Comment: "I worked my entire life with the goal of a comfortable lifestyle in my senior years. My plan has been completely eroded due to the exorbitant increase in property taxes, utility fees and run away inflation. Many senior on a fixed income face this dilemma. It is high time that this utility company cut their expenses starting with the compensation they are paying from top management down through the ranks. This is a serious situation for many people, & I certainly hope that these concerns are not falling on deaf ears. Thank you."
