)	ORDER NO. 36607

On April 16, 2025, Riverside Electric Company, Limited (“Company”) and City of Rupert (“Rupert”) (collectively “Parties”) applied to the Idaho Public Utilities Commission (“Commission”) requesting approval of a Service Territory Agreement (“Agreement”) between the Company and Rupert.

BACKGROUND

The Electric Supplier Stabilization Act (“ESSA”) prohibits an electric supplier (e.g., a utility, municipality, or co-op) from serving another electric supplier’s existing or former customers. *Idaho Code* § 61-332B. Section 61-332(2) provides that the purposes of the ESSA is to: (1) promote harmony between electric suppliers; (2) prohibit the “pirating” of consumers; (3) discourage duplication of electric facilities; (4) actively supervise the conduct of electric suppliers; and (5) stabilize service territories and consumers. The ESSA enables electric utilities to allocate territories and customers if certain conditions are satisfied. The ESSA allows electric suppliers to contract for the purpose of “allocating territories, consumers, and future consumers . . . and designating which territories and consumers are to be served by which contracting electric supplier.” *Idaho Code* § 61-333(1). Such contracts must be submitted to the Commission for approval. *Id.* The Commission will approve contracts reviewed under the ESSA if, after notice and opportunity for hearing, the Commission finds that the agreement conforms with the purposes of the ESSA. *See Idaho Code* §§ 61-333(1) and 61-334B(1).
