Mr. Hill is the President of the ISON Board of Directors. ISON is a non-profit corporation in Idaho. Pursuant to IDAPA rule 43 Mr. Hill can represent ISON as an officer of the corporation in this administrative proceeding.

Copies of all pleadings, production requests, production responses, Commission orders and other documents should be provided as noted above.

2. This Intervenor, ISON, is a non-profit corporation primarily representing Idaho residential solar owners and claims direct and substantial interest in this proceeding in that this filing may initiate changes in rates and requirements that may negatively affect their participation in on-site generation. Intervenor status is necessary to protect our members' interests in protecting and promoting solar generation in Idaho.

3. ISON intends to participate herein as a party and, if necessary, to introduce evidence, cross-examine witnesses, call and examine witnesses, and be heard in argument. The nature and quality of evidence which this Intervenor will introduce is dependent upon the nature and effect of other evidence in this proceeding. ISON may seek intervenor funding pursuant to IDAPA 31.01.01.161-165.

4. Granting ISON's Petition to intervene will not unduly broaden the issues, nor will it prejudice any party to this case.

WHEREFORE, ISON respectfully requests that the Commission grant this petition to intervene and to fully participate in these proceedings.

DATED this 4th day of August, 2022
