On April 1, 2025, Idaho Power Company (“Company”) applied to the Idaho Public Utilities Commission (“Commission”) for an order authorizing the Company to implement the Export Credit Rate (“ECR”) for non-legacy on-site generation customers from June 1, 2025 through May 31, 2026, and to approve the Company’s corresponding proposed changes to Schedule 6, Residential Service On-Site Generation, Schedule 8, Small General Service On-Site Generation, and Schedule 84, Large General, Large Power, and Irrigation On-Site Generation Service.

On April 21, 2025, the Commission issued a Notice of Application and Notice of Suspension of Proposed Effective Date. The Commission also issued a Notice of Modified Procedure, establishing a public comment deadline of May 15, 2025, and a Company reply deadline of May 22, 2025. A Notice of Customer Hearing was also issued, setting a customer hearing date of May 20, 2025. Finally, the Commission issued a Notice of Public Workshop directing Commission Staff (“Staff”) to hold an in-person, informational workshop for customers taking service from the Company, and to provide customers with an overview of the Application and an opportunity to ask questions about the Application. Order No. 36558. The public workshop was set for May 7, 2025.

At the Commission’s April 23, 2025, decision meeting, Staff presented a decision memorandum recommending that the Commission direct Staff to include an option for virtual participation at the May 7, 2025, public workshop.

Currently, 391 public comments have been submitted regarding the Application and proposed ECR, and, in the best interest of the public, a telephonic option for the May 7, 2025, public workshop should be provided to allow a greater number of customers across the state to attend.

With this Order, we direct Commission Staff (“Staff”) to hold an in-person and telephonic public workshop.

AMENDED NOTICE OF PUBLIC WORKSHOP

YOU ARE HEREBY NOTIFIED that Staff will hold an in-person and telephonic public, informational workshop for customers taking service from the Company at **the Idaho Public Utilities Commission, 11331 W.
