**FROM: ADAM TRIPLETT  
DEPUTY ATTORNEY GENERAL**

**DATE: MARCH 26, 2024**

**SUBJECT: IN THE MATTER OF LYDIA FERGUISON’S FORMAL COMPLAINT  
AGAINST IDAHO POWER COMPANY; CASE NO. IPC-E-24-13.**

On March 18, 2024, Lydia Ferguson filed a formal complaint with the Idaho Public Utilities Commission (“Commission”) against Idaho Power Company (“Company”). Ms. Ferguson alleges that, on February 28, 2024, Ada County Highway District (“ACHD”) purchased Ferguson’s residence to facilitate construction of an overpass on Linder Road in Meridian, Idaho. Relevant to the Commission’s jurisdiction, Ms. Ferguson further alleges that with the move of the system, she would not be grandfathered into net metering rates established for systems installed before the relevant cutoff date for grandfathering (“Complaint”).

Ms. Ferguson explains that she “was told to contact the Public Utilities Commission to see if [she] could be ‘grandfathered’ due to the fact that” ACHD forced her to move from her home where the system was grandfathered. Complaint at 1. Ms. Ferguson does not expressly state the relief she seeks from the Commission. However, she apparently seeks reinstatement of the grandfather status of her solar system.

### **RECOMMENDATION**

It is recommended that the Commission issue a Summons to the Company directing it to answer or otherwise respond to the Complaint within twenty-one (21) days.

**COMMISSION DECISION**

1. Does the Commission wish to issue a Summons to the Company directing it to answer or otherwise respond to the Complaint within twenty-one (21) days?
