Name of Utility Company: Idaho power

Comment: " As a Idaho Power customer and Idaho citizen I'm asking that the Commission continue to allowing future customers into the fair and simple one-for-one credit net-metering policy, until the public workshops and cost-benefit study are complete. I'm also requesting the denial of Idaho Power's net hourly billing petition, as this would be discriminatory toward solar customers, and is neither necessary and nor justified without a comprehensive study. I ask that you as the Commission ask Idaho Power as a public utility, complete the study that has been mandated multiple times in this case. Thank you for your time, Diana"
