Pocatello, ID 83201-4021

Name of Utility Company: Idaho Power

Case ID: IPC-E-20-26

Comment: "I support the continuation of solar net metering in Idaho. I oppose a December 1, 2020 cutoff. Continuation of net metering promotes the expansion of renewable energy in Idaho, including solar on farms and ranches as well as homes and businesses. Also, continued availability of net metering positions Idaho to capitalize on small and medium scale energy innovations likely to arrive in coming years. Cessation of net metering moves Idaho backwards."
