On May 30, 2025, Idaho Power Company (“Company”) applied to the Idaho Public Utilities Commission (“Commission”) requesting authority to increase its rates and charges for electric service to its customers in the State of Idaho and for associated regulatory accounting treatment (“Case No. IPC-E-25-16”).

On July 25, 2025, the Company applied for authority to update pricing elements for all contracts under its Clean Energy Your Way (“CEYW”) Construction Program based on data from the Company’s 2025 Integrated Resource Plan (“Case No. IPC-E-25-24”).

On November 14, 2025, the Commission approved the Company’s Application in Case No. IPC-E-25-24, for authority to update pricing elements in its CEYW special contracts and agreements and ordered the Company to submit revised tariffs that reflect the updated pricing elements, as well as the date and Order Number, as a compliance filing. Order No. 36847.

On November 24, 2025, the Company submitted a Compliance Filing in Case No. IPC-E-25-24 with updated tariffs for Schedules 26, 33, and 62, with an effective date of December 1, 2025. On December 19, 2025, the Commission approved the Company’s tariffs and schedules, as filed, effective December 1, 2025. Order No. 36876.

On December 12, 2025, the Company submitted a supplemental compliance filing (“Supplemental Compliance Filing”) in Case No. IPC-E-25-24, requesting the Commission extend the effective date of the updated tariffs and schedules to January 1, 2026, due to a timing conflict regarding the implementation of the updated pricing elements.

On December 30, 2025, the Commission approved the Company's proposed tariff sheets in Case No. IPC-E-25-16, effective January 1, 2026. Order No. 36892.

On December 31, 2025, the Company filed a consolidated compliance filing ("Consolidated Compliance Filing") in Case Nos. IPC-E-25-16 and IPC-E-25-24 to update the tariff sheets impacted by the Supplemental Compliance Filing and Order No. 36892.

On January 5, 2026, the Commission approved the Company's tariffs and schedules included in the Supplemental Compliance Filing in Case No. IPC-E-25-24, effective January 1, 2026. Order No. 36900.

On January 23, 2026, the Company filed a supplemental consolidated compliance filing ("Supplemental Consolidated Compliance Filing"). In the December 31, 2025, Consolidated Compliance Filing, the included tariffs did not reference Final Order No. 36900, approving the tariffs and schedules included in the Supplemental Compliance Filing that updated the effective date to January 1, 2026. The Supplemental Consolidated Compliance Filing is intended to ensure clear alignment between the Commission's orders, effective dates, and the Company's updated tariff sheets in Case Nos. IPC-E-25-16 and IPC-E-25-24.
