISSION DECISION

Does the Commission wish to approve the Tariff Schedule 95 submitted by the Company on January 4, 2022, with an effective date of January 1, 2022, consistent with Order No. 35282?
