Before the Idaho Public Utilities Commission

Petition to Intervene of the Idaho Conservation League

Comes now the Idaho Conservation League ("ICL") and hereby requests leave to intervene in the above captioned matter pursuant to the Idaho Public Utilities Commission Rules of Procedure, IDAPA 31.01.01.071-073. As discussed below, ICL has direct and substantial interests in these proceedings, and therefore should be granted intervention.

1. The name of this intervenor is:

Benjamin J. Otto  
Idaho Conservation League  
710 N. 6th st.  
Boise, Idaho 83702  
Ph: (208) 345-6933 x 12  
Fax: (208) 344-0344  
botto@idahoconservation.org

Please provide copies of all pleadings, production requests, production responses, Commission orders, and other documents to the name and address above. In the interest of conserving natural resources and reducing the costs to all parties, please provide hard copies of pleadings, testimony, and briefs only. Production requests, responses, notices, Commission orders, and other filings may be submitted via electronic mail in accordance with IPUC Rules 31.01.01.063.02-03.

2. Idaho Conservation League claims a direct and substantial interest in this proceeding as a customer and on behalf of our members who are customers of Idaho Power and desire reliable, affordable, and clean energy service from the Company. As Idaho's largest state-based conservation organization, we have approximately 11,000 members most of whom are residential customers of Idaho Power. ICL's Boise headquarters is a Schedule 9 Idaho Power customer. ICL
and our members have a long-standing interest influencing the utilities long-term resource plan in order to maintain reliable and affordable energy while transitioning to clean sources that protect our air and reinvest our energy dollars in Idaho. ICL intervention here will focus on the tools and quality of the inputs Idaho Power used in this planning process thus will not unduly broaden the issues.

3. ICL intends to fully participate in this matter as a party. The nature and quality of ICL’s intervention in the proceeding is dependant upon the nature and effect of other evidence in this proceeding. If necessary ICL may introduce evidence, be heard in argument, and call, examine, and cross-examine witnesses. ICL intends to seek intervenor funding pursuant to IDAPA 31.01.01.161-165.

WHEREFORE, ICL respectfully requests the Commission grant this petition.

DATED this 17th day of July 2019.

Respectfully submitted,

Benjamin J. Otto
Idaho Conservation League
