Dear Commission Secretary PUC,

Solar studies must accurately value the benefits of local clean energy production. Local, clean energy benefits us all and plays an important role in working towards a clean energy future.

Dear Commission Secretary PUC,

Solar is an important player in Idaho's clean energy future! And customer-owned energy production benefits the community by strengthening local grids instead of relying on long-distance power lines. We must work together to ensure local, clean, customer-owned power is an option for all Idahoans.
