To whom it May Concern:

RE: IPC - t - 23 - 11

(Idaho Power's request for
an increase to the fixed rate
to \$35.00)

Please do not approve
this request!

As a senior citizen on
a fixed income, this is
NOT acceptable!

at this point, the fixed
cost is \$2.40.

They need to find a better
way to raise the money
they need. Suggestion: New
customers within the last
year or two should pay more!
As a resident since 1988, we
should not have pay this increase!

Sincerely,
Florence Warrell
