---

On June 14, 2024, the Commission conditionally denied Lydia Ferguson’s formal complaint against Idaho Power Company (“Company”), which sought reinstatement of the grandfather status of her solar system that was lost after Ada County took her home under threat of eminent domain. Order No. 36222. The Commission provided Ms. Ferguson with 60 days to submit additional evidence to support her request for exception to the grandfathering rules. The Commission further indicated that, if Ms. Ferguson submitted no additional evidence, it would issue a final order denying her formal complaint.

Ms. Ferguson did not submit any additional evidence to support her formal complaint. Consequently, we issue this order denying Ms. Ferguson’s formal complaint against the Company.

**ORDER**

IT IS HEREBY ORDERED that Ms. Ferguson’s formal complaint seeking reinstatement of the grandfathering status of her residential solar system is denied.

THIS IS A FINAL ORDER. Any person interested in this Order may petition for reconsideration within twenty-one (21) days of the service date upon this Order regarding any matter decided in this Order. Within seven (7) days after any person has petitioned for reconsideration, any other person may cross-petition for reconsideration. *See Idaho Code* § 61-626.
