Comment: "Comment: Per the CDA Press, Avista wants to raise the natural gas rate on Idahoans. This company recently reported a net income of 155.2 million dollars for 2022; with 78 million dollars alone in the 4th quarter. I understand they are a company trying to make money, but how much is enough? This rate increase request appears to be just another example of greed to line the pockets of Avista and shareholders. I would like to see the Idaho Public Utilities Commission deny this request for a rate hike. Too many Idahoans are struggling right now with inflation in every area of their life."
