FOSSIL GULCH WIND PARK, LLC FOR)
THE SALE AND PURCHASE OF ELECTRIC)
ENERGY FROM THE FOSSIL GULCH)
WIND PARK)
)

On March 5, 2026, the Idaho Public Utilities Commission (“Commission”) issued Order No. 36956, conditionally approving the energy sales agreement (“ESA”) between Idaho Power Company (“Company”) and Fossil Gulch Wind Park, LLC (“Seller”) for energy generated by the Fossil Gulch Wind Park in Twin Falls County, Idaho. The order required the Company and the Seller to execute several modifications to the ESA and file an updated ESA through a compliance filing. Order No. 36956 at 5.

On May 4, 2026, the Company filed the First Amendment to the ESA through a compliance filing to reflect the modifications required by Order No. 36956.

The Commission now issues this Order approving the Company’s compliance filing submitted on May 4, 2026.

COMMISSION FINDINGS AND DECISION

The Commission has jurisdiction over this matter under *Idaho Code* §§ 61-502 and 61-503. The Commission is empowered to investigate rates, charges, rules, regulations, practices, and contracts of public utilities and to determine whether they are just, reasonable, preferential, discriminatory, or in violation of any provision of law, and to fix the same by order. *Idaho Code* §§ 61-502 and 61-503.

Having reviewed the Company’s compliance filing and Staff’s recommendation, we approve the First Amendment to the ESA included in the Company’s compliance filing of May 4, 2026. According to Staff, the First Amendment to the ESA reflects all Commission-ordered modifications, except for calculating avoided cost rates based on the updated hourly generation profile. Staff stated that the specified generation profile was not available at an hourly level, so “the parties re-calculated the avoided cost rates based on a new 8760-hour generation profile

produced after Order No. 36956 was issued.” Staff Decision Memorandum at 2. Given the unavailability of the generation profile that the Commission directed the parties to use, we agree with the parties that using the new hourly generation profile to re-calculate the avoided cost rate was a reasonable alternative. *Id.*

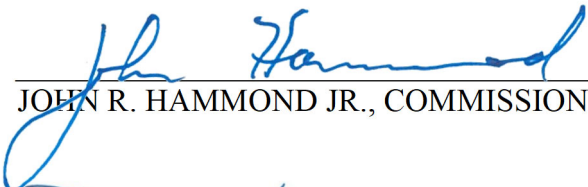

ORDER

IT IS HEREBY ORDERED that the First Amendment to the ESA included in the Company’s compliance filing of May 4, 2026, is approved.

THIS IS A FINAL ORDER. Any person interested in this Order may petition for reconsideration within 21 days of the service date upon this Order regarding any matter decided in this Order. Within seven days after any person has petitioned for reconsideration, any other person may cross-petition for reconsideration. *Idaho Code* §§ 61-626.

DONE by order of the Idaho Public Utilities Commission at Boise, Idaho this 16th day of June 2026.
