2. CEO is a non-profit corporation incorporated under the laws of the State of Idaho.

3. CEO has a direct and substantial interest in this proceeding. The organization was founded with a mission to bring problem-solving rigor and solution-focused approaches to advance clean energy and better serve the long-term interests of Idahoans and future generations. The need to bring these skills and approach into clean energy related dockets was an impetus for founding the organization. A key purpose of CEO's efforts is the reduction of greenhouse gas emissions; one priority is to expand customer choice in effecting the emission characteristics of the energy they consume. The issues associated with expanding alternatives for clean energy offerings are contemplated and reviewed in this docket. CEO aims to contribute from a perspective informed by collaborative problem-solving approaches and multiple stakeholder interests.

4. CEO's participation as an intervenor in this proceeding will not unduly broaden the issues or delay the proceeding because CEO's interest is directly related to the subjects addressed in Idaho Power's application. CEO's involvement in this proceeding will not be duplicative of other parties in this proceeding because no other party adequately represents CEO's interests.

5. CEO intends to fully participate in this matter as a party. The nature and quality of CEO's intervention in the proceeding is dependent upon the nature and effect of other evidence

in this proceeding. If necessary, CEO may introduce evidence, be heard in argument, and call, examine, and cross-examine witnesses. CEO intends to seek intervenor funding pursuant to IDAPA 31.01.01.161-165.
