Name of Utility Company: Avista

Case ID: AVU-E-23-01

Comment: "It was reported this morning that Avista is requesting a rate hike for Idaho residential customers of 11.9% starting this September. The article said Avista stated this rate hike request was "fair and reasonable." If inflation numbers recently reported were 4%, then this request is NOT fair and reasonable. The utility company thinks we have unlimited income. Their request is UNCONSCIONABLE! And it is far from reasonable. There are a great number of elderly retired persons in North Idaho that have fixed incomes. Perhaps Avista should have a fixed income. I sincerely hope the Commissioners deny this request...contrary to what some politicians believe, "GREED IS NOT GOOD." Greed is insidious and is working to destroy this great nation! I am a native Idahoan. Thank you for your consideration. Please say "no" to Avista."
