Dear Commission Secretary PUC,

I want the rooftop solar valuation study to be fair so I can participate in the program and help move Idaho towards a clean energy future! We must work together to ensure local, clean, customer-owned power is an option for all Idahoans.

Regards,  
Ryan Delaney

Dear Commission Secretary PUC,

Idahoans have a right to programs that help them invest in their own independent energy systems and to be fairly compensated for any services they provide. Idaho home and landowners Idaho have enormous potential to harvest our abundant solar resources. Give Idahoans the objective study we deserve to fully understand the bright future of solar in Idaho.

Dear Commission Secretary PUC,

Solar is an important player in Idaho's clean energy future! I want the Idaho Power solar valuation study to identify how I can participate in the rooftop solar program. Local, clean energy benefits us all and plays an important role in working towards a clean energy future.
