Please describe your comment briefly:

I urge the IPUC to deny a rate increase for Idaho Power. In view of today's economical status, it is very unwise to add extra burdens to the public. It appears to me that Idaho Power is not struggling financially. They spend many dollars on advertising which (for an utility company) is not necessary because they have no competitors. Also, I believe it is morally indecent for Idaho Power to charge their customers \$4.00 for billing. We have no choice in this matter other than to suggest Idaho Power stop billing and call or e-mail customers the amt of their bill. Again, I urge you to deny the rate increase and/or eliminate the \$4 charge.
