)	ORDER NO. 36005

On October 25, 2023, Idaho Power Company ("Company") applied for authorization to implement the Bonneville Power Administration's ("BPA") residential and small farm energy rate credit from January 1, 2024, through December 31, 2025. The Company's proposed credit rate would result in an increase of \$6,433,850 to eligible customers in Idaho. The Company asked that its Application be processed under Modified Procedure and requests an effective date of January 1, 2024.

The Commission now issues this Notice of Application and Notice of Modified Procedure establishing public comment and Company reply deadlines.

BACKGROUND

Under the Pacific Northwest Electric Power and Conservation Act, BPA is permitted to exchange power with investor-owned utilities ("IOUs"), like the Company, for lower-cost power generated by BPA via a Residential Exchange Program ("REP"). After litigation, a REP Settlement Implementation Agreement was reached ("Settlement"). This Settlement outlines the Company's REP benefits through September 30, 2028. Certain benefits of these transactions are passed to qualifying residential and small farm customers in participating Northwestern IOUs.

Schedule 98's rate is currently set at \$0.002534 per kilowatt-hour ("kWh"). The Settlement bases compensation on a utility's Average System Cost ("ASC") when compared against BPA's Priority Firm Exchange rate and "a two-year average of the utility's historical eligible residential and small farm loads." Application at 3. This benefit is reviewed and administered by BPA every two years. Accordingly, the Company's qualifying customers received \$19,954,079 a year for both 2022 and 2023. In Order No. 35269, the Commission approved a decrease in Schedule 98's rate

(through the approval of the credit rate) that would be effective from January 1, 2022, through December 31, 2023.

NOTICE OF APPLICATION

YOU ARE HEREBY NOTIFIED that the Company proposed to implement a rate credit of \$0.003447 per kWh—which represents the Company's Idaho portion of benefits from the BPA REP. The Company noted that its proposal would increase the credit rate by \$6,433,850 "to eligible customers in Idaho as compared to the BPA fiscal year 2022-2023 period" credit. *Id.* at 1.

YOU ARE FURTHER NOTIFIED that the Company stated that BPA's ASC for the exchange period of October 2023 through September 2025 is \$66.03 per megawatt-hour ("MWh"). Because this amount is \$3.20 per MWh more than BPA's Priority Firm Exchange Rate, the Company's Idaho and Oregon qualifying customers may receive \$22,903,010 per year for the subsequent exchange period—a \$2,948,931 increase per year when compared to the previous exchange period.

YOU ARE FURTHER NOTIFIED that the Company stated that credits would be applied monthly to its qualifying (non-irrigation) customers starting on January 1, 2024. However, the benefits for the Company's qualifying irrigation customers would accumulate monthly but be collectively discharged to customers on a yearly basis in December.

YOU ARE FURTHER NOTIFIED that the proposed credit rate would apply to customers in rate Schedules 1, 3, 5, 6, 7, 8, 9, 15, and 24 effective January 1, 2024, through December 31, 2025.

YOU ARE FURTHER NOTIFIED that the Company indicated it will notify customers about the Application via bill message in compliance with IDAPA 31.01.01.125 after approval by the Commission.

YOU ARE FURTHER NOTIFIED that the Application has been filed with the Commission and is available for public inspection during regular business hours at the Commission's office. The Application is also available on the Commission's website at www.puc.idaho.gov. Click on the "ELECTRIC" icon, select "Open Cases," and then click on the case number as shown on the front of this document.

YOU ARE FURTHER NOTIFIED that all proceedings in this case will be held pursuant to the Commission's jurisdiction under Title 61 of the Idaho Code.

YOU ARE FURTHER NOTIFIED that all proceedings in this matter will be conducted pursuant to the Commission's Rules of Procedure, IDAPA 31.01.01.000 *et seq*.

NOTICE OF MODIFIED PROCEDURE

YOU ARE FURTHER NOTIFIED that the Commission has determined that the public interest may not require a formal hearing in this matter and will proceed under Modified Procedure pursuant to Rules 201 through 204 of the Idaho Public Utilities Commission's Rules of Procedure. The Commission notes that Modified Procedure and written comments have proven to be an effective means for obtaining public input and participation.

YOU ARE FURTHER NOTIFIED that persons desiring to state a position on this Application may file a written comment explaining why the person supports or opposes the Application. Persons who would like a hearing must specifically request a hearing in their written comments.
