In support of said Petition to Intervene the ICIP says as follows:

I
INTRODUCTION – BACKGROUND

Idaho Power Company ("Idaho Power") initiated this docket on June 3, 2021, for the purposes of, inter alia, seeking authorization to, (1) accelerate its depreciation schedule for the Jim Bridger Power Plant, (2) create a balancing account to track incremental costs associated

with the early termination of Idaho Power's participation in that power plant, and to (3) increase annual rates it charges by approximately 2.5% or thirty-one million dollars.

This Intervenor, the Industrial Customers of Idaho Power, ("ICIP") is an unincorporated association of Schedule 19 customers of Idaho Power. All ICIP members receive electric utility services from Idaho Power Company. The ICIP claims a direct and substantial interest in this proceeding in that its members' rates for electric service may be affected by the outcome of this proceeding.

This Intervenor, in its capacity as a representative of industrial customers intends to participate herein as a party, and if necessary, to introduce evidence, cross-examine witnesses,

call and examine witnesses, and be heard in argument. The nature and quality of evidence which this Intervenor will introduce is dependent upon the nature and effect of other evidence in this proceeding.

Without the opportunity to intervene herein, this Intervenor would be without any means of participation in this proceeding which may have a material impact on the rates its members pay for electric service.

Granting this Intervenor's petition to intervene will not unduly broaden the issues nor will it prejudice any party to this case.

WHEREFORE, the Industrial Customers of Idaho Power respectfully requests that this Commission grant its Petition to Intervene in these proceedings and to appear and participate in all matters as may be necessary and appropriate; and to present evidence, call and examine witnesses, present argument and to otherwise fully participate in these proceedings.
