

BEFORE THE IDAHO PUBLIC UTILITIES COMMISSION

IN THE MATTER OF IDAHO POWER) TARIFF ADVICE NO. IPC-TAE-24-04
COMPANY’S TARIFF ADVICE FOR)
REVISIONS TO SCHEDULE 54—) MINUTE ORDER
FIXED COST ADJUSTMENT)
_____)

On December 11, 2024, Idaho Power Company (“Company”), filed Tariff Advice No. IPC-TAE-24-04 in compliance with Order No. 36042 (approving a graduated increase in the residential service charge) and proposed revising Electric Service Schedule 54—Fixed Cost Adjustment (“Schedule 54”), to increase the residential service charge from \$10 to \$15, effective January 1, 2025. The Company’s filing included new tariff sheets with recalculated rates for Fixed Cost per Customer (“FCC”), FCC-Dist, Fixed Cost per Energy (“FCE”), and FCE-Dist.

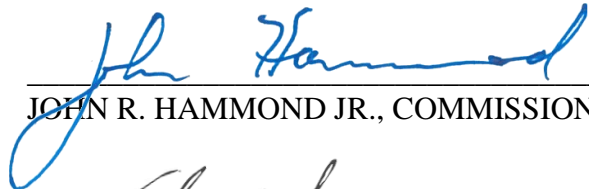

Commission Rule of Procedure 134.02 directs that no tariff advice will be effective unless the public and the Commission have been notified pursuant to applicable sections of Title 61 of the Idaho Code. IDAPA 31.01.01.134.02. Additionally, no tariff advice takes effect on less than 30 days’ notice, “unless the Commission finds good cause to approve the earlier effective date.” *Id.* In this case the Company’s tariff advice was filed less than 30 days prior to its proposed effective date, however we find good cause exists to allow the update to go into effect because the update was required pursuant to the settlement approved in Order No. 36042.

Having reviewed the record and finding the notice of the Company’s proposed Tariff Advice meets good cause exception allowed by Rule of Procedure 134.02, the Company’s Tariff is approved, as filed, effective as of January 1, 2025.
