Dear Public Utilities Commission,

My name is Sidney and I live in Boise, and I am an Idaho Power customer. I urge you to hold the upcoming IPC-E-22-22 hearing on a weekend. I think this will be more accessible to people who care about the VODER study. It will also be helpful if the meeting runs late, like it has in the past, to hold it earlier in the day.

Thank you,

Sidney Snider, 4196 E Homestead Rim Dr, Boise, ID 83716
