Telephone: 2082351560
Address: 477 cochise ave
Pocatello ID, 83204

Name of Utility Company: 1958

Comment: Please consider denying Idaho Power the right to dismantle the net metering program we are currently participating in. To reward the corporation rather than the people of Idaho is unsettling. The number of solar providers in the residential sector are so inconsequential to the bottom line for Idaho Power. They are just trying to make a buck. You should be helping residents of Idaho to save energy and money. Do the right thing here, side with the people of Idaho rather than a big company whose bottom line is making a buck.
