Telephonic public hearing scheduled for Idaho Power's application to change metering requirement and grandfather existing commercial, industrial, and irrigation customers with on-site generation

**BOISE (Oct. 1, 2020)** – The Idaho Public Utilities Commission will host a telephonic public hearing to take testimony on Idaho Power's application that proposes changes to its net metering program for large commercial, industrial, and irrigation customers with on-site generation.

Idaho Power filed an application with the commission seeking to replace the existing two-meter requirement with a single-meter requirement as of Dec. 1, 2020, require large commercial, industrial and irrigation customers who sign up for the net metering program on or after Dec. 1, 2020, to be subject to any future commission-approved changes to the billing methodology and compensation structure for those groups of customers and grandfather customers who have applied to take service under Schedule 84 before Dec. 1, 2020, to the present terms in Schedule 84 for 10 years.

The telephonic hearing is on Tuesday, Oct. 13, and starts at 6:00 p.m. (MDT). Participation can be accomplished by calling 1-800-920-7487 and entering 6674832# when prompted. Those planning on testifying are encouraged to start calling in to the hearing at 5:30 p.m. (MDT) on Oct. 13. In the interest of public health and safety, and consistent with guidance from both the CDC and Central District Health regarding mitigation of exposure to Covid-19, the hearing will be telephonic only.

To identify callers and manage the hearing efficiently, those interested in testifying are encouraged to contact Adam Rush at adam.rush@puc.idaho.gov or call 1-208-334-0339 and provide their name and the telephone number they will be calling in on. Please provide this information no later than 4:00 p.m. (MDT) on Tuesday, Oct. 13, 2020. Additional callers will not be prohibited from testifying, but will be accommodated after the identified callers have testified.
