Comment: "Please make your hearings for case # IPC-E-23-14 more accessible than your hearings last year. Since Idaho Power's proposals would significantly impact customers' bill savings, it is only fair that you make it possible for all customers to attend and make their voices heard. Everyone deserves a chance to speak out, including those that are unable to travel and those that speak diverse languages. If you truly value the input from your community, it's critical that you offer virtual options AND translation services for your hearings. "
