

Hi Jan,

I spoke to Ms. Werle. Her intent was to submit comments in Case No. IPC-E-23-12 (PCA).

Thanks,

Curtis

Comment: "I received the postcard from Idaho Power communicating their plan to raise residential rates in Idaho; it looks like 10.34%. This is outrageous! With so many new residents, energy costs should be reducing due to the many more residents to share the cost. This is higher than inflation, and "market prices" should have nothing to do with the price residents should have to pay; it should have to do ONLY with the cost Idaho Power incurs. Are they being required to cut their overhead? Have you looked at their executive salaries?? Please do not approve this rate increase!"
