Comment: "Please do not approve of the proposed increase. People are barely able to get by as it is. This is NOT the time to approve of this, as this was just approved last year. Please, listen to the customers and deny this proposal for a January 2025 increase. "

Comment: "Idaho power does not need another rate increase. This is and has been pure greed. What is the point in making everything more energy efficient if Idaho power is going to just raise your base rate anyway. Base rates are ridiculous and do not reflect your USAGE which is what the utility should be about. Strip this company of the right to continue to steal from constituents. "
