---

On June 14, 2022, Idaho Power Company (“Company”) filed an Application with the Idaho Public Utilities Commission (“Commission”) requesting approval of a Second Amendment to its Energy Sales Agreement (“ESA”) with Simcoe Solar, LLC (“Seller”), which sells energy generated by the Seller’s 20-megawatt solar photovoltaic project (“Facility”) located in Elmore County, State of Idaho. The Company represented that the Facility is a qualifying facility under the Public Utility Regulatory Policies Act of 1978. The Second Amendment seeks to delete Section 6.2.2 of the ESA and replace it with a new Section 6.2.2. The Company represented that the new Section 6.2.2 modifies the Net Energy Amount (“NEA”) adjustment period but does not otherwise change any obligations of the parties set forth in the ESA.

The Commission now provides Notice of the Application, Notice of Modified Procedure, and sets a public comment deadline and Company reply comment deadline.

**NOTICE OF APPLICATION**

YOU ARE HEREBY NOTIFIED that the Company has represented that Section 6.2.2 of the ESA provides the Seller with the option to adjust the monthly estimated NEA within a specified time period. The Company has represented that the Second Amendment would change the NEA adjustment time period in Section 6.2.2 so that the Seller may make adjustments by the 25th day of the preceding month in which a change is requested but does not change any other obligations set forth in the ESA.

YOU ARE FURTHER NOTIFIED that the Application is available for public inspection during regular business hours at the Commission’s office.
