

# Cost Increase Proposed by Idaho Power for Customers with Solar or Wind Turbines

## Citizen Comment to the Idaho Public Utilities Commission

P O Box 83720 Boise, Idaho 83720-0074; FAX: (208) 334-3762

Case Number: IPC-E-17-13

My power company is Idaho Power.

I want Idaho Public Utilities Commission to know:

- ☒ I want to keep solar and wind power **affordable** in Idaho.
- ☒ I may want to put solar power on my property in the future.
- ☒ I like solar & wind power because they will bring **thousands of jobs** to Idaho.
- ☒ I would like to see a **state incentive program** for installation of solar and/or wind.
- ☒ Idaho Power should continue to pay for power generated by customers; keep *Schedule 84* that provides net metering.
- ☒ Idaho Power should embrace solar power because it reduces the need for power during the day when air conditioners are running the most.
- ☒ Idaho should work with their customers to develop strategies to encourage distributed generation, as other power companies do.
- ☒ Idaho Power should invest in more renewable energy and divest from fossil fuels.
- ☒ Idaho Power should reimburse the cost of a home owner's solar system because they reduce the need for more infrastructure (power lines, power plants, etc.).

IDAHO PUBLIC UTILITIES COMMISSION

Additional Message to Idaho Public Utilities Commission:

Idaho Power needs to be looking ahead + preparing for multiple sources of energy in the future. Please support efforts by consumers to increase wind + solar.

## Citizen Comment to the Idaho Public Utilities Commission

P O Box 83720 Boise, Idaho 83720-0074; FAX: (208) 334-3762

Case Number: IPC-E-17-13

My power company is Idaho Power.

I want you to know that:

- ☒ <sup>definitely</sup> I want to keep solar and wind power **affordable** in Idaho.
- ☒ I may want to put solar power on my property in the future.
- ☒ I like solar & wind power because they will bring **thousands of jobs** to Idaho. *That's been proven!*
- ☒ I would like to see a **state incentive program** for installation of solar and/or wind.
- ☒ Idaho Power should continue to pay for power generated by customers; keep Schedule 84 that provides net metering. **YES!**
- ☒ Idaho Power should embrace solar power because it reduces the need for power during the day when air conditioners are running the most. **TRUE.**
- ☒ Idaho should work with their customers to develop strategies to encourage distributed generation, as other power companies do. **IT'S TIME!**
- ☒ Idaho Power should invest in more renewable energy and divest from fossil fuels. **DEFINITELY!**
- ☒ Idaho Power should reimburse the cost of a home owner's solar system because they reduce the need for more infrastructure (power lines, power plants, etc.). **AND they** <sup>if</sup> **would get the power for FREE, otherwise.**

Additional Message to Idaho Public Utilities Commission:

I.P. essentially has a monopoly over its customers now. If their customers foot the bill to go solar, then I.P. can buy the extra power generated by those customers. It's a win-win situation for both.

Additional Message to Idaho Public Utilities Commission:

Power is essential for people in the community.  
They should be able to determine how power is done  
rather than individuals raising power
