Comment: "IPC-E-21-25 Case number does not benefit citizens south of Buttercup Road which is far north of us. This cost should not be put on citizens outside the benefit area. Ketchum and Sun Valley residents have stated in public comment that if a 2nd line needs to ensure provision then they dont want to see it. Make the homeowners and businesses north of Buttercup Road who need this powerline (that they dont want to see above ground) pay for this, not the residents of Hailey and Bellevue who do not receive any benefit to this new line.
