Good morning. This is Chris Unruh 25289 Hipwell Lane Grandview Idaho and I have installed several 100 kw sites to offset irrigation power costs . I want to lend my support to these projects of letting farmers generate some of their own power As a piece of the. Whole of regenerate agriculture it fits nicely reduced legislation opening up the way for larger projects e would be appreciated. I am thankful that we were able to put in the projects that we did.
