

DECISION MEMORANDUM

TO: COMMISSIONER KJELLANDER
COMMISSIONER RAPER
COMMISSIONER ANDERSON
COMMISSION SECRETARY
LEGAL
WORKING FILE

FROM: MICHAEL MORRISON

DATE: MAY 18, 2018

SUBJECT: STAFF'S COMPLIANCE FILING IN THE MATTER OF THE
APPLICATION OF IDAHO POWER COMPANY FOR AUTHORITY TO
ESTABLISH NEW SCHEDULES FOR RESIDENTIAL AND SMALL
GENERAL SERVICE CUSTOMERS WITH ON-SITE GENERATION,
CASE NO. IPC-E-17-13.

BACKGROUND

In Final Order No. 34046, the Commission ordered Idaho Power ("Company") to close Schedule 84 and create two new schedules for Residential Service On-Site Generation (Schedule 6) and Small General Service On-Site Generation (Schedule 8).

The Commission also approved the Company's proposed revisions to Schedule 72, and ordered the Company to work with Staff and other interested parties to finalize the details and file conforming tariff language by June 1, 2018. Staff arranged for a meeting to occur on May 17, 2018, and invited all parties to Case No. IPC-E-17-13.

In testimony, Staff had expressed concern that the Company's proposed changes went beyond the scope of its Application, and proposed that the Company's changes should be considered in a separate docket. *See Morrison Di* at 21. However, the Commission's decision to approve the Company's proposed Schedule 72 revisions obviated Staff's proposal to consider these changes in a separate case.

On May 17, 2018, Staff met with the Company, and representatives from the Idaho Conservation League and Sierra Club, to discuss the Company's proposed changes to Schedule 72. After an explanatory presentation of the changes by the Company, neither Staff nor the intervenors had any objections to the Company's proposed Schedule 72 revisions, as filed by the Company in its Application.

Subsequent to the May 17, 2018 meeting, Idaho Power completed its compliance filing by filing its new Tariff Schedules 6 and 8, and revised versions of existing Tariff Schedules 72 and 84. Staff reviewed these schedules and believes that they comply with the intent of Final Order No. 34046.

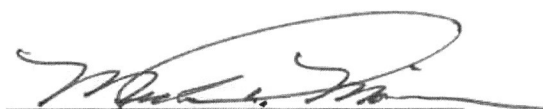

The Company also updated Schedules 61, 63, 66, 74, 81, 91, and 98; and Rules C, G, H, and I. Staff reviewed these updates, finding them to be minor and necessary to assure that language in these schedules correlates with the changes made to Schedules 6, 8, 72, and 84. Staff believes that these changes are consistent with Final Order No. 34046.

STAFF RECOMMENDATIONS

Staff recommends that the Company's new Tariff Schedules 6 and 8 be approved as filed in the Company's May 17, 2018 compliance filing. Staff also recommends that Commission approve the changes made to Schedules 61, 63, 66, 72, 74, 81, 84, 91, and 98, and to Rules C, G, H, and I in the Company's May 17, 2018 compliance filing.

COMMISSION DECISION

Does the Commission wish to approve the Company's new Tariff Schedules 6 and 8, and changes to Schedules 61, 63, 66, 72, 74, 81, 84, 91, and 98, and to Rules C, G, H, and I in the Company's May 17, 2018 compliance filing?
